

Reasons for Review at Length:

1. - The postponed Conference -- P.M. cannot evade responsibility.
2. - Parallel to special session - only policies, proposals  
and known.  
Parliament must be taken into confidence.
3. - Desire to be constructive - policies must be changed.
4. - Speech from Throne indicates persistence in policies.  
pursue to end extreme form of economic  
nationalism.

Extremes of policy do not make for harmony, unity and progress.

P. M. will see:

Canada and Empire First something other than  
fiscal policies.

-----

Conciliation, not Coercion that has known day.

-----

The spirit that has made Canada and the Empire:

Prime Minister's extreme policies and methods  
the negation of all that makes for harmony,  
unity and progress.

Therefore opposed by man who desires to preserve  
that spirit.

-----

Wish to see Canada First - Empire First.

Not in assurance and arrogance,  
and in methods of the blasting & gun man  
but in characteristics of true greatness which  
have more for the they today enjoy.
