

That Standing Order No. 9 be amended to read: That no queries except those under Sections Nos. 7 and 8 of the Rules relative to the transaction of business with Non-Tariff Offices be put on the minutes unless the name of the owners or occupant is given, as well as the location of the risk. Provided, nevertheless, that the right of making queries as conferred by this amendment shall be taken and deemed to extend only to risks placed or accepted after this date.

It is further provided that the name of the Non-Tariff Company be given in any query under this amendment in place of the name of assured and location of the risk, not more than one Non-Tariff Office to be included in any query.
