Always use
GOOD PAINT
 on
 your Buildings

THIS means that when you decide to paint don't look around for the cheapest paint on the market but select the best. The paint that costs you \$2.50 a gallon and lasts for six years is much more economical than a paint that costs half as much and only lasts for two years.

CANADA PAINT

is good paint; there is no better paint on the market. It is made by special processes and special machinery. It is made of the best and purest materials combined in correct proportions according to the results of innumerable tests and experiments by expert chemists and experienced paint makers. It is made in liquid form all ready for use. Call on us and let us help you select pleasing color combinations for interior decoration during winter months.
