ISSUE DEBENTURES, BOARD OF EDUCATION

No. 1 Committee Sanctions \$24,000 at Request of the Trustees for School Equipment.

The issue of debentures amounting to \$24,000 sanctioned by No. 1 committee of the city council last night in accordance with the request of the board of education is comprised of amounts needed for permanent equipment in the city schools. Approximately \$7,000 is for the purchase of school desks for the public schools while the balance is divided between the collegiate institute and the Technical School. The issue is a ten year one.

The amounts included in the debentures had previously been included in the board of education's estimates, but when the council demanded that the estimates be trimmed the board took advantage of the departmental regulations which permit permanent equipment of schools to be purchased by debentures and asked the council to issue debentures for this purpose. The transfer, however, had little effect on the total required by the board to meet its current expenses or on the ultimate civic tax rate.

BANK MANAGERS DO NOT FAVOR SCHEME OF ALDERMAN HARLEY

Not Practical To Keep Banks Open On Saturday Night, They Claim.

Ald. F. E. Harley's suggestion that the banks might in the interests of the workingman, who draws his pay on Saturday, open on Saturday nights to permit him to deposit his spare cash in safety is not looked upon by local bankers as a practical scheme, and Mr. Harley's plan that it would be another source of discouragement to holdup men is viewed as being unduly alarmist when the actual number of such cases is compared with the very large number of cases in which the banks are open on Saturday night. R. W. Travers, manager of the Bank of Montreal, in reply to a question, stated that such a policy as suggested by Mr. Harley would have to be considered by the local clearing house. He also expressed the opinion that such a proposition was not at all likely to meet with the approval of either the management or staffs of the banks "which are already overworked." Other bank managers expressed similar opinions.

WOMEN REFUSE TO RE-NAME OF REVISION OFFICERS; INSIST SEEING NAMES ON LISTS

Dear Delightful Females of the Species Politely and Firmly Ask To Be Shown Their Names in Black and White—Work Proceeds Merrily On.

Since the opening of the courts of revision sitting in each of the four wards for the purpose of adding names to the voters' list, grand total of 569 who did not vote in 1919, have qualified to vote during the Canada Temperance Act referendum on April 13. A total of 62 names were added to the lists this morning by the different courts.

The number of persons registering are still greatly outnumbered by those who have answered false alarms and by those who seek merely to be sure that their names are among the favored. As an illustration of the number of persons applying for information and of the number who received cards stating wrongly that their names were not on the list, an official in charge of one of the courts said that although more than 100 persons were waiting when the court opened at noon on Wednesday, one hour and twenty minutes had passed before a single name was added to the list.

In several occasions men and women have presented themselves before the courts with list composed of a score of names seeking to find if they were already on the list. Although the officials are willing to assist any one in cases like this it requires much work and delays the work of registration. One case was cited where a woman who had moved six times during the past year came to register. Every address was hunted up in turn, and in the end her name was found among those who voted in 1919.

NOON HOUR MUSICAL.—R. P. Liddle, industrial secretary of the "Y," conducted a musical of the "Y," in the Chamber of Commerce in connection with the noon hour musical. The results will be made public on Saturday.

S. A. FOR WATERLOO.—Staff Captain Ritchie of the local command of the Salvation Army will conduct missionary service in Waterloo next Sunday. There is no branch of the army in that town, but it was intimated that one would be formed in a short time. Captain Ritchie will speak to a mass meeting in the evening.

TWO CASES OF SMALLPOX.—Smallpox is not causing any concern in the city at the present time, Dr. W. S. Downham, medical officer of health, said. Only two cases were reported during the month of March. One was a case of chickenpox were discovered, 8 of diphtheria, 8 measles, 3 mumps, 2 scarlet fever, 2 erysipelas, 1 whooping cough, 1 cerebro-spinal meningitis, and 1 of the virus of venereal disease, a total of 49.

DECREASE IN BANK CLEARINGS.—A decrease of \$1,023,159 in the bank clearings for this month, in comparison with the corresponding month of last year, is reported by the Bank of Montreal. The clearings for the month of March were \$13,700,000, and for the same month last year they were \$14,723,159. There is also a decrease in the weekly clearings as compared to those of last year. The clearings amounted to \$2,418,401. During the last week of March in 1920 they were \$2,381,434. This is a decrease of \$36,967.

ROOSEVELT HIGHWAY.—A meeting was held today of the directors of London Chamber of Commerce in connection with the Roosevelt highway scheme, the London Motor Club being represented at the meeting by the president, J. E. McKillop, and the secretary, C. E. Tracey, general secretary of the Theodore Roosevelt Highway Association, and L. J. Le Tourneau, business manager of the Roosevelt Highway Magazine.

BUILDING PERMITS TOTAL WELL OVER QUARTER MILLION

Building figures for March surpassed the highest expectations of a preceding year. The total for the month of March was \$151,455, as compared to \$99,360 last year. The total for the year to date of March last year was \$172,000.

The final permits for the month were: T. R. Wright, to build a 14-story brick veneer dwelling, Quebec street, \$4,000; and Peter Swaine, 14-story brick veneer dwelling, Sterling street, \$3,800.

E. W. M. Flock stated this morning that if a person voted in 1919 he could feel certain that his name was on the list.

The Dear Women, According to the officials, the women give the most trouble when seeking information, for without exception they will not be satisfied until they see their names in black and white. A man, they claim, can be quite easily satisfied, but few women will take the word of the officials in charge.

Leaders of the temperance forces in this city stated this morning that if cards had been sent to persons already on the list it was through error. The work of canvassing the city had been accomplished by 600 volunteer workers, and it was quite possible that mistakes were made. Many cases, they claimed, had been found where people in ignorance of the purpose of the canvassing, gave out wrong information.

Ward Four again led all other districts this morning in the number of successful applicants. Mr. Flock administered the oath to 25 persons, bringing the grand total of the ward to 212.

Although many inquiries were made at the courts of revision, Mr. Flock stated this morning, only 18 names were added to the list for the former district and 8 in the latter. The number of names added in Ward One now totals 187 and in Ward Two, 103.

Ward Three revision court was quiet this morning, only 8 names being added to the list. Two names were added in the annexed district, where P. B. Lavender is the revising officer.

ALD. WILSON SHOULD LISTEN CLOSELY, SAYS DR. O. I. CUNNINGHAM

Resents Criticism On Board of Health.

PASSING JUDGMENT

Asks If Gas Muddle Is a Fair Indication of Wilson's Ability.

Criticism by Ald. Cameron Wilson of the restaurant bylaw drawn up by the board of health drew forth a warm reply from Dr. O. I. Cunningham, chairman of the board, today.

The alderman's remarks were made when amendments to the bylaw, suggested by the board of health, came before No. 1 committee of the council for approval. One of the suggested amendments was that a clause relating to the sterilizing of dishes be struck out.

Dr. Wilson said this would be one of the most retrograde actions possible and claimed it was an indication that the board of health should be elected. The committee decided to retain the clause.

"If Dr. Wilson had taken the trouble to examine the bylaw he would have found that clause was struck out," Dr. Cunningham declared. "The board of health considered it so important that it was included in two sections of the bylaw. On close examination, this was felt to be unnecessary duplication, and we recommended that one of the clauses be struck out. But the other clause remains, and it states distinctly that 'restaurant kitchens and other rooms connected therewith shall be provided with ample facilities for washing and sterilizing all eating and cooking utensils and with a proper supply of hot and cold water.'"

"What was Dr. Wilson doing when this clause was read?" asked Dr. Cunningham. "Even if it wasn't read at the committee, Ald. Wilson should have been conversant with the bylaw before he presumed to criticize."

"Instead of demanding that the board of health should be elected, the people should demand that aldermen who accept positions of responsibility should pay attention to the things they are passing judgment on. Ald. Wilson is chairman of the gas committee. If his criticism of the restaurant bylaw is fair indication of the way he looks after the city's business, it is no wonder the gas matter is in such a muddle."

PURSE SNATCHER GETS TERM AT BURWASH FARM

James L. Williamson Is Sentenced by Magistrate Graydon.

GETS SOUND DRUBBING

Overseas Handed Youth a Walloping.

James L. Williamson, aged 20, and well known in the circles attacked a young girl on Wellington street north yesterday night, treated her purse from her, and this morning was sent to Burwash Prison Farm.

Williamson, who lives near the corner of Oxford and Grosvenor streets, stopped off at the corner of Oxford and Wellington streets at 8:30 o'clock last night, and proceeded to walk home. At St. James street, Williamson was leaning against a telephone pole, not less than three months ago, when he was arrested by Harry Down and Thomas Bolton arrested him. He was taken to the police station and held for 24 hours.

This morning in police court Magistrate Graydon sentenced Williamson to 30 days in the reformatory for stealing a purse.

"This is a very light case," declared Crown Attorney J. S. McKillop. "You are an utterly worthless, good-for-nothing loafer," said Magistrate A. H. M. Graydon. "Have you anything to say?"

"No," said the prisoner, a look of pride coming over his face. "I am proud of this," remarked the court.

"Surely people can walk along the street without being molested," said the crown attorney.

"How many times have you been up?" asked the magistrate. "I can't count them," was the reply. "I sentence you to an indeterminate period of not more than two years, less one month, for this offense."

"I will make a special report to the authorities regarding your case," Magistrate Graydon promised. "It is likely that the prisoner will be able to experience a New Year's resolution winter."

Another Case. Edith Pierce, 280 Talbot street, afterwards identified William as the man who tried to grab her purse yesterday afternoon.

Mrs. Pierce was walking on Oxford street, near Maitland street, and had a farsighted man who was with her. She changed her purse from her right to her left hand and wrapped the handle around her arm. When he grabbed it, he snatched it from her.

Edith said she was in the street when she saw the man who had snatched her purse. She was walking in the street when she saw the man who had snatched her purse. She was walking in the street when she saw the man who had snatched her purse.

When she went to the police station and saw the husky youth, whose face she had seen in the street, she was seized with three years in France with the Women's Royal Canadian Corps. When she went to the police station and saw the husky youth, whose face she had seen in the street, she was seized with three years in France with the Women's Royal Canadian Corps.

On several previous occasions he has been sent to jail because of his refusal to work.
