Shot by a Windsor Man DETROIT, Mich., Oct. 29 .- Sarah Dales, aged 25, a colored woman, was shot and killed last night by Frank White, aged 27, a colored cook, who resides in Windsor, Ont. The ball evidently passed through the woman's heart, as she died almost instantly. White tried to get away, but he was caught. He claimed the shooting was accidental, but a statement of an eye-witness does not entirely carry this idea. The couple have been living together as man and wife for the past nine years.

Past Attacks of "Grippe" Have Left the Seeds of Death,

Ordinary Prescriptions Fail to Cleanse the System.

Paine's Celery Compound Is Curing the Poisoned Victims.

The ablest medical men in the world say that all who have been attacked by "Grippe," and who have not thoroughly recovered, have the seeds of disease in their bodies working surely towards death. A deadly poison is implanted in all the nerves of the body. We see around us nervous and trembling men and women; we see the muslin goods, worth 25c, Whiskard's | melancholic, despondent and sleepless who are weary of life, and we note with alarm the haggard appearance of hundreds whose expression of face indicates coming in-

For such unfortunate individuals wise and prudent physicians have recommended at \$175. Paine's Celery Compound as the safest, surest and most efficacious medicine for 25c EACH eradicating all traces of poison and impuri-

ties from the system. Past experience has fully proved the superiority of Paine's Celery Compound over every other form of medicine. It quickly purifies the blood, braces the nervous system, gives tone and vigor, health and great bodily strength.

The following letter of testimony from Mrs. Mary E. Lampman, of Woodstock, Ont., is assuring, comforting and consoling for every sufferer:

"After serious consideration, I think it my duty to acknowledge the great good that I have derived from Paine's Celery Compound. No living mortal can imagine the sufferings that I endured for four months. That demon 'La Grippe' got a fast hold of me; I became nervous, and was so prostrated that I could not sleep night

"Life became a burden, and I was reperson in the room with me.

"One Sabbath afternoon I read one of your papers, 'Our Album,' and found that Paine's Celery Compound had cured many people. I thought I would try a bottle, and bought one that afternoon, and commenced to take it according to directions. The relief was almost instant. I continued the use of the Compound, with the result that I can now sleep well all night and feel well when morning comes. My appetite is good; I am gaining in flesh and feel like a charge will be fully investigated. new person.

"I cannot find words to express my gratitude for your great Paine's Celery Compound, and for the wonderful cure it has brought about. I am 73 years of age and can now walk five miles without feelneighbors, who are sleepless and nervous and suffering as I was, about your medicine. Wishing you unbounded success, and hoping this may be read by some one who is afflicted and axious for relief."

DRILL IN THE COLLEGIATE.

Inspector Hodgson Places It in Class C-Distribution of Medals.

No. 1 committee of the Board of Education met yesterday afternoon and considered question which was mentioned in Inspector Hodgson's report on the Collegiate Institute. Mr. Hodgson had stated that the drill instruction of the school could only be rated in class C. The matter was referred to committee and a report from Principal Merchant requested. This was not produced, but Mr. Merchant said that the whole trouble lay in Mr. Baxter's inability to keep order. The instructor had difficulty in this respect ever since his appointment. He could keep the girls in order, but the boys were too much for him. "It looks as though Mr. Hodgson's report was based upon Mr. Merchant's re-

marks," said Mr. Griffin. "Well, but it isn't. Mr. Hodgson complained to me after the inspection," said the principal.

Mr. Baxter will be summoned to appear before the committee at its next meeting. A lengthy conversation followed in regard to the distribution of the Governor-General's, the Boyle memorial and the Robb memorial medals. Under the present conditions it is possible for pupils of one school to win the three medals, and it was to prevent this that the present question was brought up. Many ways of distributing the medals were talked of and many suggestions were offered. The Governor-General's and the Robb medals were to be given to the pupils making the largest number of marks at the high school entrance exams. Mr. Jeffrey moved that the pupil securing the highest number of marks have the choice of the Robb or the Governor-General's medals, the pupil standing second to take the remaining one. and in case both medals went to one school the Boyle memorial to go elsewhere.

"I do not think the Governor-General will object to that," said Dr. Campbell. "The whole committee agreed, and the recommendation will be presented to the

board for approval. The drawing teacher at the Collegiate Institute, Mr. Davidson, will be engaged for another half-day a week at an additional salary of \$100 per year.

Messrs. J. I. Anderson & Co., will be given the contract for supplying ink for the Collegiate Institute at the same figures as last year.
Mr. Jeffery informed the committee that

the late George Robinson, ex-city engineer, had made a bequest to the board—for what he did not know. Principal Merchant stated that Mr. J. W. Little had volunteered to give a prize

annually for the most proficient scholar in any subject he (Mr. Merchant) would

Only a few days ago the infant child of Vignut succumbed to the disease, and the local health officials will endeavor to stamp out the germs by isolating the infected house at once. Alexander Moore, Lake road, Southwold,

died Monday of kidney trouble, aged 68. Mr. Moore was born in Aberdeenshire, Scotland, in 1826, and came to Canada in 1832 with his parents, who first settled near Toronto, afterwards removing to Sarnia. For the past 30 years Mr. Moore had lived on the Lake road, Southwold. He was a highly prosperous farmer. Distressing circumstances attended the

A correspondent of the Sarnia Observer writes: Quite a breeze has been created in Courtright and vicinity by the attempt of a certain follower of Rev. Mr. Madill in political matters to bulldoze the trustees of the Methodist Church there into including him in the list of speakers to take part in the special services and entertainment to be held on Sunday next. The programme in-cluded the names of the Methodist clergymen in the district and resident ministers of other denominations. Before its publication a prominent member of the P. P. A. there went to Rev. Mr. Tyler and stated that unless Rev. Mr. Madill's name was placed on the list and he was invited to take part they would boycott the entertainment, and he (Mr. Tyler) might as well close the doors. The Methodists as a body are indignant at these attempts to coerce them.
