SHORTAGE IN CANADA

Scarcity of Material Required for War Materials Is Not Improbable

Ottawa, Oct. 29.—The situation in regard to the iron steel supplies remains serious. Rigid economy in every scrap of metal is strongly urged. As the result of a wisit which F. C. T. O'Hara, deputy minister of trade and commerce, has paid to Washington some misunderstandings have been cleared up in respect to procedure in the handling both of export license applications and applications for priority assistance. Arrangements have been made, too, which it is hoped will greatly assist the Canadian manufacturer to secure the articles he needs in the United States. It is pointed out here, however, that demand in the United States is abnormal. There is even a likelihood that a number of Canadian manufacturers will have to face sacrifice in the future for the reason that it is not possible for the United States to sup-Ottawa, Oct. 29 .- The situation in rewhich it was decided to permit the whiter fair Aberta horse breeders, providing stock is considered reasonably fair crossfield Keyes de Kol. It is the wave of activity during the week on nearly every front, however, that caught the secretary's attention. SPECIAL FORD TOURING Car For Three Weeks Ending Nov. 13

ALL TOGETHER FOR THE FORD SPECIAL

Candidates, round up your forces and make a rush for subscriptions that will put all your former efforts in the shade.

A "little" effort won't do-your very best will be none too much. Every dollar you collect up to Tuesday, November 13, will count toward winning the Ford touring car, and every vote issued will go toward the regular prizes at the close of the contest.

New subscriptions, renewal subscriptions, second payments upon new and renewal subscriptions—they all count toward the special. Do systematic work now if you never did it before. Plan your "itinerary" the night before. When you get a payment, give a receipt, say thanks, smile and hurry on to the next one. You are working in a circulation contest where there is more money represented in prizes to candidates than in any contest ever conducted by a newspaper in Alberta. That's true. And you are lucky to have such an opportunity.

DON'T ALLOW YOUR STOCK OF RECEIPT BOOKS TO RUN LOW. IF YOUR SUPPLY SHOULD BE EXHAUSTED, PHONE OR WIRE FOR MORE, AND GIVE ALMOST ANY KIND OF A RECEIPT TEMPORARILY, ALLOW NOTHING TO STAND IN YOUR WAY NOW

New candidates who enter for the Ford Special Prize may send in their first list of subscriptions, with their nomination, on a sheet of paper, accompanied with money order, express order, bank money order or marked check. Be sure and add exchange when sending checks and always send the full amount of your subscriptions.

There's nothing unlucky about the figures 13. Counting today, candidates have 13 working days to get subscriptions for the special and the last day they can work to have their collections apply is the 13th of November. It will be a mighty lucky "13" for somebody.

They bear the guarantee of the City that, if set aside by the Court or any reason, the City will pay the holder the amount thereof, plus per cenum per annum.

DATED at Calgary, Alberta, the 23rd day of October, 1917.

NOTICE IS HEREBY GIVEN that the Treasurer of the City of Calgary, at his office at the City Hall, Calgary, on and after the 21st day of November, 1917, will sell to the first applicant Certificates of Delinquency for unpaid taxes levied or assessed prior to the 1st day of January, 1916, on the land included in the list—printed copies of which may be had on personal or written application to the Treasurer or City Clerk, City Hall, Calgary—if such taxes with interest and costs are not sooner paid.

Why Tax Certificates Are An Attractive Investment

They cannot be redeemed within one year unless the holder is paid the total amount thereof, plus one-tenth of such amount.

If unredeemed within three years, the holder, by simple procedure, can sell the property to recoup himself the amount thereof, with interest borne by the certificate, plus subsequent taxes paid by the purchaser or holder, with interest thereon at 10 per centum per annum, plus all costs, and if no sale, title to the property may be obtained.

For fuller particulars, including the method of tendering, pros-pective purchasers are invited to obtain and read the introduction contained in the printed list.
