#### MR. COTTON'S RECORD.

The opposition to Mr. Cotton as a member of the Provincial Government has practically been taken outside the domain of public life and been placed on a personal basis. The politicians and newspapers which were unable to defeat him on the grounds of his administration of the affairs of the province, are attempting to destroy his usefulness by making allegations against his personal rectitude and integrity. Nor does the real strength of these accusations rest on acts alleged to have been committed in this province or in recent years. There are, indeed, certain charges imputing sinister conduct to him since he has become a member of the legislature, but his political enemics have shouted these accusations against of the electors who support the present DISCRIMINATING AGAINST ROSShim from every flustings in the country with all the virulence at their command.
