Scott Government Narrowly **Escapes** Defeat

LIBERAL MAJORITY SMALL

GOVERNMENT CLAIMS 22 SEATS WHILE OPPOSITION HAS CAR RIED 18-CHANGE OF TWO RID-INGS MAY MAKE RESULT A TIE.

(Special to The Daily News.) REGINA, Aug. 15-Returns received

here up to 2 a.m. today indicated that the government had carried 22 seats and the opposition 18 in the general elections

for the province, which were held yes terday. Owing to the great extent of territory covered, it is not easy to ob-tain definite information with regard to several of the constituencies and it may several days before the final result is known. Sumcient information is now available to demonstrate that the Scott government, which sought a renewal of confidence, has had an extremely close call, and it is by no means out of the woods. A change of two ridings would make the result a tie and as some of the majorities were small, this is' by no means unlikely. On the other hand there

means univery. On the other hand there will show gains for the government which would, in that event, be in a compara-tively safe position. The contest was vigorously conducted and in some ridings there was much bit-cases. Destionely was this the case terness. Particularly was this the case in Regina, where charges of graft made by premier Scott, against H. W. Laird, the provincial rights candidate, resulted the provincial rights candidate, resulted in a criminal action which is now before the courts. The government made its campaign largely on the strength of gen-erous promises of additional railways within the province and this item car-ried some weight with electors in rural districts, who think that local administradistricts, who think that local administra-tions can transform the railway situa-tion by a wave of the hand. The opposi-tion made a great fight, and there is no doubt that its course met with the ap-proval of the electorate. The aggressive tactics of two governments, fortified by well oiled elector machine and assist-

a well oiled election machine and assist by a host of officials and other ed by a host of officials and other "workers" prevented a clear expression of opinion, and to this combination Mr. Haultain, the opposition leader, attrib-utes his failure to dislodge the Scott ad-

ministration. The returns tell the old story of libera the returns tell the old story of liberal strength in the new districts, where the activity of the government officials was most noticeable. The recent redistribu-tion provided for 41 seats, as against 25 in the term of the seats of the s in the last house, and a majority of the new ridings were carried by the govern-ment. The old districts gave renewed evidence of their confidence in the Haul-tain policy, and the opposition made

gains there. gains there. The defeat of the minister of agricul-ture, Hon. W. R. Motherwell, in North Qu'Appelle, was a feature, and the de-cisive victory of J. F. Bole, liberal can-didate in Regina city, over H. W. Laird, was another interesting development. Hon. J. A. Calder, minister of education, incomendate here, lost his sect in Mile. is reported to have lost his seat in Mile-stone and the result there is much in

WERE DROPPED ON ALL BUT GUARANTEED STOCK

ESSION WAS THE CAUSE

MONTREAL, Aug. 14-Discussing the

assing of the Grand Trunk dividends, Charles M. Hays made the following statement tonight: "The dividends of the Grand Trunk are

of course paid out of the balances of the surplus earnings available for that pur-pose and at the end of June there was not sufficient balance to declare a dividend upon anything but guaranteed stock. It is, however, expected, that the earnings of the second six months, which is the heavy portion of the year, will be at least sufficient to permit of a resump-tion of dividends on the first and second

preferred stocks. "And to what do you attribute the reduction in earnings?" "To the same causes which have led so many American railroads to either pass

or reduce their dividends. That is the heavy depression in business and the in-ability of the railways to curtail their expenses correspondingly. We are all doing less business than last year but the

rates of payment to our employees are higher than last year, while the cost of fuel and supplies of all sorts has not gone down with our earnings. With regard to the general situation, Mr. Hayes said: "I do not regard the half year ording in June as indicating half year ending in June as indicative of the full year's earnings, as it is always the light half of the year and we shall not get into the business caused by the

handling of the crops for nearly a month yet. With the big crops that are promised and the prospect of an increase in general business consequent thereon, I look for a much better six months from all points of view than that ending June 30, which compelled the Grand Trunk to drop its dividends on all except its guaranteed stock."

AMERICANS IN JAPAN FEAR LOSSES IN TRADE IF FEELING AGAINST JAPS AGAIN SHOWS IN THE STATES - OKUMA MAKES QUALIFICATIONS.

rise of the Japanese to the importance of a world power, is arousing intense indignation and has caused a complete recrudesence of anti-Japanese senti-ment throughout America. The New York papers are quoted as editorially urging an American-Chinese alliance, for the purpose of offsetting the belligerence of the Japanese. The newspaper is quoted as giving the views of Wu Ting Fang, Chinese minister to the United States, on the subject of an alliance, in which he threatens Japan with "an early evi-dence of the real power of the Ameri-can navy."

They believe that the special despatches ex-aggerate the tone of the New York news-papers and it is felt that it is particu-larly unfortunate that at this time any-thing should be permitted to retard the friendly relations of the nations, in view of the elaborate arrangements on foot among the Japanese to welcome the American fleet and the growing cordial-ity exhibited on all sides towards Amer-icans. American business men espe-cially, regret the publications because the revival of the anti-Japanese propa-ganda in America will undoubtedly af-ford gratification to the competing countries represented here and also se-riously damage American trade. Count Okuma's frequent uterances do not create a ripple here, and his most re-cent one was passed quite unnoticed by foreigners until the specials announced the outcry of the American papers. Count Okuma is regarded here as a doctrinaire politician, who is now com-pletely without political influence ex-cept in academic circles.

Maxwell Smith on Lanigan's Statement

FRUIT LANDS PROFITABLE

ANDSOME RETURN CAN BE GOT EVEN IF \$500 AN ACRE WERE EXPENDED - COMPARISON IS FAVORABLE WHEN MADE WITH WHEAT LANDS.

(Special to The Daily News.) VANCOUVER, Aug. 14 — Dominion fruit inspector Maxwell Smith this morn-ing entered an emphatic protest against Lanigan's interview regarding the high valuation of fruit lands. He claimed that

valuation of fruit lands. He claimed that on a conservative estimate the revenue from orchards on the outlay now de-manded for fruit ranches would return a handsome profit. He says fruit lands in the province pay from \$50 to \$1200 per acre according to cultivation; \$150 an acre was a common net return and taking the cost of the land at the present valuations, clearing, plant-ing, \$500 an acre in all, the showing was excellent.

excellent. Regarding quick returns, the extensive cultivation of strawberries brought good revenue shortly after clearing. Mr. Smith says while it may take a large sum to operate an extensive fruit ranch, men with limited means can, at the pres-ent prices of land enter the business with as good prospects as on the prairie.

TWO GERMAN DIRIGIBLES

Successfully Manoeuvre Over Berlin Yesterday

BERLIN, Aug. 14—The new Parsival dirigible balloon, which is patterned on the flexible system, made its first ascent from Tegel field late this evening. The airship carried five passengers. Experi-ments with the steering gear to prove its stability were carried out at an al-titude of 750 feet. The ascension was in every way successful. The airship will be fully inflated to-morrow in preparation for a 12 hour

The airship will be fully initiated to morrow in preparation for a 12 hour journey which is necessary before it is taken over by the government. A military steerable, semi-rigid system balloon cruised over Tegel while the Parsival airship tests were being made and then disanneared. The two dirichles and then disappeared. The two dirigibles manoeuvering close together created a remarkable impression on the spectators.
