

Ruef Pleads Guilty.

San Francisco, May 16.—Abraham Ruef, acknowledged adviser of Mayor Schmitz, and once the recognized dictator of municipal affairs in San Francisco, unexpectedly pleaded guilty yesterday to the charge of extortion. Sentence will be pronounced two weeks hence.

DO YOUR EARS RING?

When they buzz and seem slightly deaf, beware of catarrh inflammation. This grows steadily worse, but can be cured by Catarrhose. J. A. Hammill, of Greenmount, P. E. I., proved the merit of Catarrhose and writes: "Catarrhose could have done worse Catarrh than I had for years. It caused partial deafness, bad taste, upset my stomach, made me sick all over. Catarrhose cleared my nostrils, stopped the cough and gave me a clear feeling in my breathing organs. I am absolutely cured." Doctors say nothing is better than Catarrhose. Try it and you'll say so, too. Two sizes, 25c. and \$1.00 at all dealers.

Escaped Prisoner Recaptured.

Woodstock, May 16.—Word reached Woodstock yesterday morning that Frederick Forbes, the escaped prisoner from Woodstock jail, had been arrested in Pontiac, Mich. Forbes is a Tillsonburg man, and prior to his last sentence spent one or two terms in Woodstock jail on minor charges. Last winter he was sentenced to the Central Prison at Toronto upon a charge of theft from the vinegar works, Tillsonburg. He was brought to Woodstock jail to await removal to the Central. Owing to the crowded condition of the prison he remained here until March 12. He escaped while housecleaning was going on in the jail.

YOUTH'S VITALITY SAPPED AWAY.

Your child looks poorly, tired and fretful. You would like this boy or girl to be more robust, more energetic and vivacious. The "something" that is wrong is simply this: Stomach and bowels need attention. Constipation and indigestion must be relieved, new life and vigor are required in the blood, slight assistance is needed for the kidneys and liver. Nothing is so effective as Dr. Hamilton's Pills. They put new life into young folks as well as the old ones. Every child should use this medicine regularly because its benefits are not to be had in any other way. 25c. at all dealers.

Civil Service Commission Meets.

Ottawa, May 16.—The civil service commission met and organized here yesterday. J. M. Courtney, the chairman, pointed out that the enquiry would be conducted under the following heads: 1. General operation of the Civil Service Act. 2. Classification of the service. 3. Salaries. 4. Temporary employment. 5. Technical employees. 6. Promotions. 7. Discipline and hours of service. 8. Efficiency of the departmental staffs. 9. Retiring allowances. 10. Any other matters which suggest themselves as requiring consideration. The commission will report next session.

No Heart too Bad to be Cured.—Testimony could be piled high in commendation of the wonderful cure wrought by Dr. Agnew's Cure for the Heart. No case stands against this great remedy where it did not relieve the most acute heart sufferings inside of thirty minutes. It attacks the disease in an instant after being taken. 113 Sold by W. W. Turner.

Uses in fermenting Vat. Walkerville, May 16.—Wm. Kenney, aged 22, employed in the mash-room of the Hiram Walker & Sons Distillery, was drowned in a large fermenting vat Tuesday night. Foreman Chittum found a derby hat, and saw a hand, clutching a broom, protruding from the semi-liquid mass of mash in the vat. Kenney was dead when he was pulled out. A coroner's jury was empaneled yesterday, and an inquest will be held Monday.

STRIKE MORE SERIOUS

Montreal Teamsters Now Join the Longshoremen.

Say They Have Grievance of Their Own.—Not in Sympathy With Others.—Shipping Federation Calls For Immediate Government Action.—Police Are on the Alert—Complete Tie-Up of Freight Likely.

Montreal, May 16.—The longshoremen's strike in the port of Montreal is gradually approaching a crisis. While yesterday there had not been any further outbreak among the men the strikers are becoming very restive and trouble is feared before long. Neither side have so far given the slightest indication of yielding, and claim to be confident of victory. Some 1,800 men reported at union headquarters yesterday. Hon. R. Lemieux, Minister of Labor, was communicated with at Fraserville, Que., yesterday by the shipping federation, asking for the enforcement of the Conciliation Act dealing with strikes, but he wired for them to take up the matter with Deputy Minister at Ottawa. It was not thought Mr. Lemieux will take a hand in the matter unless more serious trouble develops.

Vessels Go Help. Owing to the strikers not attacking the non-union men the steamship companies are steadily getting more men to work and yesterday morning the C. P. R. steamer Lake Manitoba cleared at the usual hour. Nearly all the cargo had been placed on board. Steamers leaving at the end of the week will clear with light cargoes in order to make their sailing dates.

Freight is accumulating very fast on the wharves, and every hour means that it has become more difficult to unravel the tie-up.

The exact situation was that each side was marking-time to see what action the other would take. Papers Condemn Men. Nearly all the local papers claim editorially that the men had no right to go on such short notice, and the steamship companies are making the most of the support from this quarter. No disorders have yet taken place, apart from the attack on some men working on vessels Tuesday, and this was soon suppressed.

It was proposed to arrest the leaders of the strike, under the clauses of the new act, but it was apparently decided yesterday that such an act might do more harm than good, especially as the act has not yet been tested by the courts, and there would necessarily be great delay in obtaining a conviction under it. Teamsters Go Out. The longshoremen on strike were joined by the teamsters of the Shedd Forwarding Co. yesterday. In the afternoon 156 teamsters employed by Cunningham & Wells went on strike for higher wages. There are now over 400 teamsters out, and it is said that by noon to-day Montreal may be in the grip of a general teamsters' strike. The move of the Shedd Co.'s men is understood to be merely the signal for the entire local body of city teamsters to come into the field for more wages. The chief transfer companies of Montreal expected that their employees would be on strike this morning. This statement is founded on the expressed opinions of several of the largest local employers of teamsters. Those who will be most seriously affected are: Cunningham & Wells, employers of nearly 250 men. Meldrum Bros., 250 men. Canadian Transport Co. (C. P. R.), over 400 men. Terminal Warehouse & Carriage Co., about 200 men. Canadian Transfer Co. (Great Northern), between 125 and 150 men. Daniel Donnelly, about 200 men.

Freight Piling Up. Ottawa Teamsters Still Hang Out For More Pay.

Ottawa, May 16.—The Dominion Transport Company, whose staff of 23 teamsters went on strike Thursday for an advance of \$4 per month, have not been able to procure men and the freight which should be delivered in the city, is accumulating. Over 100 cars are standing on the C. P. R. tracks at the Union Depot, and there are no men to relieve the situation. A report that one of the C. P. R. freight handlers was discharged because he persuaded new hands employed by the transport company not to work, is denied by C.P.R. officials, who say the railway company is not directly concerned in the strike. City merchants are beginning to send special carters to the station for their freight.

May Municipalize Cars.

San Francisco, May 16.—The United Railroads operated over 100 cars Tuesday, and everything passed off quietly outside of the district south of Market street. Here hoodlums kept up a riotous demonstration, and beat and abused many passengers and carmen. Fifty thousand persons rode Tuesday.

The carmen are now directing their energies towards formulating a plan for the municipal ownership of the street railroads, and L. D. Mahon, president of the Association of Street Railway Employees of America, expresses the belief that this will follow the present car strike.

Draw Color Line. Seattle, Wash., May 16.—The entertainment committee of Christian Endeavor Societies of Seattle, having in charge preparations for the National Christian Endeavor Convention, to be held here in July, Tuesday night, after considerable debate, voted that colored delegates should not be housed in the same hotels with whites.

Freedom of Bristol. London, Eng., May 16.—Sir Wilfrid Laurier, Sir Joseph Ward and Sir Robert Bond were yesterday presented with the freedom of the City of Bristol.

WHAT A PROMINENT SALVATIONIST OWES TO ZAM-BUK

Mr. R. C. Burton, a prominent Salvation Army worker, who occupies the proud position of Deputy Band-Master at the Temple Toronto, has just proved how wonderfully beneficial Zam-Buk is in cases of skin eruptions, pustules, etc. He says:—

"Pimples and sores broke out all over my face and neck, and notwithstanding all I did to try and remove them, they continued to increase. They were not only very unsightly, but very painful, and I was sadly troubled how to get rid of them. I was advised to try Zam-Buk, and for several days I applied it to the face and neck, gently anointing the sore places. In a few days I perceived a marked improvement. The sores were not so angry and some of the inflamed patches became lighter in color. I persevered with Zam-Buk after noting this satisfactory state of affairs, and it did not take long before the blemish demonstrated its healing powers. I found it a splendid remedy, and it cleared both my face and neck in fine form. I would strongly recommend Zam-Buk to all who suffer from any skin eruption whatever, and I trust the publication of my experience will lead others to prove how beneficial Zam-Buk is."

Zam-Buk is a sure cure for eczema, itch, blood-poison, ulcers, chronic sores, ringworm, children's rashes, spots, etc. It also cures cuts, burns, bruises, chapped hands, enlarged veins, piles, and all disordered or injured conditions of the skin and subjacent tissues. All druggists and stores sell at 50c a box, or post free from the Zam-Buk Co., Toronto, for price, six boxes for \$2.50. Send one cent for dainty trial box.

ENGLISHMEN'S STORY DENIED.

Men Were Not Refused Work Because of Nationality.

Port Arthur, May 16.—There has been a story going the rounds of the eastern papers, which has gained some credence in England, that a party of 24 Englishmen from Ipswich had been refused work in Port Arthur entirely on the ground that they were Englishmen. It is true that a party of men came to Port Arthur from England under promise of work on the Grand Trunk Railway, but on arrival it was found that they were not capable of doing the work the company wanted them to do, which was rock work, under contract to Foley Bros. & Larsen. The matter was taken up by Immigration Agent Burrows, and work was found for every one of the 24 men. Representatives of the Grand Trunk Pacific Railway and of Foley Bros. & Larsen both emphatically deny that the men were refused work because they were Englishmen, and that they were refused work at all, and say that they would have been given work as common laborers, but they preferred to remain as such in Port Arthur.

ARE YOU NERVOUS?

Nervousness and sleeplessness are usually due to the fact that the nerves are not fed on properly nourishing blood; they are starved nerves. Dr. Pierce's Golden Medical Discovery makes "pure, rich blood," and thereby the nerves are properly nourished and all the organs of the body are run as smoothly as machinery which runs in oil. In this way you feel clean, strong and vigorous—you are toned up and invigorated, and you are good for a whole lot of physical or mental work. Best of all, the strength and increase in vitality and health are lasting. The trouble with most tonics and medicines which have a large, booming sale for a short time is that they are largely composed of alcohol holding the drugs in solution. This alcohol shrinks up the red blood corpuscles, and in the long run greatly injures the system. One may feel exhilarated and better for the time being, yet in the end the system is weakened and with vitality decreased. Dr. Pierce's Golden Medical Discovery contains no alcohol. Every bottle of it bears upon its wrapper The Badge of Honesty, in a full list of all its several ingredients. For the druggist to offer you something he claims is "just as good" is to insult your intelligence.

Australia's Confidence.

Perth, West Australia, May 16.—At the interstate conference yesterday the Hibernian Societies, representing 26,000 members, a resolution was adopted expressing confidence that the Irish party, under the leadership of John A. Rodmond, will adopt a correct attitude toward Birrell's Irish bill.

DOCK FIGHTS AT MONTREAL.

Strikers Attack Workers—The Police Charge Stone-Throwing Crowd.

Montreal, May 15.—Striking longshoremen attacked the men who were still at work yesterday afternoon, throwing stones and other missiles. The police charged the rioters and in the row Lieut. Beauregard was badly hurt. He was struck by one of the stones. The police reserves were called out, but made no arrests.

There are 1,800 longshoremen out. The carters and freight handlers remained at work. Two hundred men were engaged by steamship companies in longshoremen's places yesterday morning.

The men enlisted public sympathy against them by going out on a few hours' notice. They sent a demand for five cents an hour increase, about 10 a. m. Monday and at 6 p. m. went out on strike. They receive 25 cents an hour and 30 cents a night. They ask for 30 and 35 cents.

Have Violated the Act. Ottawa, May 15.—Enquiry at the Department of Labor in regard to the Longshoremen's strike at Montreal elicits the opinion that this matter will come under the operation of the Industrial Disputes Investigation Act of last session, and that the men therefore are not at liberty to strike without first submitting the matters at issue to a board of investigation. A law of last session provides that it was to apply to any striking property, agency of transportation, or communication, or public service utility, including railways, steamships, telegraph and telephone lines, gas, electric light, water, and power works.

The final determination as to the application of this law in the case of the Longshoremen's strike rests with the Minister of Labor, and Hon. Mr. Lemieux is now in Quebec, but the matter will not doubt be brought to the attention of that gentleman without delay. Any employee who goes on strike contrary to the provisions of this Act leaves himself open to a fine of not less than ten nor more than \$50 for each day or part of day that he remains on strike. The procedure prescribed under the law requires that when any dispute has arisen that the parties are unable to adjust themselves by their own means, the Minister of Labor for the appointment of a board of investigation and conciliation to which the issue shall be referred.

BURGLARS' DARING ESCAPE.

Sensational Chase After Leader of Notorious Gang.

Rochester, N. Y., May 15.—Louis Peters, William S. Harmon and Harry Levine have been in jail here several days, charged with being suspicious persons. Yesterday they were arraigned in the Police Court, charged with car burglary and grand larceny, in breaking into New York Central Railroad cars and stealing clothing. The police allege they have evidence to this effect, gathered since the arrests. While in the detention pen at police headquarters, Harmon and Peters sawed the bars of their cell, and escaped. Peters was seen jumping 30 feet to the top of a shed, and then jumped to Exchange street in a dash for freedom.

Twenty policemen saw the men jump, and a sensational chase began, in which the bystanders joined. Harmon was caught after a hot chase. Peters was recaptured later hiding in a house on Washington street. The police say that Peters is leader of the "Rock Out" gang of car burglars, and has served a term in prison for car burglary. Harmon is alleged by them to have served a sentence in the penitentiary for carrying concealed weapons. Levine is not known to the police.

JAPS' BREACH OF FAITH.

China Dissatisfied Over Appropriated Property.

Mukden, May 15.—The repeated promises made by the Japanese, the past few years, to return to China the property appropriated through the exigencies of war, are still unfulfilled. In consequence of this China is experiencing much indignation at what is considered a gross breach of faith.

As yet the recovery of a large amount of Government and private property in numerous places throughout Manchuria, which was appropriated by Japan without compensation, on the sole pretext that China had failed to observe neutrality in allowing the Japanese to occupy these properties, is considered doubtful. This excuse is not considered honest, since Japan is fully aware of China's helplessness to enforce neutrality, while Japan, in regard to the abuse of the neutrality, is considered equally guilty. Russia holds much appropriated property, which has been given to Japanese traders without any compensation to China.

Bricklayers Make Trouble.

Brandon, Man., May 15.—Some trouble has arisen between the contractors of Brandon and bricklayers and masons in the union. The contractors claim that members of the union are accepting contracts, and they ask the men to either declare themselves in the contracting business and leave the unions or to remain members of the union and not accept contracts. The contractors have written to the union notifying them that if this business of union men tendering for work does not cease, they will refuse to recognize the union.

A Sardinian Titbit.

The inhabitants of the mountainous districts of Sardinia eat large quantities of a fermented milk, resembling koumiss or kephir. It is prepared by allowing the milk of the cow, sheep or goat to ferment at a moderately high temperature, either spontaneously or after the addition of baker's yeast, until it thickens into a more or less consistent homogeneous mass, at which stage the fermentation is stopped by plunging the vessel into cold water. This product, which has a sharp acid flavor, is eaten either by itself or spread as a butter upon bread.

HEART TROUBLE CURED

In the rush, hurry and worry of modern times, we overwork the heart. Is it any wonder then that there comes a breakdown of this wonderful little engine, when such a continued strain is placed upon it day after day. There are many forms of heart trouble and the slightest derangement of this important organ is extremely dangerous. To strengthen the weak heart it is necessary to use a remedy that will act upon the heart tissue, restore and revitalize it and at the same time tone up and invigorate the nervous system, we have such a combination in

MILBURN'S HEART AND NERVE PILLS

Mrs. Ella Dingman, Morganston, Ont., writes of her experience with them: "It is with the greatest pleasure that I recommend Milburn's Heart and Nerve Pills. I was troubled for a long time with my heart; I had weak and dizzy spells, could not rest at night, and I would have to sit up in bed the greater part of some nights, and it was absolutely impossible for me to lie on my back. At last I got a box of Milburn's Heart and Nerve Pills and they did me so much good I got another box and they effected a complete cure. I have not been troubled with my heart since."

Price 50 cents per box or 3 boxes for \$1.25 all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

A Brotherly Act.

Admiral Lord Charles Beresford commanded a naval brigade in the Sudan when the British forces were there. One day when the Arabs were making a terrific onrush the admiral's life was saved by a mule which fell dead upon him. When the square had been reformed and the Arabs were repulsed, Lord Charles was rescued. He looked at the mule for a moment and then remarked gratefully, "Now, that poor beast did what I should call a brotherly act."

BOTTLED MILK, CREAM AND BOTTLED BUTTER-MILK

The Maple City Creamery will deliver bottled milk on and after Tuesday morning, and respectfully ask for a trial order.

The milk will be bottled as soon after milking as possible, so our customers will get all the cream the cow puts into the milk.

Our bottles are all full imperial measure, and will be thoroughly washed every day and filled by machinery, and when the caps are put on no STREET DUST can get in and NO CREAM can get out. Our sanitary tickets will be used only once, 34 pints for \$1.00, 17 pints for 50 cents or 8 pints for 24c. A pint milk ticket will get a quart bottle of fresh butter milk, 2 pint milk tickets for half a pint bottle of coffee cream or a small bottle of whipping cream and 6 pint milk tickets for a pint of ice cream; all delivered as promptly as possible.

Come and see for yourselves where and how the work is done, and you will readily see that in bottles is the only sanitary, up-to-date way to handle milk and cream.

Visitors always welcome at
