The de-ceased, although resident on the Island but a short time, had made numbers of friends who esteemed her for her many good qualities, and her early death is to them a source of much regret. The high respect in which she was held was evinced by the great concourse of per-sons assembled at her funeral, which took place on Friday last. In her illness she was under the care of Dr. J. F. Martin, who did all he resighty could be relicated as all he possibly could to relieve and save her. Her bereaved husband and family have the sympathy of the whole community in their deep bereavement.

DEAR SIR.—Words fall to express my gratitude to you for the benefits I have received from your treatment. For sixteen months I never walked, or even stepped to the floor, and also suffered from paralysis, which prevented me using either my hand or arm. Now I can walk without any assistance, and my hand and arm are improving rapidly. I was treated by other physicians, but received no benefit whatever, and I am certain but for your treatment I should have been a heldess invalid.

Most gratefully yours,
