Dr. and Mrs. Turner celebrated their twenty-fifth wedding anniversary Christmas evening at their residence, about fifty guests participating in the function. Following refreshments W. S. Tompkins was elected chairman, and very acceptable programme was carried out.

The presents were costly and numerous. Among them much admired was a chest of silver with ivory handles from their friends in Meductic. The party broke up with cheers for the Doctor and Mrs. Turner and every one present pleased with the entertainment.

One part describes a little drugless mechanical vitalizer, which I make and distribute, but whether or not you wish to use one of these vitalisers is for you yourself to determine. However, aside from anything it contains in reference to my vitalizer, the book should be read by all for its own real worth. Therefore, please use free coupon below.

SANDEN, Author.

Reader, the whole world is today alive to the importance of a better general understanding of sex hygiene. The much discussed science of dugencies is teaching the great mass of people that strong, healthy, rugged parents beget equally sturdy children.

Manhood, no matter where or in what condition of life we find it, is the single power that most fascinates both men and women. The one who radiates this manly influence, this result of a vigorous, sturdy nerve force, is the one who forges to the front, while weaker people stand aside.

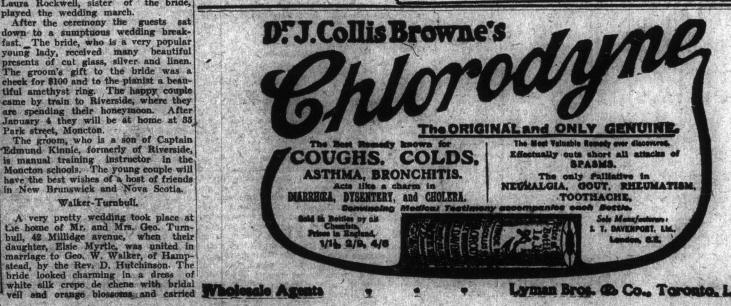

It is my opinion that any man may hope for a complete restoration of his manhood and vigor if he but make up his wind that he WILL conquer him—
