

# CAMPAIGN IN EAST PRUSSIA CONTINUES IN FAVOR OF RUSSA; MORE GAINS REPORTED

## NO NEED FOR CANADA TO WORRY OVER GERMAN ATTACK IS THE OPINION AT OTTAWA

Dominion Safe From Naval Attack for Long Time, Authorities Believe—Provisions Made for Adequate Protection—Japanese Consul Advises Against Indiscriminate Publishing of Information Which Would Help Enemy.

Special to The Standard  
Ottawa, Nov. 4.—Canada is safe for a long time to come from German attack on either the Pacific or Atlantic coasts. This is the view of the authorities here. The German victory on the coast of Chile over the small British squadron has evidently caused keen anxiety throughout the country, and many inquiries have been received at Ottawa by the government. But there is nothing of pessimism to be observed in Ottawa. Victoria, Vancouver and Prince Rupert are not regarded as in any danger whatever. The defenses on the Pacific are described as adequate to deal with the German squadron of six vessels all told.

In Canadian home waters there are the Rainbow and the Shearwater, as well as land defenses, but in addition to this the approaches by sea are all mined and an enemy's vessel could not get into the open stretch between Vancouver Island and the mainland. The mine fields will take care of that, unless the German spies who are known to have been busy on the Pacific coast, have succeeded in getting charts of the mine fields. Also there are two first class submarine vessels which the Canadian government purchased just before the beginning of hostilities.

But there are other agencies which the Germans will have to reckon with. There is the Australian squadron which is somewhere in the Southern Ocean. Its strength is not known accurately, but it is certain that it is far greater than the two dreadnaughts, and that it includes two German cruisers. It is faster than any of the German vessels and can account for them all as soon as they get in contact. Beside the Australian squadron, there is the British China squadron, another heavy fighting force, although part of it is now engaged in the fighting at Kia-Chow in conjunction with the Japanese.

There are the Japanese themselves, that great navy which defeated the proud ships of Russia a few years ago.

It is therefore apparent that the German fleet is likely to venture north. The hostile ships they would have to encounter would be too numerous and powerful to withstand.

The fact that the German fleet was able to defeat the three British cruisers caused no surprise to the naval service department here. The British cruisers were inferior, either in speed or in armament, while the British guns are only effective at four miles. There were but three vessels against five. The broadside fire of the British trio was 26 guns firing shells weighing 2,815 pounds, while the broadside of the German quintette was 33 guns firing shells weighing 4,425 pounds.

Thus the German superiority in shell fire was 69 per cent.

## WAR OFFICE REPORTS

### FRANCE

Paris, Nov. 4, 11 p. m.—The war office this evening made public the following official communication: "There is no important modification in the situation to report. In the north we have made slight progress toward Messines. To the east artillery duels at several points of the front have taken place without any great results, notably at the west of Lens, between the Somme and the Ancre, in the Argonne and in the forest of Apremont."

### BELGIUM

Havre, Nov. 4.—The Belgian official statement, tonight says: "It is officially announced that the heroic rescue of our troops on the Yser, and the successful intervention of detachments of the Allies, caused considerable losses to the Third and Twenty-Second Reserve Corps of the enemy, and mowed them down to the extent that their check amounts to a real disaster."

"To the south of the Yser, the Twenty-Third German Reserve Corps was obliged to give ground before the offensive of the Allies. To the east of the Yser and Ypres, between Bixchoote and Zonnebeke, the situation has not been modified."

"Between Zonnebeke, Wytschaete and Messines, the Allies, despite furious attacks of the enemy, maintain all their positions. In the region of Armentieres and south of the Lys, the action is confined to intermittent cannonading."

### GERMANY

Berlin, Nov. 4, via London, 5:04 p. m.—An official communication was given out at German army headquarters today as follows: "Our attacks on Ypres, to the north of Arras, and to the east of Soissons, are progressing slowly but successfully. South of Verdun, in the Vosges, French attacks have been repulsed. In the eastern arena of the war there have been no material developments."

An Austrian report received here says the Austrians, having maintained their positions on Lysa Gora, Southern Poland, on which the Germans and Austrians had pivoted to enable the rest of their army to complete a sweeping half-wheel movement to a new line, are now retreating. No information concerning this new position is published here.

NO FEAR OF SENDING TOO MUCH TO BELGIANS.  
London, Nov. 4.—Herbert C. Hoover, chairman of the American Belgian Relief Commission, today received a statement signed by the American and Spanish ministers in Brussels to the effect that the minimum monthly requirements for the Belgian population will be sixty thousand tons of grain, fifteen thousand tons of maize and three thousand tons of rice and peas.

Chicago, Nov. 4.—The Chicago Union Stock Yards, the largest cattle market in the world, which has been in continuous business since 1865, tonight was ordered closed for several days because of the prevalence of the hoof and mouth disease among cattle.

## CZAR REWARDS HEROES WHO GIVES GROUND BEFORE ALLIES' ATTACKS

Visits Hospital and Confers Medals of Order of St. George on Several of Injured Soldiers.

Petrograd, via London, Nov. 4, 11:50 p. m.—Emperor Nicholas stopped at Minsk, capital of the Government of Minsk, today on his way to the battlefield. He attended a service in the Cathedral, and visited the hospital, where he conferred medals of the Order of St. George on many wounded soldiers.

Early this afternoon the Emperor resumed his journey, amid enthusiastic cheers from large crowds in the streets.

## SUFFRAGETTES JOYFUL OVER VICTORY OF "CAUSE" IN TWO OF STATES

Chicago, Nov. 4.—Woman suffrage leaders rejoiced tonight when delayed returns indicated the votes for women had been apparently granted in two of the seven states voting on the question in Tuesday's election, with a third state in doubt. First returns had indicated refusal of the franchise to women in all seven states concerned.

Montana and Nevada, according to the latest returns granted, showed such a small vote against the proposal that the women claimed the state. Missouri, Ohio and North and South Dakota refused to grant equal suffrage, the majority against granting the franchise to women increasing with the size of the population concerned.

In Montana, where workers of the American Woman Suffrage Association made heroic efforts to win the ballot, the vote was so close that the official count will be necessary to decide the outcome.

Thick, Glossy Hair Free from Dandruff  
Girls! Try it! Your hair gets soft, fluffy and luxuriant at once.

If you care for heavy hair, that glistens with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Dandergin.

Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff, you cannot have nice, heavy, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots famish, loosen and die; then the hair falls out fast.

If your hair has been neglected and is thin, faded, dry, scraggy or too oily, get a 25 cent bottle of Knowlton's Dandergin at and drug store or toilet counter; apply a little as directed and ten minutes after you will say this was the best investment you ever made.

We sincerely believe, regardless of everything else advertised, that Dandergin is soft, lustrous, beautiful hair and lots of it—no dandruff—no itching scalp and no more falling hair—you must use Knowlton's Dandergin. If eventually—why not now?

FOOT AND MOUTH DISEASE WILL CURTAIL MEAT SUPPLY IN STATES  
Washington, Nov. 4.—The worst outbreak of foot and mouth disease ever known in the United States is the Department of Agriculture's estimate of the live stock epidemic which has forced Federal quarantine over six states, and threatens a temporary reduction of the nation's food supply.

An emergency appropriation by Congress may be required to finance the campaign to suppress the epidemic. New York and Maryland were added to the list of quarantined states today.

The list of states now quarantined by Federal authorities includes New York, Maryland, Indiana, Michigan, Illinois and Pennsylvania. In addition to these, restrictions have been placed upon Ohio, although no cases have as yet been found in that state. This outbreak, which is the first in the United States since 1898, is regarded as the most serious of any that the United States has yet experienced, so an official statement issued by the Department of Agriculture states.

Word was received at Windsor, N. S. on Tuesday of the death at Ottawa of George Martell, a son of Ven. Archbishop and Mrs. Marcell of Kings College. He was employed in the customs department at Ottawa. He is survived by his parents and one son, Rev. W. R. Martell, at present stationed at New Germany, N. S.

(Continued from page 1)

The official reports of the fighting on land, as issued today, recorded only advances at various points, and repulses of enemy attacks at others. There is, in fact, no great change in the situation, according to these reports. It is definitely announced that the Germans have given up their positions along the Yser, having been driven out there by the flooded country and the gun fire of the Allies' lines.

The Germans, however, have kept up their attacks on the Allies' lines around Ypres, where the British troops are fighting. Although there is evidence that the new main effort of Emperor William's forces to break through at this point has not yet really commenced, the Germans continue to bring up reinforcements and, under the eyes of the Emperor, are preparing to make another big attempt to get through to the coast.

Military men here say that the Allies have just as good means for bringing reinforcements to their lines as have the Germans, and express confidence that a new attack will prove as fruitless as previous ones. The Indian troops and the pick of the English territorial forces have distinguished themselves in the fighting, and come in for some compliments from General French.

For the trend of events on the East Prussian frontier, reliance has to be placed entirely in the Russian reports, as the German headquarters of Bridgewater is acting as a Petrograd retort to the German offensive movement from East Prussia, and the Germans are now retreating across their own frontier, leaving large quantities of arms and ammunition behind them.

In Poland, still, according to the Russians, the Germans are continuing to fall back, while further to the south the Russians at last have the Austro-German lines, forming their right wing, on the move and have occupied the important towns of Kielce and Sandomir and taken 200 officers and 1,500 men and several dozens of guns and machine guns.

OTTOMANS IN PARIS WON'T FIGHT WITH TURKEY.  
Paris, Nov. 4, 7:15 p. m.—A statement signed by a number of Ottomans, and made public here today, says the Turkish colony in Paris disavows the policy of the governing party in Turkey, which represents neither the sympathy nor the opinion of the country, and that the colony here absolutely refuses to take up arms against the Triple Entente whose success is most fervently desired.

Amsterdam via London, Nov. 4, 11:55 p. m.—A despatch to the Telegraph from St. Louis, says: "Heavy gun firing is heard in the triangle of Dixmude, Roulers and Ypres indicating that a severe battle is raging in that neighborhood. It is believed that the Germans now will attempt to break through the lines there and force their way by way of Ypres to Dunkirk but that they will find it very difficult to cross the morasses in the vicinity of the upper Yser caused by the inundations."

EPIDEMIC THREATENS IN ANTWERP.  
London, Nov. 4, 11:40 p. m.—A despatch to the Exchange Telegraph Company from Rotterdam says: "Antwerp doctors predict an early epidemic, owing to the fact that the available water supply comes from the River Nethe, which is contaminated by the bodies of many slain soldiers."

The rebuilding of the reservoirs, which were destroyed by the bombardment, has not been permitted. Willemstad, Curaçao, Nov. 4.—It is rumored that the German cruiser Karlsruhe has sent a wireless message asking permission to take on coal here, but that the Colonial government has refused to grant permission. An order prohibits the coaling of belligerent warships here, and coal exportation is forbidden. Merchant steamers are only allowed enough coal to fill their bunkers.

MAYOR OF MONTREAL HEARS OF PROPOSED RAID BY GERMANS  
Anonymous Letter Says Half-Million Organizing in United States to Cross into Canada.  
Toronto, Nov. 4.—Warned about nine o'clock tonight that five men were acting suspiciously on top of the Grand Trunk subway, at the second entrance to High Park from the Lake Shore road, Mounted Officer Hanson succeeded in stopping what is believed to have been an attempt by foreigners to blow up the subway and wreck a number of trains.

High Park and the country for miles around was secured for hours without finding any of the men. Just what damage was done to the railway tracks the police would not say, but it is understood that they had been tampered with.

DIED.  
MILLER—Suddenly, at his late residence, 87 Douglas avenue, on Wednesday, 4th inst., Charles Miller, aged 55 years, leaving a wife, three sons, his mother and one brother to mourn.

Funeral on Friday, with services at 2 o'clock at his home. No flowers by request.  
WHELPLEY—In this city, on the 4th inst., Mrs. Evelyn E. Whelpley, wife of David W. Whelpley, aged forty-four years, leaving besides her husband, one son and one brother.

Funeral from her late residence, 139 Adelaide street, Friday at 2:30 p. m. Friends invited to attend.  
DAVIDSON—At Anagnone on Nov. 2nd, Emma, widow of Henry Davidson, aged 81 years, leaving four sons and four daughters.

Funeral was held on Wednesday, November 4. (Boston papers please copy.)  
HALPIN—Suddenly at Calgary, Alta., on October 31st, Patrick James Halpin, third son of John and Catherine Halpin, leaving his wife, one son, father and mother, one brother and two sisters to mourn their loss. Notice of funeral hereafter.

Black and Colored Silk Velvet Hats in all the most popular models, worth from \$5.00 to \$10.00 each, Sale price only \$2.00 each.  
Black Silk Velvet, 22 inches wide, easily worth \$2.00. Our price, while it lasts, only \$1.25 a yard.

MARR'S  
THE HOUSE FAMED FOR MILLINERY  
1, 3 and 5 Charlotte Street

ELECTION CASE IN NOVA SCOTIA  
Baddeck, N. S., Nov. 4.—The Victoria election case is being heard in the court house here before Mr. Justice Russell. James A. McLean, K. C., Leod's chief counsel with H. P. Duchemin of Sydney as associate. Mr. Lovett, D. D. McKenzie, M. P. and W. B. McCoy of Halifax are appearing on behalf of the petitioner. When court opened this morning at ten o'clock Mr. McLean renewed his motion made in chambers at Halifax to strike out certain particulars not in conformity with the other. The application will be taken up as each set of particulars is called. Mr. McLean also brought down a notice previously served upon Mr. Lovett that the respondent would not oppose the petition insofar as the vacating of the seat was concerned inasmuch as an overzealous supporter had conveyed an infirm voter to the poll on election day. Mr. McLean called a witness to prove this allegation. This motion for the time being stands over and the petitioner proceeded to call witnesses in an attempt to disqualify Mr. McLeod.

FIFTY THOUSAND IN GHENT IDLE AS RESULT OF GERMAN ORDER  
Amsterdam, via London, Nov. 4.—The Nieuws Van Den Dag says it learns that Field Marshal Baron Von Der Goltz, German military governor of Belgium, advised the Bugmaster of Ghent that all the raw materials in the factories must be sent to the Germans. "This order," the newspaper says, "resulted in fifty thousand men being thrown out of work and Governor General Von Der Goltz permitted the civil guard to be assembled in order to prevent disturbance."
