

BIG WARDROBE IN GRIPS TAKEN

WITH MAN IN BELLEVILLE

Arrested on Charge of Stealing Suit of Clothes and Overcoat From A. W. Cressman's Men's Department

The man who was arrested in Belleville yesterday on the information of Mr. Cecil Wolff of the Men's Furnishing Department of the A. W. Cressman store, on a charge of stealing a suit of clothes and an overcoat from that store during the week-end of September 16th, was remanded in police court this morning. Mr. Wolff was travelling to Belleville yesterday and recognizing the stranger's clothes telegraphed a head to the Belleville police to meet the train.

The prisoner gave his name as J. D. Carol, on the military discharge papers found in his possession his name may be John G. Huntley of New York. There is even a doubt on this point, for the police believe that he is the individual who is wanted at Kingston for the theft of a military service button which was stolen from one of the returned soldiers there a short time ago. There is a suspicion at the station that if this man stole the button the discharge papers may not belong to him.

Detective Newhall made a hurried trip to Belleville by motor and was instrumental in recovering two grips which are said to be the property of Carol. They had been hidden at the station. Their contents when spread out on the big table at the police station, comprised a wardrobe that was suspiciously complete. Several pairs of boots that had never been worn, of the best quality too, an autographic camera, opera glasses, ties and a long list of other articles that may have been properly obtained.

Carol pleaded guilty to shopbreaking and was remanded until October 4th, for further examination.—Peterborough Examiner.

CHARGED WITH CONCEALING BIRTH OF CHILD

On Wednesday, Miss Minnie Neilins appeared before His Honor, Judge Ward at Cobourg on a charge of concealing the birth of a child, or about the 12th day of August, 1917.

From the evidence it appears that Miss Neilins had been working for Mr. and Mrs. James McCollough of Clarke Township. A young boy, Roy Sanford, also worked for them. On the afternoon of the 12th, Mrs. McCollough and her son went away to visit some of the neighbors, not returning until late in the evening, while Miss Neilins, Roy Sanford and the husband, a man about 80 years of age remained at home. It appears that about 10 p.m., or a little earlier, all retired to their rooms for the night. However, a little later Sanford was awakened by the girl knocking on the door and telling him she was sick. The boy got up and dressed and was going to telephone to the doctor when Mrs. McCollough came in. He then went out to put the horse and rig away. In the meantime the girl got downstairs and out into the yard, where the child was supposed to have been born, as there was evidence of it in the berrypatch. The boy returning from the barn, found the girl at the door in a fainting condition and carried her into the house and the doctor arrived shortly after. Dr. D. McKenzie stated he found the girl in an exhausted condition. The doctor said he could not swear that a child had been born—he hadn't examined closely enough although it was quite possible.

Chief Jarvis of Bowmanville, said the girl told him she had had a child but the grounds had been searched and nothing had been found.

Mrs. McCollough in her evidence was very snappy with the lawyers and made it hard to make anything out of what she had to say.

Roy Sanford is also to appear on a similar charge, possibly today and until then His Honor decided to reserve his judgment.—World.

TRIBUTE TO MEMORY OF LATE W. H. HUBBELL

The Marmora Herald pays the following fitting tribute to the memory of the late W. H. Hubbell:—

"Seldom has any event so moved the people of Marmora and district as the message which came last Monday morning stating that W. H. Hubbell had passed away on Sunday evening. Few knew of his illness, and as he looked so well when he visited Marmora a few weeks ago, it seemed hard to realize that death had come so soon. To many the tidings came as bringing a deep sense of personal loss. During the many years he had resided in Marmora he had won the hearts of the people as few are able to do in any place. He had given unselfishly of his time and energy in the service of others, not only in the many offices which he filled so faithfully and well, but in the quiet ways known only to himself and those he helped and encouraged.

Mr. Hubbell took an active interest in everything pertaining to the welfare of the village. He was a member of the Village Council for the first two years after it was incorporated, and was Reeve of the Municipality for five years, from 1910 to 1915. He was also a member of the School Board for a number of years and was President of Marmora Agricultural Society for two years. He was a member of the Masonic Lodge, the I.O.O.F., the A.O.U.W., and the C.O.P., and the L.O.L., and was elected to the highest office of most of them.

During the greater part of the time he resided in Marmora Mr. Hubbell was Superintendent of the Methodist Sunday School and he was also Recording Steward of the church for a considerable period. He took a very active interest in every branch of church work.

The late Wm. Hubbell was a keen and successful business man and his high sense of honor and integrity won the respect of the whole community. He was one of the most widely known men in Hastings County and no man had more devoted friends. He had a broad sympathy for the views of others, and a generous disposition. He was devoted to his family and his highest ambition was to give his children the best education obtainable, and in this he was successful."

WEAK BOYS AND GIRLS

It is a mistake to think that anaemia is only a girl's complaint. Girls probably show the effect of weak, watery blood more plainly than boys. Delayed development, pale faces, headaches, palpitation, and a feeling of listlessness, call attention to weak blood in the case of girls. But many boys in their teens grow thin and "weedy" and have pimples on the face, showing that they have not enough blood. The anaemic boy is just as likely to be a victim of consumption as the pale, breathless girl with her headaches and worried look. Let the boy in this condition catch cold and he will lose his strength and his health becomes precarious.

To prevent serious disaster to those of the rising generation, let both boys and girls be given the new rich blood which Dr. Williams' Pink Pills are famous the world over for making. When giving these pills watch how soon the appetite returns and how the languid girl or the weak boy becomes full of activity and high spirits. Remember that the boy has to develop, too, if he is to make a strong, hearty man. Give both the boys and the girls a chance to develop strongly through the new rich blood Dr. Williams' Pink Pills actually make. You will then see active boys and girls, instead of weakly children around you.

Dr. Williams' Pink Pills are sold by all medicine dealers or may be obtained by mail at 50 cents a box or six boxes for \$2.50 from the Dr. Williams Medicine Co., Brockville, Ont.

MELVILLE

The evangelistic services which were inaugurated here on Sunday, Sept. 3rd, conducted by Miss Morton, Evangelist, Toronto, assisted by Miss Fullerton, Pianiste, Nova Scotia, were brought to a successful termination on Sunday, Sept. 30th, when at the close of the morning service, a reception service was conducted by the pastor, Rev. H. H. Mutton, when several received the sacrament of baptism and a large number were received into the church. On Sunday evening Miss Morton preached her farewell sermon to a large and appreciative congregation. During the past few weeks, through the potent influence of the evangelist's earnest and convincing enunciation of the Truth, many have been awakened to a wider vision of life and its needs, and to the necessity of an absolute consecration if life would reach its highest achievement.

With the pastor's earnest co-operation and Miss Fullerton's valuable assistance in the musical part of the service, Miss Morton has, through the consecrated use of God-given talents, sown the good seed in the soil of youthful hearts and who can predict the possibilities of the harvest at the time of the great In-Gathering? On Sunday October 7th, the evangelist will open a series of similar services in the Orange Hall, at Allistonville.
