DEFENDING OFFICER'S STATEMENT IN MITIGATION

Sir, this wasn't brought out in the evidence, but this man's category at the present is "P2" and "L4", and I understand from the Army Examiner that when the Court has dealt with this man he is to go back to the Army Examiner and if no suitable employment is found he is to be discharged. Personally I can't see what good a term in the detention barracks would do because he can't do any marching. He is a category man.
