OFFICIAL.

LONDON, March 23.
The Governor, Newfoundland:

The French Government reports two serious reverses inflicted on the enemy in the Argonne, the enemy suffering very heavy losses. Counter-attacks were completely frustrated. The Russian Government reports progress on the northern front, and furious fighting in the Carpathians; 2,500 prisoners were captured near Lufkoff Pass. Near Munkacz, the German attacks were repulsed.

HARCOURT.

TURKS DEFEATED.

LONDON, March 23.
A statement given out by the Official Press Bureau this evening, telling of a defeat inflicted on a Turkish force operating against the Egyptian town of Suez, says: On the 22nd inst., at dawn, one of our patrols discovered a party of the enemy near Elubri, a port opposite Suez. Shots were exchanged. Aeroplanes estimated the number as about one thousand, composed of infantry, artillery and a few cavalry. The guns of Elubri opened fire and inflicted casualties whereupon the enemy retired and formed a camp eight miles east of the Suez Canal. Early this morning, a force under General Youngblood, attacked and routed the enemy, who is now in full retreat. A prisoner says this force came direct from Bire el Sabu, having taken 12 days en route, and that General Traumer and three other German officers were with it.

ST. PIERRE BULLETIN.

PARIS via St. Pierre, March 23.
North of Arras at Notre Dame de Lorette, a German counter-attack, delivered on Saturday, compelled us to evacuate several sections of trenches, which we re-occupied yesterday. At Boiselle, north-east of Albert, fighting operations continue. After blowing up one of the enemy's galleries we occupied the greatest part of the excavation. During Sunday, fifty shells fell on Rheims. In the Argonne we inflicted two severe reverses on the enemy. Near Bagatelle we blew up three mines, and two companies of infantry assailed a German trench, in which our troops held on, in spite of vigorous counter-attacks. Five hundred metres further on, the Germans, after blowing up two mines, shelled our trenches and charged on a front of about 250 metres. After a fierce hand to hand struggle our assailants, although reinforced, were thrown back. Our artillery then opened fire on them in their retreat, and inflicted on them very heavy losses.

On Notre Dame de Lorette height we occupy all the trenches around which centred the recent struggle, with the exception of a ten metres section still in hands of the enemy. At Eperages the enemy delivered five counter-attacks, in an attempt to recapture positions previously gained; but they were all repulsed. We have also progressed north of Badonville.

QUIET REIGNS AT SINGAPORE.

LONDON, Mar. 23.
The British Colonial Office this evening gave out a statement dealing with the situation in Singapore, where recently there was mutiny among the Indian troops. The statement read: All messages from Singapore, since the last notification, show the restoration of normal conditions. Of those who took part in the recent riot, all except eleven have now surrendered, have been captured or have lost their lives. Five rioters have been shot.

Don't Cough Your Throat Sore "Nerviline" Will Cure You Quickly

The Annoyance of a Bad Cough
Soothed Away in One Day.

Nothing so bad for the throat as coughing, and nothing half so annoying as to have some one near by that is hacking, sneezing, or constantly clearing the throat. Rub on Nerviline—it will save you all further pain and distress. Even one good rub with this soothing, penetrating remedy will bring the finest relief, will take out that rasping soreness, will stop that irritating tickle that makes you want to cough so much. Nerviline isn't something new. It has a record of forty years of wonderful success behind it.

In rubbing on Nerviline you use something safe, reliable, and sure to cure. Its action is marvellous. The way it sinks in through the tissues—the way it penetrates to the seat of the congestion is really a wonder. For chronic colds, coughs, or sore throat on can't beat this trusty old family remedy. Its name spells cure for any sort of pain in the joints or muscles. Try it for rheumatism, rub it on for sciatica or lumbago, test it out for neuralgia or headache—in every case you'll find amazing virtue and curative power in Nerviline. Most families keep the large 50c. bottle always handy on the shelf; trial size 25c., at all dealers in medicine.

St. Patrick's Day Celebration at Holyrood.

St. Patrick's Day—the great Irish festival—was duly observed and the great Saint highly honored. The members of the Star of the Sea Association met in their hall at 9 o'clock in the morning, and after a short business routine, and an encouraging address from Vice-President Walsh, lined up outside the hall under Marshals O'Rourke and Walsh, to begin the annual parade. The day was an ideal one for the celebration. The society in their regalia and the large numbers of citizens proceeding along the route proudly sporting the dear little Shamrock and garlands and wreaths of green—all combined to make an attractive scene. The parade arrived at the church at 10.30 a.m. and occupied the church pews. High Mass was sung by Fr. Cox at 10.30 and occupied the hour, and the organist Miss Nellie Flynn had a beautiful programme of music prepared for the festival which was rendered in faultless style and elicited most favorable comment. At the conclusion of the ceremonies, the Society reformed and marched back to the hall. Halting on the way at the Presbytery, Vice-President Walsh tendered the society's greetings and well-wishes to the respected Pastor and Spiritual Director, Rev. W. P. Finn, P.P. In reply Father Finn thanked the society for its greetings and well-wishes to him upon St. Patrick's Day, and commented upon the great part Irishmen—St. Patrick's people—were playing in the present big war. He eulogized V.P. Walsh for his fine speech and upon the fact of his having a son, a volunteer in the 1st Nfld. Regiment. Cheers were then called for and heartily given for Father Finn, Ireland and V. P. Walsh and the Star of the Sea Association of Holyrood, and the parade continued the route to the hall. The Society having returned to the hall was addressed by V. P. Walsh, lauding the members for their presence in such strength and urging unity and fraternity amongst the members so as to make the Star of the Sea grow stronger numerically and financially. A.V.P. Hicks, Treasurer Carroll, Secretary Dwyer and L. O'Rourke also congratulated the members for the successful parade and V. P. Walsh for so worthily discharging the duties of presiding officer of the day's celebrations. Regret was also expressed at the unavoidable absence of our

Worthy President, Capt. Lewis, who with V. P. Kennedy were lustily cheered and the society then disbanded.

The evening attraction was the "Star" concert organized and conducted by Miss Flynn, who indeed made a great hit with the performance all through, not alone because the object was a worthy one, but because the entertainment was in every sense high class and in good taste to the large audience which greeted its production. 'Twas really a first class entertainment, not a number on its varied programme of an inferior order. The singing of the young ladies and gentlemen, the recitations and the crowning piece, the comedy, were well rendered and well received—some numbers evoked a storm of well-merited applause, and Messrs. Kennedy and Byrne, and Master Veitch had to respond to reiterated calls for encores. The parents of Holyrood ought to feel grateful to Miss Flynn for the skilful training of and refining influences upon their children; and the general public to her and her troupe for providing such a happy and enjoyable Irish Night; and last but not least, the Star of the Sea Association for so handsomely swelling their funds. And without showering any further bouquets on Miss Flynn and her efficient troupe, we believe the entertainment should be repeated for it needs only to be seen to be appreciated.

The winding up of the day's festivities was the dance which was well patronized, and fiddler Ganey kept his patrons well employed in following his enchanting strains. Refreshments were served by Headmaster (Capt.) Lewis, Thomas Woods, J. F. Kennedy and Miss Susie Byrne, and materially increased the night's proceeds to the handsome sum of fifty dollars. At intervals songs were sung by the members of the troupe and everyone seemed to enter into the spirit of the festival for a happy and enjoyable time. The following was the

Note of Thanks from Mary.

To the Editor Evening Telegram:
Dear Sir,—Please allow me through your paper to thank the local members and others for having the public message at the Post Office placed in a more convenient position, as suggested by me some time ago. I would once more draw attention to the swinging doors, and request that they too be attended to. Many people have been hit by these doors, some about the head. Mr. Parsons, M. H. A. Up to the present no serious accident has happened, but if my Tom gets hurt there after so many warnings I expect I will have to take an action for damages. Tom's life is not insured, and while the war is on he will be going to read the messages, and running the risk of being killed. If the doors are not made secure I shall have to write Mr. Halley and try and insure Tom against accident.

Yours sincerely,
MARY.

Serious Assault.

MAY ATTACKS ANOTHER WITH AN AXE AND CHOPS HIM OVER THE EYE.

It was stated in certain circles last evening that a sensational incident resulting in the loss of life happened in the interior of the country. Fortunately the nature of the affair is not as serious, and enquiries made by us elicited the fact that on the morning of Thursday last, March 18th, a man named Harris, of Dark Cove, near Gambo, went into the house of a man named George Ivany, and attacked him with an axe, inflicting a severe wound over the left eye about an inch and a half long. No particulars could be ascertained as to the cause of the quarrel, but it has been learned that both men have been living at variance for a very long time. On his return from Grand Falls Magistrate Fitzgerald will investigate the assault.

Little Enteric in Army.

London Chronicle.—The number suffering from enteric has been kept very small—only 500 since the commencement of the war. The contrast with our terrible enteric figures in South Africa is sufficiently sanitary measures now taken in the Army; but there can be no doubt that the discovery and practice of inoculation has had much to do with it.

Post Office Case.

A further enquiry into the alleged robbery of money and clothes from the post office at Clarendville was conducted before Judge Knight yesterday afternoon. Head Const. Dawe, who arrested the accused, now on remand, gave evidence. I. G. Sullivan is acting on the case for the Crown and Mr. Morine for the defence.

New York, March 17.—The Sun says: John Hastings of the Intelligence Department of the British army sailed from New York this afternoon for Kingston, Jamaica, to arrange for the transportation of 5,000 or 6,000 German prisoners of war to Halifax.

Seaman Arrested

FOR REFUSING DUTY.

A warrant was sworn out yesterday afternoon by Capt. Yeoman of the Furness Line steamer Tabasco for the arrest of a member of his crew named Hammond, who, it is alleged, refused duty on several occasions recently. Const. O'Keefe took charge of the warrant when issued and inside of half an hour met the seaman he was looking for, presented him with the document and asked him to kindly accompany him to the police station, which he did.

Russia Buys Up Wheat

Will Ship Product as Soon as the Danubian is Forced.

London, March 17.—To relieve the Russian civil population the Russian Government has bought practically all the wheat that can be exported from the Black Sea, and should the waterway be opened as the result of the present naval operations of the Allies against Constantinople. The government will form a special organization to transport and sell wheat. Great Britain and France have the promise of an option on all exported wheat, not only for the use of their military, but of the civil population as well.

Says Corsican Flew

STARS AND STRIPES.

Montreal, March 16.—The Stars and Stripes were floated from the mast of the Allan liner Corsican while she was steaming down the Mersey on her last voyage, because two German submarines were waiting in the waters hard by, according to one of the passengers on the Corsican, Mr. David McKay, of the C. P. R. freight department, Winnipeg, who arrived in Montreal to-night from Halifax. The American flag was hauled down, he said, as soon as the steamship cleared the Mersey and dropped her pilot.

Big Jobs

—are gained largely by doing common tasks uncommonly well.

But—to do unusually good work of any kind, fitness of body and mind are required.

Food plays a big part in this matter—food that contains true nourishment. And true nourishment—be it remembered—must include certain important elements which unfortunately are often lacking in the ordinary dietary—especially in white bread. These elements are phosphorus, iron, lime, sulphur, etc., stored by Nature in her field grains, and absolutely necessary for building strong, vigorous bodies and active brains.

Grape-Nuts

FOOD

—made of choice wheat and malted barley, affords all the nutriment of these grains, including these important mineral elements, in form for easy, quick digestion.

Grape-Nuts food is always fresh, crisp, sweet and ready to eat—with cream or milk.

Thousands have found that a ration of Grape-Nuts each day makes for real progress towards the bigger things of life.
