I OWE MY HEALTH

To Lydia E. Pinkham's Vegetable Compound.

Washington Park, Ill. — "I am the mother of four children and have suffered with female trouble, backache, nervous spells and the blues. My children's loud talking and romping would make me so nervous I could just tear everything to pieces and I would ache all over and feel so sick that I would not talk to me at times. Lydia E. Pinkham's Vegetable Compound and Liver Pills restored me to health and I want to thank you for the good they have done me. I have had quite a bit of trouble and worry but it does not affect my youthful looks. My friends say 'Why do you look so young and well?' I owe it all to the Lydia E. Pinkham remedies."

—Mrs. ROBT. STROBEL, Moore Avenue, Washington Park, Illinois.

We wish every woman who suffers from female troubles, nervousness, backache or the blues could see the letters written by women made well by Lydia E. Pinkham's Vegetable Compound.

If you have any symptom about which you would like to know write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for helpful advice given free of charge.

GERMANS MUST FIGHT TO A FINISH Cannot Declare Terms of Peace.

BERNE, Switzerland, July 10.—According to Berlin newspapers, the German Chancellor, Dr. Von Bethmann-Hollweg, said to the members of the Reichstag, "I repeat that the formula of peace without annexations is unacceptable to us. We cannot declare our terms of peace. We must fight and conquer."

The Chancellor made a strong attack on Mathias Erzberger, leader of the Catholic Centre Party, who assailed the Pan-Germans in his address before the Main Committee last week and advocated peace without annexations or indemnities. Dr. Von Bethmann-Hollweg said Herr Erzberger's attitude was unpatriotic.

Will Continue Fight.

According to the summary of the Chancellor's speech before the Main Committee published in the Lokal Anzeiger of Berlin, he said: "We must continue the war with our whole energies. I do not deny that we have great difficulties to overcome but so have our enemies. We shall see whether their difficulties or ours are the greater."

"I am sure we can win if we hold out."

"Nothing was further from my intention than to cling to my post, but now it is a question of protecting the Fatherland from injury, and for this reason I consider it necessary to remain my post."

AMERICAN STEAMER SUNK BY SUBMARINE

Sandy and Pat were discussing the war economies of their respective landladies. "Indadee," says Pat, "the other day, Oi saw that wimmen O'Grady countin' the pacs to put in the broth."

"Och," replied Sandy, "that's naethin'." Where I am the landlady melts the margarine an' paints it on her bread wit a brush!

CANADA HAS A FOOD CONTROLLER WHO IS DOING A REAL WORK AND WHO WILL GO DIRECT TO THE BUSINESS IN HAND

Mr. Hanna is going to be a real food controller. He means business. In his address to the Women's Press club he showed his contempt for red tape and round-about methods. His program includes no deliberately moving commission to bring in long winded reports which no one reads. As his organization takes shape it embraces agricultural and transportation experts and men like George Wright of the Walker House who understand the handling of food-stuffs on a large scale for general consumption. In co-operation with the American food controller, he hopes to eliminate waste and profligating in food throughout Canada and the United States.

If the 100,000,000 people on this extravagant continent can be prevailed upon to practice reasonable kitchen and table economies the surplus food thus accumulated will go far to supply the prospective shortage in the ally countries of Europe. The high incentive thus offered to Canadians and Americans should be powerful in its aggregate effect. Taking one item, it is said that the Allies in western Europe look to North America this year for 400,000,000 bushels of wheat. The prospect is that we shall have only 300,000,000 bushels for export. If by using brown bread we can get together a great quantity for export there is no excuse recognizable in the moral world why we should not do so.

So it is with meats and other commodities. The less we eat the more we shall release for the winning of the war. In place of meats we can use more fish. Mr. Hanna says that he means to see that fish caught in Canadian waters is carried from the nets to our tables without doubling or trebling in prices. If he can materially reduce the cost of the man fish foods taken in the Great Lakes and on the two sea-boards the food controller will accomplish an important reform. The public will watch his efforts with eager sympathy. He appears to be the right man in the right place.—Toronto News.

DEATH OF JONATHAN NEWCOMBE.

BERWICK, July 9.—After a short illness there passed away at his home in Grafton, Kings County, on Saturday, Jonathan Newcombe who had been one of the highly respected residents of that place. He lived on the farm that his grandfather, another Jonathan Newcombe had settled on he being the first settler in that locality, and there was not another house within a radius of five miles. Mr. Newcombe was a staunch member of the "Covenant" Church, on Wellsford Street, and he was buried in the cemetery adjoining the church this afternoon in the family lot. He leaves a widow, who was Miss Annie Foote, and a sister, Mrs. Maynard Porter of Woodville.

RUSSIAN ARMY IS GOING TO FIGHT

PETROGRAD, July 8.—(Delayed)—The Russian army is going to fight. The spirit among the troops every where is excellent. The advance so brilliantly begun has every chance for successful continuation.

This was the reassuring comment on the Russian military situation made by Major General Hugh L. Scott, chief of the General staff of the United States army, on his return tonight from a ten days tour along the South Western front into Roumania.

Quarter of the Krupp Plant at Essen Was Destroyed

Amsterdam, July 10th. Les Nouvelles de Maestricht, Holland, reports that Dutch workmen who were laid off at the Krupp works on account of the destruction of buildings in the recent French air raid, assert that a quarter of the Essen plant was destroyed. The material damage is placed at millions of francs, and it is said that 100 employees were killed and hundreds of others, including 45 French prisoners, wounded.

One, and possibly two French airplanes, dropped bombs on Essen last Friday. The official German report of the raid said only two bomb holes were found.

A French Liner Sunk

Paris, July 10th.—The French liner Caledonien was sunk by a mine or torpedo in the Mediterranean, June 30th, according to an announcement issued last night by the ministry of marine. Fifty-one persons were lost and 380 were saved. The Caledonien was a vessel of 4,140 gross tons, built in 1882 and owned by the Messageries Maritimes of Paris.

Two Norwegian Steamers Sunk

London, July 10th.—The sinking of the Norwegian steamships Henrik, 3,829 tons gross, and Lovvaken by German submarines is reported in a dispatch from Copenhagen. The crews were saved.

The Norwegian steamship Victoria II, 2,798 was sunk by a German submarine while on the way to the United States. One life boat in which were a number of the crew was lost.

Two Enemy Airplanes Were Lost

London, July 10th.—The commander at Lowestoft, says an official statement, reports that yesterday the British armed trawler Iceland destroyed two enemy seaplanes and brought four prisoners into port.

WARNS HUNS ABOUT THE SUBMARINE CAMPAIGN

AMSTERDAM, July 9 (via Reuter's Ottawa Agency)—The military correspondent of the Frankfurt Zeitung, writing on the submarine campaign, recalls how he, has always warned the German people not to expect too decisive results from it.

"It must be admitted," he says, "that both in offensive and defensive means for combating submarines our enemies have made progress." He then proceeds to describe the methods used by the Allies to cope with the German under-sea boats such as nets, mines and smoke clouds, and continues:

"Only continued new constructions and the technical perfecting of the submarine will permit us to maintain the offensive advantage."

The correspondent condemns such statements as that England is completely blockaded, and such prophecies as that the submarine will bring a decision by August. He considers that submarines cannot produce a decision.

LONDON, July 9.—The American steamer Massapequa was sunk on Saturday by a German submarine. The crew was landed at the small island of Sein, off the French coast, 28 miles southwest of Brest.

Sadie was eleven, and Alice was seven. At lunch Sadie said: "I wonder what part of an animal a chop is. Is it a leg?" "Of course not," replied Alice; "it's the jawbone. Haven't you ever heard of animals licking their chops?"

Red Cross Mission Speeding for Russia.

Washington, July 7.—That the Red Cross Mission to Russia was organized, equipped with several carloads of serums, hospital supplies, and first aid materials and started on its way within five days after designation of the members was revealed today by Red Cross officials who had been withholding details until after the mission's departure from a Pacific port.

The mission's accomplishment on short notice was described by the officials as "a stupendous feat." Scores of telegraphic orders for materials which Russian Ambassador Bakhmeteff said were urgently needed in Russia were placed even while the mission was speeding across the country and were rushed to the port of embarkation.

Special military commissions have been given to all members of the mission, Dr. Frank Billings of Chicago, Chairman of the mission, and William B. Thompson of New York Business Manager, receiving the rank of Lieutenant Colonel. Each member wears the military service uniform of his rank. Even the two motion-picture operators who accompany the mission to make films of Russia war scenes for later display in America are commissioned as Second Lieutenants. Most of the others Commissioners have the rank of Major, and attaches have been made Lieutenants.

Several Villages are Taken by the Russian Forces.

Petrograd, July 9th.—Several villages and more than 7,000 men have been captured by the Russians west of St. Stanislaw, in Galicia, the war office announces.

Forty-eight guns, including twelve of large size, and many machine guns also were captured by the Russians.

London, July 9.—"In a successful raid by us last night, southeast of Hargicourt, we captured 35 prisoners including one officer," says today's official announcement. "A hostile raiding party was repulsed early this morning southeast of Loos."

Paris, July 9.—Another attack in strong force, was made by the Germans last night on the Aisne front, in the region of Chemin Des Dames, between Dovetts and Chevregny Ridge. The war office announces that the attack was without success. In a brilliant counter-offensive the French recaptured a major part of the trenches occupied by the Germans yesterday between Pantheon and Froidmont farm.

MADE A NEW RECORD

Lincoln, Neb., July 6.—Axtien a chestnut stallion owned by Sam Harris, of Aurora, Illinois, with Harris up, set a new track record in the 2.11 trot for a stallion in a race on a mile dirt track here yesterday afternoon, covering the distance in the third heat in 2.09 1-4. Axtien will go to the Grand Circuit this summer, first appearing at Cleveland Ohio.

THE CORRECT WAY TO TREAT A COLD

A cough is not a distinct disease, it is the result of inflammation caused by a cold. Therefore, the only way to cure a cough is to allay the inflammation which invades the delicate bronchial tubes. All of the narcotics in the world will not correct the conditions which cause a cough—they simply deaden the senses and afford temporary relief.

Penslar White Pine and Spruce Balsam with Menthol will promptly soothe and heal the inflamed membranes, and overcome the nervous irritation. Price, 25c and 50c the bottle.
