FOR ALL HEAT TREATING

It will pay you to
dispense with coal,
stockers and chim-
neys — ash piles,
soot and smoke—
and to use instead

OIL-BURNING

MECOL FURNACES

In the first place, the initial cost of a Mecol oil-burning Furnace is only half the cost of a coal-burning Furnace.

In the second place, a Mecol Furnace exactly suited to your requirements is the best furnace obtainable for efficiently heat-treating metals.

In the third place, your Mecol Furnace will save you hundreds of dollars in fuel.

Let us explain how Mecol Furnaces can improve your product economically.

Mechanical Engineering Co., Limited
THREE RIVERS, Quebec.
