We certainly had a record attendance on the opening days of our inauguration sale. From the time 70 we opened on Saturday there must have been literally, thousands swarming into the store. We believe that NOT ONE DISSATISFIED CUSTOMER

walked away, though we were hard put to it to keep pace with the demands on our staff. We desire to extendour heartiest thanks.

To the Thousands who Patronized us

We have set a hot pace to a chilly tune and we intend keeping it up. To do this we must draw some from our reserve stock, and keep adding fresh fuel to the fire of values. We can keep it up, we shall keep it up and we are going to "land there," plumb into the position of THE place where men get most for their dollar.
