

CALGARY TAKES FIRST FROM LETHBRIDGE

Fairly Good Game Which Mr. Carney Took by Six Runs to the Enemies Four

Lethbridge, May 7.—Carney's Calgarians took the initial game from the Miners by six. They hit Murphy hard, but at the local should have won but for overhauled base running. Errors were numerous on both sides, but were not costly. The star play of the game was the hard running catch on Tallant's bat by Chick, who lined the ball to Lynch, nipping Clyde at the plate.

Had Weak Back. Would Often Lie in Bed for Days Scarcely Able to Turn Herself. Weak back comes from the kidneys, and when the kidneys are out of order the whole system becomes deranged.

Mrs. Ann. Solmans, Black Point, N.B., writes: "For years I was troubled with weak back. Oftentimes I was in bed for days, being scarcely able to turn myself, and I have also had a great many other ailments while trying to perform my household duties."

Doe's Kidney Pills are a specific for all kidney troubles. They begin by helping the kidneys to flush out all the acids and poisons impurities which have collected, thus cleaning out the kidneys, bladder and all the urinary passages and carrying away the uric acid, the chief cause of rheumatism, from the blood.

BIG LEAGUE RESULTS

Western Canada League. Medicine Hat, May 8.—The home team landed the first of the series with Edmonton tonight in a rather ragged game. Grady was up in the air from the start and allowed five hits in the first inning. He was taken out in the fifth and replaced by Benstead, who held the score down to seven.

NOTES FROM THE TURF

Probably no racing stable in Canada is likely to create more interest among turf habitués this season than that of R. J. Mackenzie, in light horse contests, as well as galloping events.

News is hand from Memphis, Tenn., where Havis James, assisted by Harry Bell, and eight stable lads, training Mr. Mackenzie's string of crack trotters and pacers, and according to experts on the spot, no other trainer has his horses in such good condition as Havis James, so early in the season.

The pacer coming north from the same stable are: Merry Widow, 2:09 1-4; trial 2:15; March McEwen, 2:08 1-4; worked in 2:14 1-2; Pan Boy, 2:12 1-4; worked in 2:21 1-2; Slister Fourteen, by Centenero, 2:16 1-4; trial 2:22 1-4; and Johnny Huke, also a green pacer that worked in 2:23 3-4.

Truly a most formidable bunch, with nothing to fear from the best horses in the States, that are likely to be entered this year for the rich stakes and purses given by the members of the Western Canadian circuit.

Latest intelligence as to Red Lad, Champion of steady reputation, trotter by Red Medium, is that Mr. Mackenzie has decided to hold him over until next year before racing him.

The Broncho, 2:00 3-4, is undergoing training and shortly to be shipped to the hands of Charles Dean for the future engagement on Citizen's Day at the Winnipeg Industrial Exhibition track, when she will be driven to beat Harold H's record of 2:07, made in July 1904.

Sid Passmore, the veterinary surgeon from Ft. William, passed through Winnipeg with five horses for Brandon last Friday night. The horses in the car included T. P. Kelly's Russian Maid, 2:12 1-4; Lemon, Harry O., a green pacer, and two others.

Other Fort William horses already mentioned or shortly to be shipped there, are J. McConnell's Captain Bars, Elk Girl and Little Payne; T. McCranor's Tokay, Jaurea Tonkin's Bertha Bars, Hal Rebeck and Jimmy O., and M. J. Nevil's Ed. Gargetti, Captain Bars was bought by McConnell from W. Skinner of Mount Forest, about a month ago, for the sum of \$2,000.

ALF. FIDLER TELLS OF CARNEY'S STRONG TEAM

Believes it is About the Best That Has Been Performed in the Province of Alberta

Alf. Fidler, the father of baseball in Alberta, happened to be in Medicine Hat for three days last week and saw every game between Calgary and the Hal. He is very enthusiastic over the team and as far as he can see there is only one team in the big race. He thinks that Medicine Hat also has a very good team, but Calgary outclasses it to a very considerable extent.

"The team that beats Calgary is going to win the pennant," is the way that Mr. Fidler puts it. He hasn't heard of any team that is going to do the besting.

Mr. Fidler thinks that the team is very evenly balanced and there is no weak spot in it. That is one of the features of it. With Paddock on the team the pitching staff is complete.

Mr. Fidler has great faith in Carney to end the game going all the time in good inside baseball. Bill himself has been doing the biggest share of the clubbing and is a very clean fielder. "It is inside baseball all the time," said Mr. Fidler. "Every man knows just what he is going to do and how to do it. The infield is very fast. Conning is doing a fine job of work."

Stanley, to my way of thinking, is one of the most valuable men on the team. He doesn't whip them down with as much of a demonstration as some of the fanatics say, but he keeps his brain moving and directs the infield very nicely. The pitchers told me that a man who couldn't pitch to Stanley clearly isn't a pitcher.

Mr. Fidler says that the game that Gehan pitched on Friday night was a wonder. There were only two hits registered against him and one was a fluke and might very easily have gone as an error to one of the infielders.

Children made a clout and that was all that there was to it. But the Hal never had the remotest chance of a chance to score. There was nothing to it in that direction.

He is Manning too, and Pete is much better than last year. All the men are working well, but Tallant hasn't started to hit.

"Another thing that goes some distance in this country is that they are very gentlemanly players," said Mr. Fidler. "There is no senseless chewing at the umpires. The story about Carney's hitting a bit hard on the umpires isn't true. Why, in the second game, with men on first and third, Bill hit a two-sacker, scoring the pair. It was no fault of the umpire's. The umpire said so, but Voss called it a foul. There was no run in on the umpire and the Hal grandstand complimented the Calgarians for not doing so. Bill then went up and scratched a three-sacker."

Mr. Fidler says the Edmonton crowd work at the practices and though the Deacon has a few goods beads like Morse, Baxter, Lussel and Cleon, it isn't as good as a team as Calgary. The roster of the circuit is that of Winnipeg is no stronger than last year, that Lethbridge is strong on paper, but hasn't got going yet, and the Moose Jaw is the team that needs to be watched.

BASEBALL NOTES

To be a human, to hit safe divine. Pitcher Overall says he will be content to win thirty games this season.

Birdie Cree, the hard hitter of the New York Americans, stands four feet away from the plate when batting. Del. Drake, a former Newark, N. J., star, who was secured by the Detroit Tigers, is now wearing a Wilkesbarre, Pa., uniform.

Covalek and Konnek of the Cincinnati Reds, made up the only Polish battery in existence. It has been broken up now, however.

The Cincinnati and St. Louis National League clubs have inaugurated a new order of things. They attend church on Sunday in a body every time they have a chance.

Robert Mitchell, a pitcher now playing with the University of Mississippi, has been signed by the Chicago Nationals and will report to the Cubs when the school closes late in June.

Charles T. Lathers, formerly an infielder on the University of Michigan baseball team, has been sold to the Montreal club of the Intercolonial League by the Detroit Tigers. He will play short stop.

Honus Wagner is the champion fielder of the National League and talks less than any other baseball player. Hans is also one of the richest ball players living and is a director in two banks.

Bugs Raymond, the eccentric pitcher of the New York Giants, says he will get into the fleetly if Mc-Graw will rescind his bonus and offer to buy him a brewery at the end of the season instead.

Lefty Liefeld, of the world's champion Pirates, will have a fine chance to earn his salary this year. Fred Clarke says that he has arranged for the Southpaw to pitch at least forty games during the season.

With President William H. Taft, Vice President Sherman and Lord Kitchener in the ranks of baseball fans it is time for King Edward to join the ranks. Col. Theodore Roosevelt also likes a fast game baseball.

The Boston American club has made a number of important changes at their Huntington avenue grounds. The bleachers in center field have been connected and several rows of seats added. There is also a new row of uncovered bleachers has been raised. Evidently prosperity has struck Bean Town.

It is seldom that one family produces two baseball stars. Paul Cobb, a brother of Tyrus, became ambitious to set up fast company after the honors began to be showered upon the family name. Paul was offered to the Grand Rapids team but after a couple of try-outs the Michiganders concluded that Paul was not a star.

Hebe Ferris is tickled to death with Minneapolis. The left field fence is exceptional in its eccentricity. Hebe is equal to the occasion. "Bugs" has found it impossible to fly high of the foaming flagon even with a \$20.00 bonus hanging before his eyes. He would be as light as a feather if he were given \$100,000.

Barney Dreyfus, president of the Pittsburgh National team, says that the Cubs will not be any more dangerous with Johnny Kling back than they were last year. Both Kling and big Ed Reulbach made up one of the swiftest and craziest batteries in the big league and Reulbach is gradually getting into form now, having completely recovered from his sickness.

Big league magnates have their eyes on Pitcher Hicks, of the Harvard baseball team. On the southern tour of the Harvard nine Hicks struck out eighteen men in the game against the University of Virginia. He only gave one base on balls and in the fourteenth inning he made the hit which won the game. Hicks will probably have an offer to get into fast company next year.
