

ANOTHER 60 SPEED INVENTION

A five rim friction clutch for 4, 5, 6 and 8 H. P. 60 Speed Engines.

An improvement that means more actual working service from the engine than has heretofore been possible. The five pulley rims, each of a different diameter, are removable. You can change from one to another in less than five minutes. Thus, you always have the proper speed for each job. This is a new and exclusive Gilson feature.

GILSON 60 SPEED ENGINES

The *Gilson 60 SPEED Engine* with the five rim clutch, is a power house on wheels, ready for feed cutting, silo filling, feed grinding, wood sawing, etc.—doing every job at just the proper speed for efficiency and economy. It would take a big investment in extras to make any other engine do the work that the *Gilson 60 SPEED* will do.

Friction Clutch—enables you to start the engine and then start or stop your machinery at will. No belt to shift.

GET GILSON FACTS and find out how a *Gilson 60 SPEED Engine* does the greatest variety of work, how it saves money in equipment, and gives 100% service at lowest cost.

The *Gilson* is one of the most substantially constructed and simplest-to-run engines built, made in 4, 5, 6 and 8 H. P., also 1 1/2 H. P. and 3 H. P. with 60 SPEED shaft and pump jack.

BOLINDERS SEMI - DIESEL CRUDE OIL ENGINE

This handy little tool will save you hundreds of dollars. Not alone in replacing labour but in upkeep and running cost as compared with Gasoline engines. A 12 H.-P. Gasoline Engine costs you 30 cents to operate per hour. Our Crude Oil Engine only costs 6 cents per hour. Our engines are designed and built to stand hard work. They will outlive three or four gasoline engines. There is absolutely no risk from fire or explosion as it uses non-inflammable crude oil.

A Contented Cow is A Profitable Cow

ARE your cows contented? Are they profitable? If not, make them so by doing away with your old-time wooden stalls. They gather dirt, harbour disease germs, and prevent the free circulation of life-giving air and sunlight.

LOUDEN'S

Tubular Steel Stable Equipment is easily and quickly installed, and insures cleanliness and ventilation. Its use means comfort for your cows and profits for you.

Burning embers can't set fire to the home covered with Certain-teed Roofing

Quality Certified—Durability Guaranteed

In large cities, where there is great danger of conflagrations, "fire zones" are being established in which wooden shingle roofs are not allowed. Your barn or home may be saved by using **Certain-teed Roofing**—it's practically fire-proof and smothers the flames from underneath. Investigate **Certain-teed Rubber Roofing**. It lasts longer, costs less and is easy to lay. It is made both in rolls and shingles—guaranteed for 15 years. Save money by getting prices from your local dealer—see that the **Certain-teed** label is on each roll or bundle—also write today for book, "How to Build for LESS Money"—Free.
