

PATERSON'S

# RED STAR BRAND

## Patent Wire-Edged Ready Roofing And Heavy-Tarred Felt Paper ::

ECONOMICAL

DURABLE

FIRE-PROOF

A shows method of laying Red Star Brand Wire Edged Ready Roofing, with 2-inch laps secured by nailing two inches apart. B B shows wires running through the edges of the roofing, giving it great strength at the joints or laps—a very desirable feature, especially in localities where high winds prevail.

**Leaky Shingle Roofs**

May be made WATERTIGHT AND DURABLE, without removing the shingles, by covering the roof with Red Star Brand Ready Roofing, as shown in above cut.

You've got some Old or New Roofs to cover, haven't you?  
You're not satisfied with Shingles, but think there is no reasonable priced substitute for them.

You may be afraid to leave the old rut by trying a Roofing Material with which you are not familiar.

In any case, permit us to say our Wire Edged Ready Roofing is not an experiment, as we have been selling it in Canada for twenty years. Our Annual Sales now amount to over 100,000 rolls.

When we tell you this Roofing is superior to Shingles in every respect we know what we are talking about and mean what we say.

Our Roofing costs less than Shingles, and is more quickly and easily put on.

Nearly all Hardware Merchants sell our Wire Edged Ready Roofing and Building Papers.
