APPROPRIATE WINDOW

A most appropriate "In Memoriam" window was displayed at Mr. Jas. Stables' grocery store on Saturday, Armistice Day. The window was draped in black, with a white cross, bearing the inscription "In Memoriam" "To Our Fallen Heroes", placed in the centre, the bottom of which was artistically strewn with poppies, as if growing on the grave of a fallen hero. It was much admired and highly complimented on. Mr. Wm. Stables designed and decorated the window.

"THE DEACON"

The comedy "The Deacon" was presented last Thursday evening in the Blackville Hall by some of the local talent of Blackville. The hall was well filled and the audience was delighted with the entertainment. The proceeds will be utilized for the benefit of the Tennis Club.

Rich, Red Blood Necessary To Health

Weak, Watery Blood Needs a Tonic to Build it Anew

Why are we continually told that health-giving blood must be bright red? What has color to do with the quality? Just this—the oxygen in the air is the great supporter of all organic life. One function of the blood is to take the oxygen from the air—which it meets in the lungs and delivers to the tissues of the body. When the blood, filled with life-sustaining oxygen, is sent out by the heart, it is bright red. When it returns, impure and deprived of oxygen it is dark.

You will see, therefore, that there are two prime requisites of health, pure air and bright red blood—the pure air to furnish the oxygen, the rich red blood to carry it where it is needed.

Pale, anemic people, whose nerves are on edge, who tire out easily, and who suffer from frequent headaches, do so because their blood is thin and watery. All such people can improve their condition through a fair use of Dr. Williams' Pink Pills, which enrich the blood, thus enabling it to carry oxygen to the system. Among those who have benefited from the use of this medicine is Mr. Charles A. Stayner, Glenholme, N.S., who says: "Some four years ago I found myself badly run down. I tired very easily, and found it difficult to do my work. My appetite failed and I slept badly at night. I was taking medicine, but it was not helping me, and I was growing weaker and weaker. A friend who called to see me advised me to try Dr. Williams' Pink Pills. I got six boxes and before these were done I felt better. Then I got six more boxes, and after taking them felt as well and strong as ever. Four years have passed since that time, and I have continued in good health and working all the time. I have recommended these pills to others and shall continue to do so."

These pills are sold by all medicine dealers or will be sent by mail, post paid, at 50 cents a box or six boxes for \$2.50. Write to Dr. Williams' Medical Co., Brockville, Ont.

NO FLAG ON TOWN HALL

On Saturday a number of flags were flown throughout the town in honor of Armistice Day. As usual the flag on the Town Hall was conspicuous by its absence. Many citizens noticed that it was not flying and all felt that the matter should have been attended to by the responsible parties. One citizen passed the remark "That it would be a shame to fly the flag on such a windy day, as it would be torn to shreds." This was by way of ridicule, because the day was a delightful one and hardly a breath of wind blowing. It is simply another example of how badly we are drifting in public matters in Newcastle.

REMEMBER

That Bengough, the famous cartoonist, is to be at the Opera House on Friday evening, and you are expected and cordially requested to be present to see and hear him. You will not only take advantage of the opportunity of seeing Bengough—it is an opportunity and perhaps your last, but it is also one by which you will assist one of our most worthy institutions—The Miramichi Hospital. This institution needs the hearty co-operation and assistance of the public, and it is in matters of this kind that we all can do our bit along those lines. Remember the date—Friday. Make no other appointments for that evening and help fill the Opera House for this worthy cause.

PHONOGRAPH FOR SCHOOL

So far all efforts made to arouse interest in the teaching of music in the public schools, have been without avail. However, the teachers of Harkins Academy would not be satisfied until they secured some method of giving the pupils an idea of classical music, and as the result of a canvass made by Miss M. J. Dunnett, among former pupils of hers, it has been possible to procure for use at the Academy, a Columbia Grafanola, which will be used by each room alternately. Suitable records will be purchased, and played at the instance of the teachers, when deemed feasible. For instance, in some of the grades it will be played as an incentive for better work. In this way it is thought that the children will become interested in high class music, and it is not intended in any way to take the place of a musical instructor. It is to be hoped that the matter of providing a musical teacher will be at once taken up and the pupils and teachers be assisted in this most desirable and educational subject.

On Wednesday's Maritime Express en-route from Halifax to Ottawa, Mr. and Mrs. Brown were residents of Newcastle for some time during the war years when Mr. Brown was stationed at the Wireless. They were met at the station by some of their friends who were delighted to see them again.
