Such certificates must be numbered consecutively by each department & a copy sent to this office. An employe must not receive certificate on being transferred from one position or department in the Co's service to another. Any person re-employed in the service of the Co. must, on re-employment, return any certificate previously received to the head of the department or officer re-employing him, & same will be retained to be embodied in any future certificate issued. Complete record of all certificates issued must be kept by department issuing same.

Men over 40 years of age seeking employment in the Co's service must not be engaged unless under special authority from head of department. It is the desire of the Co. to fill vacancies that may occur in the service by promotion rather than by the employment of outside experienced men. In promotion, preference will be given to those who show by their work that they have a desire to thoroughly acquire a knowledge & understanding of railway work.

In the clerical staff, preference will be shown those who become proficient in shorthand, typewriting & telegraphy, & the Co. will establish schools at Montreal, Toronto, & Winnipeg, for the purpose of giving employes an opportunity of acquiring a knowledge of the same.

The Central Canada Chamber of Mines, which has its headquarters at Winnipeg, has obtained several concessions & a grant of \$1,000 from the C.P.R.

This century received from its predecessor the sailing ship; it bequeaths to its successor the steamship; it received the beacon signal fire; it bequeaths the telephone & wireless telegraphy.

The following notice is posted on the wall of a railway station in New Hampshire:—
 Notice.—Loafing either in or about this room is strictly forbidden, and must be observed.
 Myer.—I wonder what causes concussion of the brain?
 Gyer.—A collision between two trains of thought, I suppose.

A landscape photographer has been engaged for the Delaware, Lackawanna & Western R.R. to take a six weeks' trip over the road for the purpose of photographing scenes upon it. A special locomotive will be provided, & a platform will be built in front of it, enabling the photographer to take pictures while the train is in motion.
