TRADE CONDITIONS GOOD IN R. G. DUNN'S REPORT

New York, Aug. 16—General trade conditions in the Dominion of Canada, according to dispatches received by Dunn's Review from branch offices of the R. G. Dunn and company, in Montreal and Quebec, continue satisfactory with all indications very encouraging for a fall and winter trade. Montreal reports that retail trade is leading trade centres, continue satisfactory for the season and the movement of staples at wholesale is fairly well maintained. Local market orders were well employed and prospects for continued activity is considered a good. The splendid crop outlook in Ontario and the three Eastern provinces has stimulated the demand for all kinds of merchandise at Toronto and wholesale distribution is quite active. There is a good inquiry for all staple lines and prices are firm with an advancing inquiry in some instances. Retail trade is reasonably quiet at Hamilton but improvement is looked for in the near future as activity is well maintained. WINNIPEG WHEAT MARKET TRADING IN LONDON

Winnipeg, Aug. 16—The wheat market today was lifeless and uninteresting and few transactions were made in options, prices holding fairly steady. The opening figures for Oct. were 1.4c higher and Dec. 1.8c higher, the near month advancing 3/8c. Following the opening, declining later. The closing values were 1.8c higher for both months. Liverpool closed unchanged to 1/2c higher and closed as follows: Minneapolis unchanged for Sept., 1.8c higher for Dec., 1.8c higher for May. Chicago, 3-cs higher for Sept., 1.2c higher for Dec., and 3-cs higher for May. The cash demand at Winnipeg was good, but few offerings, stocks of contract grades being evidently near exhaustion. Oats were firmer, while Oct. flax sold at 3c advance, closing 2c higher. Wheat and flour continue light only 80 cars being in sight for inspection today.

CHICAGO WHEAT

Chicago, Aug. 16—Unsettled weather and a continuance of the cash demand helped to run values up today. At times shorts, seeking to cover, induced rapid advances. The close was strong in all lines, with wheat from 1.5 to 1.2 cents higher. Corn finished from 5-8 to 1 cent higher and oats showed a gain of 1-8 to 5-8, while provisions were from 1-8 to 1-2 cents higher. Expectations of lighter arrivals based on rainy weather forecasts for practically the entire area, was a factor in advancing wheat prices. This was supplemented by a steady milling demand and the strong cash market. Lower cables based on better crop conditions in the United Kingdom and prospects of improved crop in Canada. Between Hugh A. Ross and John A. Thompson, Plaintiffs, and Florence M. Varley, Defendant. Mortgage Sale of City Property. Under a writ of the order of the Honourable Mr. Justice Walsh, herein dated the 5th day of August, A.D. 1912, there will be offered for sale by Public Auction at the Office of the Clerk of the Supreme Court, at the Court House in Calgary, on Saturday, the 31st day of August, A.D. 1912, at the hour of eleven o'clock in the forenoon the following property: The East Half of Lot 18, Block 15, Plan 445-12, Mount Royal, Calgary. On this property is situated an almost new eight roomed house, with water and sewer connections, and gas furnace, and with grounds in good condition. This property is only fifty feet from Royal Avenue, one of the finest streets in the city, and is adjacent to the Western Canada College. Schools, Churches, Stores, and Street Cars lines are in the immediate vicinity. This is an especially desirable high class residence. The above will be sold subject to a reserve bid. Further conditions, terms and particulars of sale will be made known at the time of sale, or may be had on application to the plaintiffs at 1513 1/2 St. W., Calgary, or to J. J. Pascoe & Adams, Calgary, their solicitors. JST-219

NEW YORK TRADING

New York, Aug. 16—Further modification of recent bullishness was suggested by the trend of stocks today. The speculative features were under pressure most of the session, particularly the important railroad issues, which were selling at a considerable degree of heaviness in connection with the passage of the bill at the Panama Canal at Washington. Copper and equipment stocks which had been selling at a moderate level, were marked by frequent pauses. China and other active lines were strong, including Dullman, which made its best price in several weeks while American tobacco was conspicuously weak. On the other hand, some of its former allies were 1 to 2 points. For the first time this week, C. P. R. showed the effects of liquidation, while the other major stock exchanges, particularly the New York and the London, high valley and steel barely preserved an even balance until the final hour of the day, they rallied to a level which left a majority of the net gains. In Washington dispatches stating that the steel tariff bill over the president's veto without direct backing on our market. London, where money was easier, showed the effects of liquidation, while the other major stock exchanges, particularly the New York and the London, high valley and steel barely preserved an even balance until the final hour of the day, they rallied to a level which left a majority of the net gains. In Washington dispatches stating that the steel tariff bill over the president's veto without direct backing on our market. TRADING IN LONDON

London, Aug. 16—Money was in fair supply and discount rates were quiet today. The stock market was rather steady on reports rising five-sixteenths. There was an active demand for American bonds at higher prices, with Chinese issues leading the list. Canadian Pacific received a dividend of 10c. The closing was steady. American securities opened steady. During the forenoon C. P. R. was weak and declined 1-2 points, but the rest of the list held within a narrow margin of parity. Profit taking followed, and prices eased off, but values hardened in the late trading, with Canadian Pacific receiving a dividend of 10c. The closing was steady.

MURDER IN 'HELL'S KITCHEN'

John W. Collins, a young Florida negro, shot and killed Michael Lynch, a New York policeman, July 11, 1911. Collins had been drinking, and fired revolver shots out of the window of his apartment in that part of New York known as 'Hell's Kitchen.' Officer Lynch heard the shots and went to investigate. When he knocked at the door, Collins opened it and fired. Joseph Ferrone killed his wife, Kate, in New York city, Oct. 24, 1911. Mrs. Ferrone had refused to live with her husband because of ill-treatment, and she was induced to return from Philadelphia where she was living a few days before the crime was committed. On her husband's head the charge was laid of murder in the first degree. She endeavored unsuccessfully to bring about a reconciliation, and the murder followed. The woman's body with her throat slashed was found in the street.

KLONDIKE POET HAS NEW BEAR STORY

Grizzly Jumps Claim and Takes Possession of Cabin, Including in Pranks After Sleeping in Bed Spreads the Covers and Looks at Self in Mirror

Dawson, August 15—Percy Snyder, the Klondike miner-poet, who has quartz possessions in the Twelve-mile district, returned from Dawson to find that a grizzly bear had jumped his claim, taken possession of the cabin and begun to live like a man. From all appearances the bear had slept in Percy's bed, and after getting up smoothed back the covers, and Percy says quite made up the bed again.

Retired at 10:13. Not to be caught napping at the wrong time, Bruin used to consult the timepiece because he did not wish to run unaided face downward. It was evident Bruin had consulted the timepiece because he did not wish to run unaided face downward. LARGE HARVEST OF DEATH FOR ELECTRIC CHAIR

Seven Murderers Electrocutated at Sing Sing in an Hour and a Quarter. One Faints as He Kisses Crucifix; One Gets on His Knees and Prays; One Smiles.

SING SING, Aug. 15—Seven murderers were electrocuted at Sing Sing prison today. This is the largest number to suffer the death penalty by electricity in one day since the electric chair was adopted. Six Italians and one negro were put to death quietly within an hour and 15 minutes. The condemned were executed in the following order: John W. Collins, Lorenzo L. Call, Salvatore De Marco, Felipo De Marco, Angelo Guiso, Vincenzo Cona and Joseph De Marco. Cona walked to the chair white-faced and trembling and as he kissed the crucifix when the straps were being placed about his body, he fell over and lay motionless. All the prisoners with the exception of Collins walked into the death chamber protesting their innocence.

Real Human Appetite

Bruin also cut a number of other civilized foods. He attempted to drink the oil out of the kerosene lamp, leaving the marks made by his teeth. He opened a can of condensed milk with his fangs and no doubt, says Percy, attempted to cook a meal. This was plain from the fact that the stove had been tampered with, and flour, dried apples, beans, garlic and other ingredients for a first-class mulligan-tawney were scattered over the premises. The water picher was empty, but the towel probably was carried off, swathed around Bruin's head.

Must Have Been Handsome

The mirror showed by the paw prints that old grizzly had been admiring himself. Just why he went on such a rampage is not known. He had anything stronger than tea, Percy does not know where the visitor got it unless he used the early Klondiker, for Percy makes a brew of hookah after the style of the early Klondikers, for Percy never keeps anything stronger than pain-killers.

Seemed Happy to Die

Collins came in smiling and seemingly happy, and did not deny his guilt. He prayed on his knees at the chair for a minute before he was executed. Guiso, Cona Call, and the other two De Marcos were convicted of the murder of Mrs. Mary Hall, wife of Henry Hall, a superintendent of construction on the Croton aqueduct in a lonely farmhouse at Griffin's Corners, near Znaza, the sixth member of the band of assassins, was electrocuted July 8, after he had confessed in a letter to Rev. Dix that he had strangled Mrs. Hall's death. The others were convicted as participants in the crime. The men had access to the house on the pretext of buying milk.
