WOLFVILLE, N. S., MAR. 3, 1893.

Local and Provincial.

Mass Camp came to Wolfville from Toronto on Tuesday evening, on account of the illness of her sister, Mrs. T. A. Higgins.

Special revival meetings are being held in connection with the Baptist church of this town. Rev. Isa Wallace is assisting and much interest is manifested.

Miss Lottie Freeman, daughter of Rev. M. P. Freeman, who attended the Seminary before Xmas, has been quite ill at her home in Gaspeau for some time.

Next Sunday, March 5th, there will be morning service in St. John's Church at 11, and evening service at 7. The holy communion will be administered at the 11 a.m. service.

Cases Hats and Caps just opened at Caldwell's. See "Lord Roseberry Hat."

There will be a meeting of Liberal Conservatives in Harris' Hall on next Thursday evening, to arrange for the organization of a Conservative club. All Conservatives are requested to attend.

Mr. Fred S. Fisher, of Boston, is spending a few days in Wolfville, looking for some speedy horses. He has purchased one from Mr. Arthur Morine, Church Street for \$175, and is treating with some of our Wolfville horsemen for their "flyers" which he may purchase later on.

Cases Ready-made Clothing, just opened at Caldwell's.

The half-mile race in the Rink last Friday evening between Smith, of Windsor, and McClosky, of the Academy, resulted in an easy victory for the former.

The carnival of the same evening was fairly well attended, but was not so successful as was anticipated.

The Imperial Oil Company will hereafter, it is announced, sell its best quality of oil at 12½ cents per gallon. This shows that it might have been sold before the change in the tariff for 15 cents. Why in the world then did the refiners allow the retailers to charge 28 and 30 cents?

Ball's and Amherst Boots and Shoes, just opened at Caldwell's.

A hockey match was played in the rink on Saturday afternoon last between the Freshmen of the College, and the Academy. It resulted in a draw in favor of the Academy.—We are informed that we were in error in stating that the game last week between Hantsport and the Freshmen was a draw. The score stood 4 to 2 in favor of the Freshmen.

Ladies, the March number of *Toilettes* is out with a grand display of new spring styles. An attempt to describe the hundred or more beautiful garments illustrated would take columns of the paper, even then we could not do the magazine justice. The publishers deserve the praise of every lady in the land for placing this handsome book on sale with every new number, at the low price of 15 cents for single copy, or \$1.50 for a year.

New Spring Prints, Shirtings, Sheetings, Pillow Cases and Tickings, at Caldwell's.

Messrs. Pickford & Black, of Halifax, have addressed a circular to the members of parliament soliciting their support for an appropriation of \$10,000 by the government for the better development of the Canada-West India trade, and the result which they promise is "an increase in trade between the two countries within the next two and a half years equal to \$2,500,000 annually, presuming that the freights and the fiscal policy of Canada are favorable to a development of the trade."

With the February issue *Canada* is enlarged permanently to 8 pages of 5 columns each. It contains original stories and articles worthy of the highest priced magazines, many of the best writers in the Dominion are among its contributors. *Canada* is a most interesting compendium of everything relating to our own country, and equally attractive to both young and old. In fact it is a one dollar monthly magazine for 30 cents, or rather 30 cents, as the publisher offers it to new subscribers one year for 30 cents in stamps. Address: MATTHEW R. KIGHT, Hampton, New Brunswick.

TEA!

Thomas Garway, merchant, London, wrote of Tea, 1687:—"It maketh the body active and lusty, helpeth the headache, causeth good appetite and digestion, strengtheneth the memory, overcomeeth superfluous sleep, etc."

To MAKE A PERFECT CUP OF TEA. Boiling water is the secret of good tea making.

Put fresh water in the kettle every time you start to make tea. Don't use water that has been some time in the kettle.

Of all teas, the little Brown Earthenware one is the very best for the purpose. Heating the pot is a great essential in making good tea.

Use about a teaspoon to each person. Allow the infusion to stand only from five to seven minutes before pouring out first cups; after pouring these out, add enough hot water for second cups. Very long infusion spoils good tea, bringing out the tannin, which imparts a bitter flavor. The finer the tea, the more it suffers from long drawing.

If tea must be kept some time drawn, it is always best to pour off the infusion at the proper time into a second teapot, leaving the tea leaves out. All that portion of the tea that can be dissolved is extracted before the expiration of ten minutes; the infusion is then at its best; from that time, if allowed to stew, it loses its flavor and becomes dull and bitter.

The above directions apply to Tea of Good Quality and Strength such as,

"Empire No. 1,"
"Union Blend,"
and other choice brands sold by us.

We sell a cheap black Tea (good value), \$3 lbs. for 50 cents.

Choice Tea in handsome 3 & 5 lb. canisters.
