The strength of the new Progressive Party in its first line up against the other parties, and the disappearance of the Republican majority for the first time in the history of the State in presidential year, were the outstanding features in the State elections in Vermont to-day. The Republican loss apparently went to a great degree to the Progressives and to a somewhat lesser extent to the Democrats.

MAY NOT SHOOT.—A regrettable
circumstance in connection with the
competition in which our boys are
engaged at Toronto is that one of the
squad, Will Auckinleck, may not
shoot. Auckinleck is a prominent
member of the Highlanders and an
excellent shot with the rifle. Only a
few days ago his father died here in
the city, and the opinion expressed
is that this may prevent him from
taking part in the shoot.

LONDON, Sept. 4.
If American shipping through the
Panama Canal should be favoured as
a result of the recent legislation passed
by the United States Congress, it is
said that the British shipping interests
will retaliate by making an extensive
use of the railway across the Isthmus
of Tehuantepec. The traffic by this
line has already reached such propor-
tions that plans are being made to
double the line, and facilities at each
end will be so increased that tranship-
ment will be made extremely easy.

LENS, France, Sept. 4.
At least 40 coal miners are dead as
the result of an explosion of fire-damp
yesterday afternoon. Three of the res-
cuing party were among the dead, and
a number of others were injured
whilst trying to rescue their entombed
comrades. Of 60 men at work in the
pit, only 23 were brought out alive,
and many of these were badly injured.
Further explosions occurred this
morning. The entire pit is on fire, and
will be sealed up.

Gibbs' Rule.

Editor Evening Telegram.
Dear Sir,—Gibbs had the telephone
removed from the local policeman's
house and placed in Flat Rock, so
much for the protection of the general
public. Both the Parish Priest and
Inspector General Sullivan protested
against this outrage but Gibbs over-
ruled them.

McNamara took the position of
Game Warden from Mr. McGuire also
after his faithful 25 years service, and
gave it to one Tapper who has been
before the Magistrate on different
times for breaches of the Game Laws
and Sunday Shooting. How is this for
Justice?

If any sane man can call it so he
must be one of the Gibbs and Mc-
Namara class; 1913 will show these
two individuals what Torbay thinks of
their reward to an honest and faithful
protector of the people's rights. They
say Parsons was offered the road in-
spectorship also, but he refused on
the ground that he will get it anyway
after another year.

Please publish this little article,
Mr. Editor, and I will consider it a
great favour, if not for my sake, do so
for the love of Mike and Frank.
Yours truly,
WITHERD POND.

McMurdo's Store News.

THURSDAY, Sept. 5, 1912.

The Vinolia people, like most other
progressive firms, are continually add-
ing new specialties to their list. One
of their latest things in soaps we have
just added to our stock. This is
Royal Vinolia Cream Soap, and is a
"crackerjack." It has the ingredients
of the famous Vinolia Cream—world
famous as a skin remedy—in its
make-up combined with a well made
saponaceous matter, the whole form-
ing a soap of singular daintiness and
pleasantness in use, and exquisitely
perfumed. Sold at a moderate price,
this soap should become very popular
we think. Price 40c. for a box of 3
cakes; 15c. a cake.

This is the season for Water Glass.
A tin of ours at 15 cents will preserve

The fact that there is no word that

Most of the cheering is done by the
newspapers. The people occasionally
unbend, but the newspapers stage a
demonstration nearly every day.

The people appear to be growing a
little smarter. It is becoming more
and more difficult to sell patent right
territory.

there is nothing unusual about that.
