

Index

- Tympanic cavity, intracranial relationships of, 61
 Tympanum, clearing of, in mastoid resection, 60
 Typhlostomy, 353
 disadvantages attending, 353
 Typhoid fever, appendicostomy for, 359
- ULCERATING cancers of breast, 181
 Ulcer, on anterior wall of stomach, 279
 on posterior wall of stomach, 281
 Ulcers, duodenal, perforated, treatment of, 282,
 283
 gastric, partial gastrectomy for, 280
 perforated, treatment of, 282,
 283
 resection of, 279-282
 Umbilical herniotomy, 228, 230
 ring, closing of, Mayo's procedure of,
 230
 Uremia, in nephrolithotomy, 452
 Uranoplasty, 92, 99
 Urano-staphylorrhaphy, 92
 anaesthesia in, 90
 complications in, 98
 failure of union of palatal flaps, 97
 functional results, 98
 gag in, 96
 lateral incision, 93, 96
 mobilisation of flaps, 93
 mortality in, 98
 palatal aponeurosis, 97
 paring the margins of cleft palate in, 92, 96
 post-operative treatment, 97
 sutures for, 94
 Ureter, 462-471
 condition of, in uretero-lithotomy, 469
 constrictions of, ureterotomy for, 466
 divided, mode of suturing, 467
 division of, in transperitoneal nephrectomy,
 445
 exploration of, in nephrolithotomy, 449
 nephropexy, 458
 exposure of, 465, 469
 exterior, examination of, 425
 in nephropexy, 458
 longitudinal wound of, suturing of, 467
 lower or pelvic stage, exposure of, by
 extraperitoneal route, 464
 lumbar stage, exposure of, by trans-
 peritoneal route, 464
 oblique or transverse wounds of, suturing of,
 467
 pelvic stage, exposure of, by transperitoneal
 route, 465
 retrograde catheterism, difficulties in, 427
 seion of, in lumbar nephrectomy, 432
 upper or lumbar stage, exposure of, by
 extraperitoneal route, 463, 464
 wound in, suture of, in uretero-lithotomy,
 470
- Ureter *continued.*
 wounds of, 467
 Ureteral catheterisation, 428
 Uretero-lithotomy, 469
 condition of ureter in, 469
 division of ureter in, 470
 exposure of ureter in, 469
 extraction of calculus in, 470
 introduction of a ureteral sound, 469
 operative considerations, 469
 steps of operation, 469
 suture of wound in ureter in, 470
 transperitoneal, 470
 Ureterorrhaphy, 466
 suture of peritoneum in, 468
 Ureterotomy, exploratory, 466
 external, 466
 for constrictions of ureter, 466
 Uretero-ureterostomy, 466
 Albaran's method, 468
 Van Hook's method, 468
 Urinary fistula, 454
 segregation, 428
 Urine, suppression of, in nephrolithotomy, 452
 Urotropin, administration before cranial opera-
 tions, 34
- VAGINA, involvement of, in ano-rectal cancer, 309
 Vaginal route in excision of rectum, 370
 Van Hook's method of uretero-ureterostomy, 468
 Varicocele, 408
 operation for, 409
 Vaseline gauze packing, use of, 121, 122
 Vein, axillary, resection of, 180
 clic, left, ligature of, 338
 superior haemorrhoidal, 333
 Veins, entrance of air into, 150
 of thyroid gland, 153
 Vocal cords, growths of, 126
 Voice, effect of laryngectomy on, 138
 thyrotomy on, 129
 Vomiting after gastro-jejunostomy, 257, 259
 during anaesthesia, 28
- WHITEHEAD'S operation for haemorrhoids, 387,
 390
 removal of entire tongue, 107
 removal of half of tongue, 105
- Wire sutures, 11
- Witzel's gastrostomy, 245, 246
- Wound infection, sources of, 1
- Wounds, antiseptic treatment of, 4
 disinfection treatment of, 2
 drainage of, by gauze, 14
 glass tubes, 14
 rubber tubes, 13
 sacral, closure of, 375
