The Roxborough,
Ottawa, July 23, 1919

Mr. J. M. Larkin,
Assistant to the President,
Bethlehem Steel Company,
Bethlehem, Pennsylvania.

Dear Mr. Larkin:

I received, on my return from England yesterday, your letter of June 30, with enclosed pamphlet containing set of questions and answers on the Bethlehem Plan of Representation.

I have read the pamphlet carefully and with the utmost interest. It cannot fail to meet satisfactorily the purpose for which it was intended. The questions have been drawn with reference to salient features, and the answers are concise and conclusive, and at the same time comprehensive.

Should you happen to have a number of copies available for distribution, I should be pleased if you would have me supplied with, say, twenty-five. I think I could use them from time to time to good advantage.

Permit me to add that I am greatly pleased to have the evidence which this pamphlet affords of the success which has attended the working of the Plan. I hope you will continue to let me have, from time to time, any documents or information concerning the Plan and its subsequent developments which you think are likely to be of interest.

Yours very sincerely,

W. L. MACKENZIE KING

P.S. (Private): I have read with some concern the references appearing in the press as to the possibility of a strike in the steel industry. I suppose you are hardly in a position or at liberty to give me any information on this subject. If, however, matters do come to your attention on which you feel free to correspond, and of which you think I should like to be advised, I shall appreciate any word you may find it possible to send.
