Great Britain and Canada is to be two cents a pound instead of 3 cents as the western terminus of the road, heretofore. This preference shown only to Canada over the other British colonies is admittedly for the purposes of enabling the publications of the United Kingdom to compete on a more equal footing with the papers and magazines published in the United States and which circulate extensively in Canada. If the experiment

\$10 CASH AND TEN MONTHLY PAYMENTS OF \$5 WERE

TERMS OF SALE.

At Louisville—Louisville 3, Milwanke 2.

MONTREAL, May 1.—A wife was sold here last week for \$60, of which \$10 was paid down. A watch and an overcoat was handed over as security and the balance was to be paid at the rate of \$5 monthly. The woman's husband was not supporting her and as she was young and attractive an admirer offered to buy her. She was agreeable and so was her husband. She wanted to be sure the deed of sale was legal and took it to the City Hall, where the Society for the Prevention of Cruelty to Women put the transaction under a ban.
