

IS CHAMPION FROM A KNOCKOUT

San Francisco doctors having examined Champion Jack Johnson's skull by x-rays and otherwise have declared in their opinion he is virtually knockout proof.

The fact remains, however, that Johnson was once knocked out during his career and that when he was put away with a punch to the jaw by Choyinski at Galveston, Texas, on Feb. 25, 1901.

Possibly the 11 years that have elapsed since then, combined with the many miles that he has been through may have tended to increase the thickness of the negro's bone. But true it is.

Here are the opinions of the leading San Francisco experts who have examined the negro:

Dr. E. S. Howard—If Jack Johnson has a skull with an average thickness as stated you couldn't knock him out with a sledge hammer. I have examined thousands of heads however, and never a man who came up to that.

Dr. Henry Harris—The thickness of skull, if generally, would probably serve as a protection against the blow delivered to the point of the chin or to the back of the head.

Dr. T. B. W. Leland—Generally speaking the skull of a negro is thicker than that of a white man. It is quite possible therefore that it would serve as a protection.

Dr. B. F. Alden—As the chin is the most vulnerable point, the thickness of the skull might not be a protection in a boxing match. I have made a study of Johnson, and I am of the opinion that because of the muscles about the chin it would be necessary to land a harder blow on his chin to produce unconsciousness than on the ordinary brain.

Dr. John Galloway—It seems to me that the thickness of the skull would protect the head against a blow except in the case of a fracture. At the same time the jarring of the skull contents would be the same as in the case of a man with a normal skull, and that would have an effect in producing unconsciousness.

Dr. W. B. Coffey—The thickness of the skull might not make any difference. The skull might be thick and at the same time brittle. It might also be abnormally thick in places and thin in other places. Under such conditions the skull might be more liable to damage from a blow. A very thin skull of course, would be more subject to the effect of violence.

THE AGES OF FIGHTERS IN RING TODAY

There was only one Ruby Robert Fitzsimmons. Only one gawky blacksmith, who, at the age of 35, went out and won a world's championship, and for five years successfully defended it.

In the hit and get away game of today a man past thirty is rated as being on the decline of his prowess. He is looked upon in some circles as being an octogenarian. Such a man has not a chance of ever ascending to a title, although one does hold one now—Jack Johnson—but Jack is an exception.

Only five fighters who are now making their living by sticking gloves into an opponent's features are over 30. They are Jack Johnson, Cyclone Johny Thompson, Mike and Jack (Twin) Sullivan, and Jim Flynn. Only two are 30—Jim Driscoll and Rudolph Uhlrich.

Of those past the acknowledged period Thompson is the eldest. Sycamore III, was the first training quarters of the cyclone one 35 years ago. Thompson is the oldest fighter of the present time. However, he didn't start as early as some of his competitors and has only been in active combat nine years.

Quaker connected with the Cyclone's history. A lightweight and welterweight until 25, he turned into a light heavyweight, left registered at 161 pounds.

RESULTS IN THE BIG LEAGUES

CHRISTY MATHEWSON.

Who Was Taken Out of the Box in Yesterday's Game.

"Big Six is right," was flashed to New York and at once the Giants' friends went into ecstasy. Upon Christy Mathewson more than upon any other individual player, perhaps, hangs the fate of the New York team.

Considered the greatest of pitchers, he is expected to win often enough to keep New York up in front during the exciting struggle for the 1911 pennant. Mathewson is probably the best paid player in the game. His salary has been quoted at \$15,000 for this year, but this is probably exaggerated, although his stipend runs in five figures.

Mathewson reported at Marl, Tex., down to weight after a few weeks in vaudeville with his battery mate, Chief Myers. He has shown a growth enough to satisfy the little Napoleon that he is the Christy of old, master of the fade-away ball, with all the old "smoke" on tap.

HARVARD'S CAPTAIN

CAPT. CHICK McLAUGHLIN.

After the fling taken at "Fath Harvard," it is somewhat surprising to find a chap named McLaughlin captain of the varsity nine, but inasmuch as he was the means of handing defeat to Yale upon two occasions, even exclusive Harvard could not do much less.

In one game he drove home the winning run in the eleventh and upon the other he scored two runs in the second inning, that eventually won the game.

Last year McLaughlin played first, pitched and filled in at whatever point a good man was needed. He shines with the stick however, being a dangerous man at any time and especially in a pinch.

A PUGILIST IS FINED \$50 IN HOULTON

Houlton, Me., April 13.—The manslaughter charge against Jack Leon, the Chicago boxer, in connection with the death of Billy Dunning, 24 hours after he was knocked out in a boxing match with Leon at Presque Isle last November, was dropped in the supreme court today.

Leon pleaded guilty to another indictment for engaging in an illegal fight and paid a fine of \$50.

al pounds lighter and running better than he ever did before.

Corkery is about 22 years old, and is a tall, lanky lad, who first came into prominence in Canada by winning a 1 1/2 mile road race in Toronto Dec. 25, 1909, going through half a foot of snow in 1 hour 7 minutes.

Sandy Bealey, the other member of the Irish-American club who will sport the maple leaf, is not so well thought of, although dark horses have been known to upset calculations, as in the instance of Renaud in 1909.

William B. Hathaway of Lynn, who entered for the run yesterday, is a lad of limited experience. In his last race, the 10-mile road race held in connection with the Lynn old-home week celebration, he finished 14th.

Tom Kelly of the North Dorchester A. A., a veteran long distance runner, will again try his luck this year.

BOSTON MARATHON ENTRIES WILL BE LARGEST ON RECORD

Boston, April 13.—As has all along been expected, the entries for the B. A. A. Marathon have been held back until the last week.

Yesterday 25 entries were received for the race, and most of them were from runners who hail from distant parts of the country.

Accompanying the entries of Corkery, McCormick and Begley, of the Irish-Canadian club of Toronto, was a letter from Athol Gow, secretary of the club, in which the latter said that the Irish-Canadian club's representative would leave Toronto for Boston today.

Of the local entries received, that of Joseph M. Lordan, who will represent St. Mary's C.A. of Cambridge, was the most prominent.

Four additional entries were received from New York also, the runners from the metropolis being W. J. Brazil of the Irish-American A.C., Michael Neary of the Y.M.C.A.C.T.A., Alex. Ahlgren and Charles Timmins.
