Editorial Jottings.

Total elimination of the foreign element from the Canadian national mercantile marine service was a point added to the aims and objects of the Naval Veteran's League at its meeting at Toronto.

Members of the mercantile committee of the chamber of commerce at Lawrence, Mass., went on record in favor of combining the celebration of Armistice day with that of Thanksgiving in the future.

Recently a pilot glided 35 miles with a "dead" motor. He stopped his engine at an altitude of 17,000 feet and could have gone 50 miles in any direction, had he not decided to land at Ithaca, N. Y., while he still had an altitude of about 5000 feet.

The New York Herald, Sunday, Nov. 16th, contains "The Gateways of Canada" by H. S. Philpot—an illustrated article, showing where are located the Great Gates through which pass in and out the enormous commerce of the prosperous Dominion.

English manufacturers are now making carpets which are claimed to be exact reproductions of rare Eastern carpets. The most remarkable feature about them is considered to be the true rendering of that Eastern lustre which has hitherto defied successful copying.

One of the most important measures next session will be a Federal elections Act. The war time elections Act has been repealed and the bye-elections are being held under a special Act. The new Act will provide for lists independent of those compiled by the provinces.

The number of returned soldiers settling on the land is not so large as it was hoped it would be. Yet, the number is large enough to do lasting good to the agricultural community if these new farmers persevere. We understand that about 40,500 have taken advantage of the government's plan and of these about 30,000 have obtained agricultural qualification certificates, certifying them to know enough about farming to be entitled to aid.

Mail Contract.

SEALED TENDERS, addressed to the Postmaster General, will be received at Ottawa until noon, on Friday, the 19th December for the conveyance of His Majesty's Mails, six times per week, over the Greenwich No. 2 Rural Mail Route, under a proposed contract for four years, to commence at the Postmaster General's pleasure.

Printed notices containing further information as to conditions of proposed Contracts may be seen and blank forms of Tenders may be obtained at the Post office of Greenwich, and at the office of the Post Office Inspector: W. E. MACLELLAN, Post Master Inspector, Post Office Inspector's Office, Halifax, N. S. 6th November 1919.

G. W. V. A.

The winner of the G. W. V. A. Victory Loan, was Mr. Owen Porter, the winning number being 77. The Association is the grateful recipient of the photo of the label erected at Passionale for the 25th men who fell during the engagement, which was on display in Mr. Graham's windows during the Victory Loan campaign. Many thanks, Mr. Graham.

The Disputed Acadia—U. N. B. Game

The dispute between the University of New Brunswick and Acadia University to the re-playing of the match between their football teams, which was ordered re-played by the Intercollegiate League, probably will go to the trustees of the Clark trophy. Acadia has replied to U. N. B. that such reference would be satisfactory to them.

Through an error in the office the date of Rev. Dr. MacDonald's lecture on "A Chaplain's Experience's Overseas" was announced for last Friday evening. The lecture will take place this (Friday) evening in College Hall at 8 o'clock and will no doubt be an interesting one. Special music will be provided.

Mr. Arthur Harris, who recently moved from Fitchburg, Mass., and purchased the Charles Borden property on Main street, is making alterations and improvements which will add very materially to the appearance of the property as well as to that part of Wolfville. We understand he intends removing the old carriage shop, and making other changes that will make the property and surroundings much more attractive.
