Our Weekly Arrivals of Goods make things Lively at THE LION!
 Trade better than Ever!

Over Thirty Thousand Dollars worth more Goods sold this Spring than last, and there will be more in the future, for we are determined to keep prices down in spite of increase in the tariff. Every one remarks the great business doing at THE LION. Of course it must be so,—our stock is larger than any six stocks in Guelph, and our prices so much lower, and the people find out these things, and go where they get the best value for their money.

We have received a speciality this week of over one thousand dollars worth of Double Ballon's Kid Gloves direct from French makers, that we will sell at one dollar a pair; elsewhere you pay from \$1.25 to \$1.50 for the same.
 Also, French Silks in all the newest shades in plain, striped, and shot, at \$1, worth \$1.50 a yard.
 Another lot of lovely Dress Goods in Plain Lustres, Zenobin Stripes, Australian Crapes, and Polka Spots.
 59 Boys' Suits just received to suit little chaps from 4 to 10 years old at \$3.50, \$3.75, \$4.00, \$4.50 and \$5.00 a suit.

Our Agent advises that next steamer will bring us 100 pieces Linen Tasso Dresses that he has bought very cheap. The goods are worth 25 cents; we will sell them at 12½ cents. The next Allan steamer will bring them.

J. D. WILLIAMSON.

his horses took fright and ran away, almost demolishing a new buggy. To add to Mr. Markle's misfortunes, one of his busse horses, a valuable animal, got his leg broken in the stall on Wednesday night, and had to be shot. The cause of the accident is unknown, as there was no evidence of a struggle. The loss to Mr. Markle is heavy, as he refused \$140 for the animal previous to the accident.

A fire broke out in the roof of Bentley's Block, Elora Street, on Wednesday last, but was subdued before any damage was done.

Mr. R. W. Ritchie has opened a photograph gallery in Mr. A. G. Stewart's new buildings, nearly opposite Squire's hotel. He is a good artist, and is prepared to take pictures in the latest styles.

The corner stone of the new Wesleyan Methodist Church in this village was laid on the 15th inst. Rev. Mr. Howard, of Guelph, conducted the devotional exercises, and read the appropriate formula usual on such occasions. The Rev. Mr. Reynolds, pastor of the church, then stated to the congregation the contents of the jar to be deposited in the stone, and on behalf of the Building Committee presented to John Macdonald, Esq., of Toronto, a very beautiful silver trowel and mallet, with which that gentleman, after a brief and appropriate address, proceeded to lay the corner stone in a workmanlike manner. The company then repaired to the Town Hall to partake of a sumptuous tea, prepared by the ladies, after which addresses were delivered by the above named gentlemen, and also by Mr. Robinson and by the Rev. Mr. McLennan, Presbyterian minister of the place. The proceeds of the collection and the tea amounted to \$185. The foundation, as laid, is 38 x 54 feet, but a general feeling prevailed that it should be enlarged by the addition of 20 feet to the length, and this will probably be done, making the church 38 x 74. It is to be built of red bricks with white facings, and will cost, when enlarged, about \$4,000. It is expected to be finished in September next, and as it occupies a commanding site it will be an ornament to the beautiful and rising village in which it is situated.

The public debt of England is said to be in a very satisfactory state. For the first time since the French war it stands at less than £750,000,000; and more than £51,000,000 of this sum represents the value of a series of temporary annuities, which will expire chiefly in 1885. The permanent debt of the country, then, amounts to about £725,000,000.

A check for \$60,000 was recently handed to the inventor of metallic tips for children's shoes, in payment for his share in a re-issue of the patent which he had originally sold for \$100. And now, with such encouragement as this, suggests the New York Commercial Advertiser, why can't he win the everlasting gratitude of mothers by inventing some kind of brass knee-plate for little boys' trousers?

BREAKFAST.—Epps's Cocoa.—GRATEFUL AND COMFORTING.—"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected cocoa, Mr. Epps has provided our breakfast tables with a delicately flavoured beverage which may save us many heavy doctors' bills."—Civil Service Gazette. Made simply with boiling water or milk. Each packet is labelled—"James Epps & Co., Homoeopathic Chemists, London."

A great variety of articles, including grain bags, wagon covers, floor covers, ropes, sails, &c., are made in Russia from the inner bark of the basswood or linden tree, a million of trees being destroyed annually in the manufacture, and the value of the articles produced amounting to \$2,400,000. The bark is collected by the peasants in May and June, when the ascent of the sap renders peeling easy. That of the lower part of the trunk generally employed for roofing is obtained in pieces of about 5½ by 3½ feet, and is warmed and pressed to prevent its curling. That of the upper part of the trunk and of the branches is tied in bundles and rotted under water until September, when it is dried by aid of heat and separated into thin, delicate strips, suitable for weaving into matting, and varying in weight according to the use to be made of it.

REMOVAL.

G. B. FRASER

Has removed directly opposite his old stand, where he has opened with a brand new stock at much lower prices than could be bought earlier in the season.

G. B. Fraser is too modest to advertise that he is selling much cheaper than those who make a great blow. Still facts are stubborn chiefs, and a discerning public pronounce Fraser's to be the cheap store to deal in.

G. B. Fraser gives his old friends a cordial invitation, and invites all who wish to save money to call and see his new stock.
