

Talk of the Town And of the Country

OTONABEE FARMER INJURED.

D. W. Wood of Otonabee met with a serious accident Friday afternoon about 4 o'clock, when he fell from a ladder onto a hay fork. Mr. Wood was fixing a hay carrier near the roof of the barn and was standing on a ladder, which was resting against a rod. The ladder began to slip and Mr. Wood jumped landing on a hay fork on the barn floor which penetrated his body.

Drs. Sutton and McClelland of Peterboro, were called and he was taken to Nicholls' Hospital. It was expected Saturday morning that he would recover though his injuries are serious.

MONTREAL HORSES AT KINGSTON.

Charles McMahon, Montreal, first arrival at the track, has entered two horses for the races at Kingston on July 26th. He has Joe Kelly for the 2.30 class trotting pace, and Miss Abbie B. Brino for the 2.10 class. The Matinee and Driving Club are sparing no effort to fill the 2.10 class.

IMPRESSED BY CANCER TREATMENT.

Dr. J. A. Amyot, Deputy Minister of Public Health, Ottawa, who has just returned from Toronto where he investigated the experiments of Dr. Glover with regard to the cure of cancer, gave out the following encouraging report Saturday afternoon:

I have been afforded by Dr. Glover an opportunity of seeing a number of his experimental animals, tissues recovered, and microscopic slides. Work quite out of the ordinary has been done of a really advanced and valuable nature towards the elucidation of the character of cancer. The work is not yet complete but very promising.

"As the treatment of human cases, this is entirely in the testing stage and none would be justified in making any definite statement as to what the future may show its value to be. All discussion at the present time is futile, and would do great injustice to a skilled, sincere and energetic investigator."

WILL PREPARE SKETCH.

The Property Committee's recommendation to the Peterboro Board of Health to consider the erection of a small pox hospital was discussed at a meeting of the Board of Health of that city Friday. Mayor McIntyre and Dr. McPherson M.O.H., were instructed to prepare an outline sketch of a hospital and to estimate its cost. They will report at the next meeting of the Board.

MADE GETAWAY WITH BOOTY.

Geo. Saad, prop. of the Oriental Cafe, Tweed, is the loser by \$75 as the result of the operation of burglars on Saturday night. Mr. Saad lives next door to the cafe and closed shop about 12 o'clock leaving \$75 in silver in the cash register. The burglar or burglars entered through a cellar window, and after carrying the register into the basement and relieving it of its contents made a successful getaway. Mr. Saad is of the opinion that the burglars were familiar with his habit of leaving silver in the register overnight.

MADE NEST IN TREE.

A White Leghorn hen on the farm of W. H. Storie in the Somerville road near Gouverneur, N.Y., has evidently gauged her nest location to correspond to the altitude of the egg market. This particular fowl has been found to have established herself during her laying intervals in the crotch of a willow tree.

RECEIVED LETTER PATENT.

Mayor Nickle, of Kingston, Saturday morning received letters patent from the Dominion Government for the land on which the Cereal building is erected. This is necessary so that a clear deed of the land could be turned over to the Eaton Cattle Company.

POLICE RETURNED EMPTY-HANDED.

High County Constable A. Moore and city detectives Newhall and

Cookman of Peterboro, returned about midnight Thursday night with empty hands from pursuing the trio who held up and robbed W. G. Bartley on the Gravel Road Wednesday afternoon, which they say, is due to the fact that the chief of police at Port Hope put them off the track.

They left Wednesday evening at 7 o'clock and soon picked up the trail of the three robbers. All along the road to Port Hope they heard stories of people held up and stores entered by a trio answering to the description of the three who held up Bartley.

Arriving in Port Hope about 10 o'clock, they believed that they had located the three robbers in the person of three fortune tellers operating with a collection of shows there.

They then went to the Port Hope chief of police who stated that the three fortune tellers could not be the trio for whom they were searching as they had been in town all day and suggested that a gang whom he had run out of town might be the guilty ones. Relying on this they set out in pursuit of the new gang and after following them all night and part of Thursday found that they were not the ones wanted in Peterboro. Upon returning to Port Hope Thursday they found that the three fortune tellers had evidently learned of the proximity of the Peterboro police and had made a getaway.

PETERBORO GIRLS LOCATED.

Two weeks ago, Chief Short, of Lindsay, received a notice from Peterboro that two girls, aged 16 or 17 years and employed in a woolen mill had disappeared from their homes. A search was made at the time, but nothing was found. Recently, however, the girls were discovered working in a down-town hotel. The parents were informed and the girls are now safely lodged in their respective homes.

MANUFACTORIES MAY CLOSE.

The Gananogue Manufacturers have replied to the recent letter from Gananogue Lodge, No. 4, of the Amalgamated Association of Iron, Steel and Tin Workers of North America, requesting that they meet the executive committee of the Union for the consideration of the question of an 8-hour day. In their reply they state that if the men persist in their demand the factories of the town will all have to close down.

WIDOW CHARGED WITH THEFT.

A lady resident, a widow, of Clarendon township, was brought to the county jail at Kingston, Friday night charged with the theft of two horses from a farmer of Palmerston. It is said she took the team of horses from the field, went for a drive with them and then returned them to the field.

GIRL AMBULANCE DRIVERS.

Miss Nancy B. Kirkman and Miss Dorothea Hobson, New York, arrived at Cape Vincent, N.Y., in the ambulance which they have driven for four years. The ambulance was given by Yale Club and was familiarly known as "E.H." The ambulance transported 15,000 wounded soldiers and travelled 30,000 miles.

GOOD MEN ARRIVING.

Some unusually good men are arriving here from Europe to take their places on farms in this district. Yesterday Mr. John Elliott of the Standard bank had the pleasure of welcoming Charles Henry Craig of Yorkshire, England, and finding him a place with Mr. Arnold Wellman of Harold. Accompanying Mr. Craig was Mr. Louis Langers late of the Belgian Army, who will go to the farm of Mr. David Phillips, Corbyville. Mr. Langers had a remarkable military record. He was wounded on three different occasions and received seventeen serious wounds. He bears four different military medals for gallantry in the service. He has however made a complete recovery and is now a fine specimen of physical manhood. While in hospital in England he learned the English language and now speaks that language fluently.

HAD VARIED TRIP.

Mrs. Anna Bowerman, who left Wellington last September for California, visited on her way, Toronto, Portage-la-Prairie, Man., Stoughton, Regina, where she visited Mr. and Mrs. William Pettigill, Vancouver and Victoria, B.C., Seattle, Washington, Portland, Oregon, San Francisco, Berkeley, Oakland, Claramont, Piedmont Los Angeles, Monrovia, Pasadena

Hollywood, Santa Barbara, Santa Monica, Ocean Park, Venice and Culver City, and several other beaches about San Francisco and Los Angeles. At Monrovia she visited her uncle, Mr. Stephen Bowerman. From Los Angeles she went to San Diego and Jacumba in the mountains, one hundred miles from San Diego. At San Diego she visited the Stadium where President Wilson addressed sixty thousand people, and Balboa Park where the only organ in the world is played outdoors, and where the world's fair was held; Ocean Beach, Sunset Cliff, Romona, Marriage Place La Jolla, Coronado Islands, and the town of Coronado. She also attended the Tiawana horse races in Mexico. From there she crossed the desert in Arizona to El-Paso in Texas, up to Kansas City, down to Tulsa, Okla. and spent a month there among the greatest oil fields of the world, then went to St. Louis, Missouri, visited friends in Chicago, among them Mr. D. Cleminson of the Marshall Field Company. Mr. Cleminson expects to leave this week for the Old Country in the interest of his company. Mrs. Bowerman arrived in Lansing, Mich., after a ten month's trip, without being ill or any accident, and will spend the summer with her sister, Mrs. H. N. Rose, returning to Toronto and Wellington later. She had a delightful trip. She also intends visiting Flint, Michigan. The Prince of Wales visited San Diego while Mrs. Bowerman was there.

HOLIDAY SEASON IN FULL SWING.

The holiday season is now in full swing at Crow Lake summer resort, says the Marmora Herald. All the residents of the village, who have summer homes at the lake, are now occupying them except Dr. Jones and C. A. Bleeker. Among those from outside points, who are now holidaying at the lake, are Mrs. H. Smeaton and children, of Belleville, and her brother Mr. Jas. Whitton; Mrs. A. Abbot and daughter, of Belleville; Mrs. P. M. Gordon, of Toronto; Mrs. Jas. Hodge and children, of Oakville; Mrs. Dr. Macchese and family, of Toronto; the Morse family, of Rochester, and Mrs. McCallum of Deloro.

WAR CLOUDS GATHER IN SOUTH AMERICA.

Chile has called to the colors the military classes of 1915 to 1919, inclusive, of the four northern provinces of the country. It is understood this action was taken in connection with the Bolivian revolution. Information received here indicates the call involves about 10,000 men. This action of the war office followed a day in which so far as known little news drifted out of Bolivia, which has been isolated by the censorship since the establishment of the de facto government headed by Bautista Saavedra. One official message was given out during the day. It was from the Chilean Charge d'Affaires Mendoza and was made public at the foreign ministry.

It contained a request from the provincial government that Chile provide a train to carry to Africa persons being deported from Bolivia. Later unofficial advice stated former President Jose Gutierrez Guerra and members of his cabinet were among the deportees. Guarantees for the safety of Guerra and the members of his cabinet have been furnished by the provisional government of Bolivia upon request of the United States minister to the country, according to advices received by the foreign office from the Chilean charge d'affaires at La Paz.

WORK PROGRESSING RAPIDLY.

The work of altering the Louks residence, which was purchased for a continuation school, for the town of Marmora, is being pushed along as rapidly as possible. It is not thought there will be any difficulty in having it ready for school purposes for the opening of the term about Sept. 1st. Miss Ruth Stewart, B.A., of Concession and Miss Muriel Daley, of Port Hope, have been engaged as teachers of the Continuation School for the coming term.

TO PACK APPLES IN BOXES.

The United Fruit Company which represents the growers of Nova Scotia apples, has decided in future to pack the apples of the province in boxes rather than barrels. This is already the custom in British Columbia, and sooner or later, Ontario must follow the lead of the extreme east and the extreme west of the Dominion.

LEFT BEQUEST OF \$1,000.

The Kingston General Hospital Saturday morning received a cheque for \$1,000 from C. Livingston, executor for the estate of the late Mrs. Elizabeth Glidden. The bequest of Mrs. Glidden was made in her will, and is the second bequest to institutions in the city. A week ago it was announced that Mrs. Glidden left \$500 for the Home of the Aged.

A JOURNALIST ON A VISIT.

Frank Brisco, who is renewing old acquaintances at Newburgh, went last week to visit his brother, J. G. Davidson and family, Bay View Farm, Pictou. Mr. Brisco, engaged in journalistic work, attended the Moody Institute in Chicago when but a youth, and later travelled from coast to coast and visiting all important cities, assisted in evangelistic services especially in the middle west and coast cities. He is now engaged in journalistic work.

BROKE WINDOW WITH BOULDER.

On Thursday night the large window in the door at the rear of Mr. H. Mitchell's store in Port Hope, was smashed by a large boulder. Fortunately made their get-away as soon as Mitchell's store in Port Hope, was smashed by a large boulder. A SPECTACLE WORTH SEEING.

A correspondent writes: On Monday Pakenham had the pleasure of seeing the soldiers passing through en route to Kingston from Petawawa. They consisted of three divisions and were made up of a fine lot of men and horses, and numbered 400. Indeed, it was a spectacle that was well worth witnessing and as they filed through our famous little town many thoughts were brought back to us of the heroic work that was accomplished in the recent conflict.

INTERESTED IN WELFARE OF EMPLOYEES.

"We are much less interested in

such things as fixed assessments, free building sites, etc., than we are in finding a city which looks out first for the health and comfort of employees, which provides an adequate supply of pure drinking water, whose sanitary arrangements are of a high order, and where health dangers are reduced to the minimum," says J. H. Vernor Superintendent of the Western Clock Co., Peterboro. The service which the street railways give to employees, the price of coal and gas, and such matters which affect the economic life of industry are of much more moment to us than concessions which we regard as more or less of boomerangs."

POTATOES DECLINE.

New potatoes sold down to \$2.00 per bushel today at the market. Strawberries sold at 25c to 20c. Raspberries, 25c.

BAND CONCERT.

The G.W.V.A. band will give a concert on Thursday evening on Victoria Park.

ATTEND GRAND LODGE.

R.W. Bro. Col. W. N. Ponton, Deputy Grand Master; R.W. Bro. C. J. Symons, District Deputy; R.W. Bro. H. F. Ketcheson; W. Bro. Dr. J. W. Kinneer; W. Bro. J. O. R. McCurdy and W. Bro. J. O. Herity have left or are leaving today for Niagara Falls, Ont., to attend the Masonic Grand Lodge.

RAILSTAYING TRACK.

A G. T. R. train of engine, tender and two coal cars laden with crushed stone passed down Pinnacle street today and backed up on the new track and distributed stone ballast along the line. The north end of the line has not yet been connected with the Grand Junction rails.

Canada Will Get Her Share of Coal.

Washington, July 20.—Plans for speeding up the movement of coal to central Canada were discussed today by Frank B. Carvell and S. J. McLean of the Canadian Railway Board, at conferences with the United States Interstate Commerce Commission and Daniel Willard, chairman of the advisory committee of the Association of Railway Executives. Before leaving here for Ottawa, the Canadian commissioners announced they would meet later with Canadian railroad officials to consider priority of movement for coal and increasing car mileage. Both commissioners said they were confident that the coal problem facing central Canada would be solved, but added that it primarily rested with the United States railroads and coal operators in getting improved movement of coal.

Three Roumanians Go to Penitentiary.

Entered Section House on Algoma Central and Stole Rifle and Other Articles. Chapleau, Ont., July 15.—At the Court presided over by Magistrate D. M. Brodie, at Chapleau, George Stauchek, Andre Michaleuk and George Bozell, all three Roumanians, who pleaded not guilty to unlawfully entering section house at Pilda on the Algoma Central Railway and stealing a rifle and various other articles, were found guilty and sentenced to two years in Portmouth Penitentiary. When arrested by Chief Constable Lyness, a loaded revolver, loaded rifle, heavy sling shot, skeleton keys, flashlight and several changes of head gear were found in their possession, also the stolen property which they alleged they had bought from a man at Healy. The articles as above produced in Court were ordered confiscated. There have been several hold-ups in the North of late by two men with revolvers, according to the evidence of Constable Jordan, of Sault Ste. Marie, reported to the police. Crown Attorney R. R. McKessock, of Sudbury, was the Prosecuting Attorney.

BIG LIQUOR SHIPMENTS SEIZED.

In pursuance of instructions issued by the attorney-general to seize all shipments of liquor arriving in quantities at the border on suspicion that they may be intended for consumption across the line, Licence Inspector Adams seized seven cases of Black and White Scotch Whisky at Cardinal on their arrival from Montreal by express. The liquor was consigned to a man who does not live in the immediate vicinity of Cardinal. He was also asked to claim it and tell the license officials what use he intended to make of it, but failed to do so. The liquor will now be confiscated.

THRILLING DOG FIGHT.

A thrilling dog fight was staged at Sturgeon Point on Friday afternoon, and those who witnessed the battle state the like was never depicted in the movies. The canines put up a desperate fight and excitement reigned supreme, especially among the fair sex who happened to be around when hostilities were in progress. The dogs were coaxed to let up but they were deaf to the pleadings of their owners. They maintained their vice-like grips, notwithstanding the fact that cottagers tugged and pulled at them, nearly wrenching their legs off. At last it was decided to roll them into the lake. Over the

landing they went, but they still held their grips. Excitement was at fever heat on the shore. Woman's will, however, devised a bold expedient. It looked like two dead dogs for a while as both were drowning. The owner of one of the canines called it by name, and it displayed sagacity enough and safety first instincts by making for shore. It was rescued, but its opponent went under.

POSTAGE STAMPS NECESSARY.

In accordance with an amendment to the Post Office Act, passed during the last session of Parliament, franking privileges accorded Provincial Legislatures and all their departments have been cancelled. In future postage stamps will be necessary on all Provincial bulletins, circulars and returns, and on forms used by clerks, medical men and others when making returns of births, marriages and deaths, and also on reports and returns to any provincial department.
