

Cheese & Butter

Wholesalers of these articles in many instances do not pay the necessary attention to the quality of the salt they use. Some people think that "Salt is Salt," and it does not matter where it comes from, or who makes it. This is a great mistake, for it is essential that to produce the best Butter or Cheese nothing but the purest Salt should be used.

GOSSIP.

Messrs. C. & E. Wood, of Freeman, Ont., are among the best breeders of Leicester sheep in Canada. Their flock at present numbers one hundred head, bred from imported stock, all in the pink of condition, and are perfect specimens of the breed. This year's lambs are doing exceptionally well, being large, well-formed and vigorous. This firm has bred a large number of prizewinners, and the lambs this year were never excelled on the farm. So well known are the Messrs. Wood as breeders of high-class Leicesters that they enjoy in this breed a reputation second to no other firm in the country; in fact, so closely did they sell out last year that not a yearling is to be found in the flock.
