

(Continued from fifth page.) coming men—was a tribute to a man and a brother, whom his brethren have always delighted to honour and confide in. A man of sterling rather than brilliant abilities—who will add dignity to the chair, and hand it unstained to his successors in office. The retiring President, Rev. W. S. Griffin, was highly complimented upon the efficiency and wisdom of his administration, and his ordination sermon preached on Sunday, the 9th inst., was spoken of in very high terms. W. B. Parker, M. A., was elected Secretary—with W. C. Henderson, M. A., and J. L. Wilkinson, as assistants. Dr. Evans and C. Lavelle, M. A., as official letter writers—Revs. Rigby and Scott reported for the *Guardian*—and James Harris for the *Wesleyan*.

A Nominating Committee of five was elected by ballot, consisting of W. Williams, Dr. Williams, A. Langford, J. Gray, and W. Griffin. No case of delinquency had occurred during the year, and, in consequence, the question of character was speedily disposed of. Two names were, however, allowed to be dropped off the roll in silence, and Rev. James Watson to remain in England, where he is employed in Home Missionary work. Much attention was given to the reception of members from districts, and in addition to the usually appointed Memorial Committee, two of these were considered of sufficient importance to demand special committees. The one was on the use of tobacco, the other on the employment of evangelists. The report of the first of these is strongly condemnatory of its use by both members and ministers; and the report of the second favors the employment of evangelists. The Committee on Temperance reported a resolution strongly condemnatory of the amendments recently proposed in the House of Commons of the Canada Temperance Act of 1878.

The Chatham District reported a resolution favoring the Deceased Wife's Sister's Bill, and directing a petition to the House of Commons in its favor. All these were adopted by Conference. The decision of the General President in refusing to allow the delegates elected by the Annual Conferences to sit on the Transfer Committee, after the refusal of the Conference to allow the legislation of the General Conference on the subject, and the action of the Court of Appeal on the same subject, evoked an unanimous expression of disapprobation, which resulted in the re-election of the same delegate, and the expressed request that should not be refused again. The President also would retire from the Transfer Committee, and this Conference would assent to no transfers until after the next General Conference.

The Committee on Church Property reported fewer cases of sales or changes of property than usual, and there were much fewer alterations of boundaries, and formations of new circuits, and no new districts were formed. The Contingent Fund Committee, after meeting the numerous contingent expenses which annually press upon it, find themselves with but a very meagre balance to divide among the districts for distribution among claimant circuits. The Children's Fund, by a tax of forty-two cents upon the membership, have met the full claims of 500 children, at \$30 per child, and has a sufficient balance to enable it to reduce the tax to forty-one cents.

The Educational Fund is inadequately sustained, and can only afford a very insufficient amount to its students requiring assistance while attending the Theological Schools. The Relief and Extension Fund reports—

190 Circuits subscribed \$31,608
33 do not reported
294 Ministers subscribed 7,946
30 do not reported.
Total, \$39,147

The Missionary Society report a decrease of \$800 in the Conference. The Conference elected the President, and Revs. Sanderson, D. D., Williams, Griffin, and Ryckman, to the Honorary Council, to be held at City Road, London, in Sept., 1881. No subject engaged more generally the consideration of the Conference than the reception and continuation of candidates to our ministry. There is a general feeling that we must not force any elderly ministers as we have done in the past, into the ranks of the supernumeraries, in order to make room for young men. Nine were received into full connection, and ordained. One of these was in his third year, but was designated as a missionary to the Blackfoot Indians in the extreme North West. The examination of these young men before the Conference was conducted by the Principal of the Wesleyan Ladies' College, Dr. A. Burns, and was remarkable for the questions being quite out of the ordinary of such examinations. The evening meeting for their reception was addressed by the President, by five of the young men, and by Dr. A. Burns and Rice. They are a class who from their culture and piety excite great hopes of their future usefulness. The testimony borne in relation to the Conference from Dr. Dobbins, and corroborated statements by Professor Shaw, of Montreal, to the stamp of the young men whom this Conference sent up to the Theological School of Montreal, was highly gratifying. Professor Shaw, in addressing the Conference, showed that this Branch has enjoyed superior advantages in being admitted to McGill University, in which some of our students had taken a very high rank as medalists.

Dr. Nelson, in his eloquent plea for superior education, at the public meeting of the Educational Society, stated that Victoria was the only University owned by the Methodist Church, outside of the United States, with the exception of Sackville. He showed that with only an endowment of \$6000 it was doing as much for the country as any other. That Toronto University, with \$30,000 endowment felt itself seriously crippled. Victoria had now got rid of the old scholarship scheme, which had so much embarrassed it. It needed only new buildings and a much better endowment to make it vastly

more useful. He spoke with great hopefulness of its future. If the church won't endow the college, the graduates will ere long. The most successful colleges of today were those which had struggled with the financial difficulties in the first fifty years of their existence. Harvard College was an example. The New Scholarship Endowment Scheme adopted by our Conference a year ago, by which each district endows one or more Scholarships, worth \$25 per year, had been and would be of great advantage to the college.

The Conference listened with interest to the report given of the Wesleyan Female College in Hamilton. It has felt the pressure of the hard times and notwithstanding the keen competition which has arisen from other similar institutions, but it holds on its way, and this year is able once more to declare a dividend to its stockholders. Many of the members of the Conference accepted an invitation to spend an evening in its Halls—which, I assure you, was the most pleasantly spent evening of the week.

The removal of Dr. Rice to Winnipeg, and his consequent transference into the Toronto Conference was an event which this Conference extremely regretted, and a resolution expressive of its feelings was unanimously adopted. It is safe to say that no other man could be so much missed by us.

The presence in our midst, for a few hours, of the Rev. F. McDonald, M. A., the associate delegate of Dr. Arthur, to the General Conference of the United States, from Great Britain, and his address, was a source of unmingled satisfaction.

The election of chairman is always an event of much interest, as it always brings to the front one or more new men. This honour was given this year, for the first time, to Rev. James Harmon, the successor of Dr. Rice at St. Mary's, and D. L. Brethour, of Simcoe.

The presence, also, in our midst of Rev. Jas. Messmore, of Locknow, India, and his address at the Missionary Meeting, on Monday night, was highly gratifying to his brethren.

Besides many brethren from the Toronto Conference, the presence of Rev. John Williams, a son of Dr. Williams, who is in charge of a Methodist church in Rochester, N. Y., Rev. Mr. Jones, of the same city, gave additional interest to our sessions. Your correspondent feels that his letter gives but a very defective account of one of the most pleasant Conferences he has been permitted to attend during nearly thirty years.

With fraternal greetings,
Yours, &c.,
JAMES HARRIS

Celebrated Ointment

MELVEN SQUARE, Nov. 24, 1880.
DR. C. GATES, Dear Sir: I have great pleasure in informing you that the Ointment made by you, and used by myself, according to your directions, has, in my case, proved completely effectual, and I firmly believe has worked a perfect cure. For twelve months previous to using your valuable preparation I was almost constantly troubled with a very annoying affection in my throat, causing an unpleasant hoarseness, which was generally believed would terminate in consumption; but since using your Ointment (internally and externally), I am wholly clear of said cough, and now feel it my duty to inform you; and would add, you are at liberty to use this Certificate in any way that will induce others to give your preparation a trial.

Yours truly
WILLIAM STEPHENSON

New Boot and Shoe Store

We have just opened in the store lately occupied by G. R. THOMPSON, No. 16 Granville Street, next door South of the LONDON HOUSE, a splendid Stock of

BOOTS and SHOES, AT THE INDUSTRIAL SCHOOL,

Expressly to suit the times, showing the purchasers the very best value for the smallest amount of money—and feel certain—that we can give better value than any house in the trade, in support of which, we call the attention of the public, to some of the advantages we possess.

FIRST—We make our Staple Goods by HAND at the INDUSTRIAL SCHOOL, and are thus able to produce a much better article than those made by machinery.

SECONDLY—By making our Goods and selling them ourselves, you get them first hand, hence you have only to pay for the material and one small profit.

THIRDLY—As you buy from the maker his responsibility to you is greater than if he had purchased the goods of another and was selling them again. If the style and size of the boot does not suit, you can have them made at a trifling additional cost. We sell for CASH and cash only to keep strictly to this we cannot send out for approval, all parcels being paid for before they are sent.

Should they not suit we will return the money. Consequently the cash buyer is not compelled to pay those bills that are lost as the result of the CREDIT SYSTEM. These with many other advantages we could mention warrant us we think in reasserting that we can give better value than any house in the trade.

COUNTRY MERCHANTS who buy in small lots for Cash, would do well to give us a call before purchasing elsewhere.

PUTNER'S EMULSION OF COD LIVER OIL

WITH IRON AND HYPOPHOSPHITES OF LIME, SODA AND PANCREATIC JUICE.

Its effect has been most wonderful in the treatment and cure of NERVOUS PROSTRATION, MENTAL ANXIETY, LOWNESS OF SPIRITS, OVERWORKED BRAIN, WORRY, ANEMIA, SCROFULA, and all morbid conditions of the system dependent upon the deficiency of TRANS-AMINE, which forms the most important part of this compound, in conjunction with

PHOSPHORUS. IN CONSUMPTION, BRONCHITIS, ANEMIA, COUGHS, CATARRHS, and all affections of the CHEST and THROAT, it has no equal.

IRON. Which PURIFIES and ENRICHES the Blood, and which is so highly and justly valued in the treatment of ANEMIA, (due to insufficiency of IRON in the BLOOD), SCROFULA, WASTING, CHILDREN'S DYSPEPSIA, RHEUMATISM, IMPROVED BLOOD, &c., is also contained in PUTNER'S EMULSION.

Pancreatic Juice. By this the pure cod liver oil undergoes in Putner's process, a PARTIAL DIGESTION before it is submitted to the stomach, and thereby made more acceptable and more nutritious to the patient.

CAUTION.—See that you get PUTNER'S EMULSION, as other PREPARATIONS may be got off. It retails at 50¢ per bottle, and can be obtained by all Druggists and Dealers.

Within twenty years divorces have been granted in England and the United States.

The "Salvation Army, New York have just held all of War." About 1000 have been converted. Ten organized with eighteen hundred and fifty speaking up. This is the work.

The "Christian Observer" makes this very truthful statement: "The most conspicuous feature of the year has been the rapid growth of the conservative feeling necessary innovation, when a good system has why it should be sunk side down. But conservatism must accept the law of speak according to the law."

Dr. Crooks writes in on Modifications in the ancients. "The most conservative may, therefore, regard that the government will subject to modification by history, in the law, flexible instrument, it is ally to the growth of the conservative feeling necessary innovation, when a good system has why it should be sunk side down. But conservatism must accept the law of speak according to the law."

Dr. T. L. Caylor, in the *Register* says: "There is when character is of greater demand than is 'It is smart' is to be place to the more pertinent honest." Even the escape the ordeal; for increasing moment that sends Christ on the Sabbath present. Christ, during at walk and gully convulsed a great deal of path in remark about the new "I don't care whether not—is he gone?" The hour is not more conscience; the subject that which should give us a good man and woman.

There has been a migration from Ireland to the past few months. I fact that the British and who cling so tenaciously to their native land, when the rich assets their friends instances abandon Rome. Only recently the Boston of Nebraska is reported to would surprise Catholics know how many have been in the West during the last few years. In Nebraska alone with the number there from 10,000 to 15,000, and no more bitter enemies of the Roman Catholic religion.

Nor is Romanism, which even in Ireland, an agent of the Evangelical cause interesting facts in the work of the Irish Society. "1. About forty years ago the Society, once Roman entered the ministry of Ireland and England."

"2. In the general Synod of Ireland sit many of the one a Dean of his Diocese and prebendaries."

"3. Nineteen churches for converts, and one built in America by emigrants from Galway."

Oliver Wendell Holmes the world what he thinks Unitarianism is. It is of religious barbarism, the thing of ecclesiastical dogmatism, the thing of infinite and its relations to the world.
