

NORTH SHORE OFFERS TO SEND A BATTALION

FOUR NORTH SHORE COUNTIES WANT SEPARATE BATTALION UNDER LT.-COL. MERSEREAU

Newcastle, Nov. 10.—If plans do not miscarry the North Shore counties of New Brunswick will soon have a battalion of its own for the European struggle. It will be raised, if permitted, by Lt.-Col. Geo. W. Mersereau, of Doaktown, late head of the 73rd Regiment. This was decided at a public meeting last night, presided over by Mayor Stothart.

The plan was heartily endorsed by Mayor Stothart, Hon. John Morrissey, Hon. Donald Morrison, ex-Mayor C. J. Morrissey, Lt. A. L. Barry, Lt. N. C. MacKay, Capt. L. D. Jones, E. A. McCurdy of the Royal Bank, and Revs. W. J. Bate, P. W. Dixon, S. J. MacArthur, B. J. Murdoch, Wm. Harrison, M. S. Richardson, Rev. Messrs. Richardson, Murdoch and Bate desire to be chaplains in the new battalion, and Lt. Barry and MacKay wish to be commissioned therein.

Lt. MacKay spoke in Campbellton Monday and was heartily supported. Campbellton's resolution passed Monday night, as follows, was endorsed by the Newcastle meeting:

At a representative meeting of the citizens of Restigouche in Campbellton on the 8th day of November instant it was unanimously resolved that whereas Lt.-Col. Mersereau has offered to raise and command a battalion for overseas service from the four counties of Restigouche, Gloucester, Northumberland and Kent, in New Brunswick, and whereas we are in hearty sympathy with this movement and are of the opinion that a battalion can be easily recruited in the above-mentioned territory, therefore we urge upon the Honorable Minister of Militia the acceptance of the offer of Lt.-Col. Mersereau, and further that if such request be granted we will do all in our power to have this project carried to a successful issue.

Mayor Stothart, A. A. Davidson and C. J. Morrissey were appointed a committee to forward a similar resolution to Ottawa.

All the speakers felt sure a battalion could easily be raised and officered here.

Lieut. Good Appointed Signalling Officer with the 104th.

Special to The Standard.

Fredericton, Nov. 10.—Lieut. Allan Good, son of Capt. F. A. Good of this city has been appointed signalling officer with the 104th Battalion, Lieut. Good accompanied his father to Sussex on Saturday last and is now on duty at Sussex where he will remain during the winter with headquarters staff of 104th Battalion.

He is the second of Capt. Good's two sons to enlist for active service. Lieut. Alvah Good being now in France as signalling officer with the 23rd Battalion. He has been recommended as brigade signaller and may assume that position. Lieut. Alvah Good was a student at Provincial Normal School having graduated from Fredericton High School last June. He is the fourth officer of the 71st Regiment to get a commission with the 104th Battalion, the other three being Lieut. Hubert Osborne, Lieut. J. H. Doone and Lieut. Frank Richardson.

GERMANS IN EAST LACK ADEQUATE FOOD AND CLOTHES

Diary Found on Dead Soldier Shows German Troops are Complaining Because of Food Shortage — Terrible Havoc Wrought by Russian Artillery.

Petrograd, Nov. 10, via London.—A note book kept by a German soldier who was captured by the Russians in the sector to the south of Dvinsk shows how the ranks of his company had been decimated in a brief period, presumably by the effectiveness of the Russian artillery. According to the diary the company was mowed off with three days from 285 men to 70.

Trenches were destroyed daily by the artillery fire, the diary records, the occupants of the trenches being buried so deeply that their bodies had to be dug, while the men along the firing line were compelled to work the entire night restoring the destroyed trenches. His note book had entries complaining of lack of adequate clothing and also an insufficiency in the food supply.

OIL CARGO AFIRE, NEW MINISTER NO HOPE FOR ITALIAN SHIP OF RAILWAYS IN RUSSIA

Galveston, Texas, Nov. 10.—The Italian steamship Livietta from Port Arthur for Buenos Ayres, with a cargo of oil, is in flames about sixty miles off Sabine Bar. The crew was taken off shortly after midnight by the tug Russell. Little hope is entertained that the ship will be saved. Efforts were made to get the steamer into shoal water but extreme heat made the task difficult.

According to reports received here the fire broke out in hold 3 yesterday afternoon. There is no foundation as to how it started.

The Livietta, 1,700 tons, sailed from Genoa for Port Arthur October 4 and had sailed from Port Arthur for Buenos Ayres yesterday.

REFUSES TO REOPEN FREIGHTS RATE CASE

Washington, Nov. 10.—Applications of the western railroads for a reopening of the advance freight rate case were denied today by the interstate commerce commission.

Petrograd, Nov. 10, via London.—The retirement of S. V. Rukhloff, minister of communication, is announced. He was without technical qualifications for the post, and it is expected that with the appointment of a successor having such qualifications an improvement in the Russian railroad transportation system will be experienced.

LOOKING FOR WORK

Everywhere men complain about work; even boys and girls in school or business find work tedious and irksome, but it isn't the work half so much as their own lack of physical strength that makes it hard.

Rich blood, strong lungs and healthy digestion make work pleasurable in business, in school or even housework, and if those who are easily tired—who are not sick, but weak and nervous—would just take Scott's Emulsion for one month and let its pure concentrated food create richer blood to pulsate through every artery and vein—it will build a structure of healthy tissue and give you vigorous strength—you would find work easy and would look for more. Insist on Scott's.

FIRE IN BETHLEHEM STEEL PLANT DUE TO CROSSED WIRES

Loss to plant and supplies estimated at one to four million dollars.

South Bethlehem, Penna., Nov. 10.—The fire which virtually destroyed the number 4 machine shop of the Bethlehem Steel Company here today was finally extinguished this afternoon after causing damage estimated at \$1,000,000 to \$4,000,000. The company has not yet issued any statement as to the loss, and the estimate was made by persons not connected with the plant after viewing the damage.

The company issued a statement that the fire was due to a crossed electric light wire circuit which ignited oil in the boring mill.

ARRESTED FOR SMUGGLING OPIUM

Boston, Nov. 10.—Joseph Amena, a storekeeper on the British steamer Canadian, and Hugh J. Beck and Edward Perry, of this city, were arrested today on a charge of being concerned in the alleged smuggling of opium. The federal authorities claim that on the Canadian's last trip here from Liverpool, opium valued at \$35,000 was smuggled ashore.

ZEPPELIN VISITS BULGARIAN CAPITAL

King Ferdinand considers occasion one of happiest moments of his life.

Berlin, Nov. 10, via Sayville.—The arrival at Sofia of a German Zeppelin after an eight hour voyage from Temesvar (in Hungary, 72 miles northeast of Belgrade), across southern Hungarian, northeastern Serbia and northwestern Bulgaria, is reported in a despatch from Sofia, given out by the Overseas News Agency.

"The Zeppelin had the Duke of Mecklenburg on board," says the despatch, "the airship was visited by King Ferdinand directly after its arrival. The king was accompanied by members of the ministry and an immense crowd had assembled to greet the German fleet."

"This is one of the great moments of my life," King Ferdinand exclaimed as he welcomed the crew of the airship and its distinguished passengers.

"The Zeppelin, after virtually all Sofia had visited and admired it, started on its return voyage."

SAYS ITALIAN THIRD ATTACK IN ISONZO FAILED

Tenton report claims Italians sacrificed thousands of men in vain.

Berlin, Nov. 10, via wireless to Sayville.—"The third Italian offensive in the Isonzo district can be considered to have definitely failed," says the Cologne Gazette correspondent at Austro-Hungarian headquarters as quoted by the Overseas News Agency, "since only feeble attempts to advance are still being made by the Italians. During this last struggle the Italians have suffered immense losses, besides having had 5,387 men captured, among whom were 105 officers.

The Italian sacrifices in killed, wounded and prisoners have all been in vain, the Austro-Hungarians have maintained all their positions."

EASY TO DARKEN YOUR GRAY HAIR

You can Bring Back Color and Lustre with Sage Tea and Sulphur.

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and troublesome. For 50 cents you can buy at any drug store the ready-to-use tonic called "Wyeth's Sage and Sulphur Compound." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and, after another application or two, your hair becomes beautifully darkened, glossy and luxuriant. You will also discover dandruff is gone and hair has stopped falling.

Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur and look years younger.

MOTHER OF SCHOOL GIRL

Tells How Lydia E. Pinkham's Vegetable Compound Restored Her Daughter's Health.

Plover, Iowa.—"From a small child my 13 year old daughter had female weakness. I spoke to three doctors about it and they did not help her any. Lydia E. Pinkham's Vegetable Compound had been of great benefit to me, so I decided to have her give it a trial. She has taken five bottles of the Vegetable Compound according to directions on the bottle and she is cured of this trouble. She was all run down when she started taking the Compound and her periods did not come right. She was so poorly and weak that I often had to help her dress herself, but now she is regular and is growing strong and healthy."—Mrs. MARTIN HELVIG, Plover, Iowa.

Hundreds of such letters expressing gratitude for the good Lydia E. Pinkham's Vegetable Compound has accomplished are constantly being received, proving the reliability of this grand old remedy.

If you are ill do not drag along and continue to suffer day in and day out but at once take Lydia E. Pinkham's Vegetable Compound, a woman's remedy for woman's ills.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

ALL PARCELS SENT TO SOLDIERS SHOULD CONTAIN ZAM-BUK

A man from the front made this remark the other day, and extracts from many letters we have received from the firing line and from Canadian camps bear this out.

Sapper G. T. Webster, 2nd Field Co., Canadian Engineers, writes: "We find Zam-Buk of great benefit here in camp for sores, cuts, bruises, sprains, etc. I would not be without it."

Corp. J. C. Premlin, 10th Field Ambulance, writes: "I have found Zam-Buk a great remedy for foot-soreness and also for rheumatism. A box I received the other day was shared amongst us and used up in a few minutes."

Lance-Corp. Delaney, 2nd Royal Irish Regt., who has been awarded the Distinguished Conduct Medal, writes: "Zam-Buk out here is like a loaf of bread to a starving man. We had a forced march of 37 miles, and not a man who used Zam-Buk on his feet fell out."

Serjt. F. Bremner, 8th Canadian Mounted Rifles, writes from Barlefield: "Zam-Buk has proved most valuable for cuts, sores, blisters, etc. It has been a true friend, and we never fail to include it in our kit."

Private Johnson writes: "Mrs. — offered to send me a rug. I have written to tell her to send out Zam-Buk instead. It will be of far more use."

For sore feet, chafed places, scalp sores, barbed wire scratches, cuts, abscesses, cold sores, chapped hands, etc., Zam-Buk is a veritable marvel. It stops the pain and heals so rapidly. Here it costs but 50c. per box. Out at the front to your friends in the trenches and engaged on communications, it is priceless. Send a few boxes in your next parcel. Remember also that for similar injuries sustained at home it is just as good.

HOW TO PREVENT ACID STOMACHS AND FOOD FERMENTATION

By a Stomach Specialist.

As a specialist who has spent many years in the study and treatment of stomach troubles, I have been forced to the conclusion that most people who complain of stomach trouble possess stomachs that are absolutely healthy and normal. The real trouble, that which causes all the pain and difficulty is acid in the stomach, usually due to, or aggravated by, food fermentation. Acid irritates the delicate lining of the stomach and food fermentation causes wind which distends the stomach abnormally, causing that full bloated feeling. Thus both acid and fermentation interfere with and retard the process of digestion. The stomach is usually healthy and normal, but irritated almost past endurance by these foreign elements—acid and wind. In all such cases—and they comprise over 90 per cent. of all stomach difficulties—the first and only step necessary is to neutralize the acid and stop the fermentation by taking in a little warm or cold water immediately after eating, from one to two teaspoonfuls of bisulphated magnesia, is no doubt the best and only really effective antacid and food corrective known. The acid will be neutralized and the fermentation stopped almost instantly, and your stomach will at once proceed to digest the food in a healthy, normal manner. Be sure to ask your druggist for the bisulphated magnesia as I have found other forms utterly lacking in its peculiarly valuable properties.—F. J. G.

A Simple Way To Remove Dandruff

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, common liquid arvon from any drug store (this is all you will need), apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

Simple Way to Have Beautifully Wavy Hair

Lustrous, fluffy, wavy hair plays an important part in the scheme of beauty. A lustrous hair should be used to give the desired wavy effect, for it destroys the life, lustre and softness of the hair. It is better to use plain liquid salmerine, which curls the hair more effectively, more lastingly, and at the same time keeps it beautifully soft, light and glossy. It is a simple thing to apply the liquid before retiring, using a clean tooth brush for the purpose and drawing this down the hair from root to tip. Very different from the tressings, fussy, odorous curling iron methods.

Pure salmerine in liquid form may be found in any drug store and a few ounces will last a very long time. It is neither sticky nor greasy and leaves no sediment, spots or streaks. The hair will be quite manageable, no matter what the style of coiffure.
