

BOVRIL TAKEN

In the remarkable experiments

with Bovril upon human subjects reported to the British Medical Association, an amount of Bovril proportionate to the size of the small dark triangle was proved to produce an increase in flesh and muscle corresponding to the size of the large white triangle, showing that the body-building power of Bovril

is from 10 to 20 times the amount taken.

Bovril is the concentrated goodness of the best of beef. It is a wonderfully warming winter beverage; it builds up the weak constitution and strengthens the strong one; it guards against the grip; it checks colds and chills; it is cook's right hand in the kitchen; it is nurse's first aid in the sick-room. Vast, Townline; superintendent of adult Bible class, Mr. F. Braybrook, Petrolia; superintendent of teachers' training class, Miss Harvey, Oil Springs; superintendent of home department, Mrs. J. W. EASY TO DARKEN YOUR GRAY HAIR

You Can Bring Back Color and Lustre With Sage Tea and Sulphur.

When you darken your hair with Sage Tea and Sulphur no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home, is messy and troublesome. For 50 cents you can buy at any drug store the ready-to-use tonic called "Wych's Sage and Sulphur Hair Remedy." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and after another application or two your hair becomes beautifully glossy and luxuriant. Your dandruff is gone and falling. Though no disgrace, and as we all desire, with Wych's look years younger.

ported that county patients had spent \$238 days in Victoria Hospital, at an expense of \$418, from which was deducted \$74 paid by patients.

Overdrawing Allowances.

The report of County Engineer Talbot on county roads was referred to the board of road directors. Councillor John McGowan brought up the question of some townships overdrawing their allowance for the good roads system. He asked if these municipalities were to be allowed to go on overdrawing their appropriations. Considerable discussion followed, but no definite action was taken.

On the motion of Frank Boyes, seconded by A. H. Beach, Warden L. L. Maggart, Councillors J. H. Hodgins, J. W. Laddlaw, J. Stewart, W. Bolton, and W. D. Stanley, were appointed a committee to advise with the city what proportion of the county debt the newly-annexed portions should bear.

Votes of thanks were passed to Superintendent Board and other hospital officials and the members of the city hydro-electric department for courtesies extended to it during the year.

Would Reorganize Constabulary.

A. H. Banks introduced a motion to have the high constable and a meeting of all the constables of the county, at which each would be provided with a pair of handcuffs. W. Hodgins thought the constables should buy their own handcuffs out of the fees which they received. J. H. Hodgins thought that the whole constabulary ought to be reorganized. Councillor Banks said that some of the constables were appointed by local magistrates and didn't know who the high constable was.

On motion of R. Petch, H. A. Wilson was appointed county trustee to Wardsville high school for three years. On the motion of C. W. Hawshaw, J. R. McCombs was re-elected representative to the Lambton high school board.

On the motion of L. W. Beach, W. J. Robinson, principal of Melbourne continuation school, was appointed to the board of high school examiners of the district to which his county centre is attached. J. J. Poore introduced a motion that the bridge and assume the Forks bridge on the Aux Sable River.

ENCOURAGING REPORTS

Ladies' Guild of Trinity Church Has Had Good Year.

The Ladies' Guild of Holy Trinity Church, Chelsea Green, met last evening to consider plans for vigorous work during the coming year. The reports of past work were found to be very encouraging, but it was determined to do still better. Several new members were enrolled, and an election of officers took place. Walter J. Garside, the lay reader in charge of the mission, was appointed as honorary president, the active officers being as follows: Mrs. Chatterton, president; Mrs. Wilkinson, vice-president; Mrs. Roddick, treasurer; Mrs. Henry Clarke, secretary.

The girls of the choir also met to form an organization for musical help and encouragement on behalf of the church, but owing to the sickness of the organist, Miss Adeline Chambers, action was postponed.

HAS UNCLE IN LONDON

Mrs. John Graham Was Stricken Very Suddenly After Operation.

[Special to The Advertiser.] Nain, Jan. 29.—The funeral of Mrs. John Graham, held from the family residence, con. 14, of East Williams, to the Nain Cemetery, and conducted by Rev. Mr. McIntosh, of the Presbyterian Church, was very largely attended. She was 43 years old and had recently undergone an operation in Sarnia hospital. A short time after she had an internal hemorrhage and was dead before her husband and little girl could reach her. Mrs. Graham's death marks the first break in a family of thirteen brothers and sisters. She was a daughter of Mr. John McKenzie, and Mr. Dan McEwen, the London horseman, was her uncle. The following are brothers and sisters: Duncan, in Michigan; Kenneth and Gordon, of Winnipeg; Truham and Douglas, of Sarnia; Niven and Daniel, at Nain; Mrs. Hanlon, of Detroit; Mrs. Clark, in Chicago, and sisters in Mexico.

EAT

What You Will—When You Will—Stuart's Dyspepsia Tablets Will Digest the Meal Easily and Surely.

Food in itself is harmless. The reason stomach troubles arise is due to faulty digestion brought about by overworking the body or brain, sickness, overeating, late hours, etc.

The only way to correct faulty stomach troubles and digestive mistakes is to do what nature wants. All that nature needs is a little assistance to do this work. This is why doctors tell you to diet. By not eating nature is compelled to aid herself. You do not then overwork her when she is already exhausted.

Stuart's Dyspepsia Tablets go into your stomach just like food. They help digest this food. Then they enrich the blood, and thus when the next meal is eaten the system is better prepared to do its work without assistance or at least less help.

By following this natural habit you will in a short time correct stomach trouble, do away with indigestion and remove all danger of fatal digestion troubles.

Stuart's Dyspepsia Tablets are the best tablets made. They are composed of the very best natural ingredients, one grain of one element will digest 3,000 grains of meats, fish, vegetables, grains, soup, etc.

Always take a Stuart's Dyspepsia Tablet after meals or just before bedtime. By doing this you will be acting wisely and playing safe anywhere and buy a box now. Price 50 cents.

WOULD EXTEND VILLAGE.

G. G. Kelly, of Lambeth, asked the council to request the Government to repeal legislation preventing police villages from extending their limits before acquiring a population of 500. The population at present is only 250, but the present territory occupied by the village is overcrowded as it is, and it is claimed that without extending its limits the village can never hope to attain a population of 500. 16 out of the 18 ratepayers whose property it is desired to annex, have signed the petition for that purpose.

J. W. Laddlaw, seconded by J. H. Mair, moved that the council grant the request of the Lambeth ratepayers, and ask the Government to permit the village to extend its boundaries as is desired.

Receipts, \$501.521.

The report of County Treasurer A. M. McEvoy showed a total expenditure of \$506,378, and the total receipts to be \$501,521. Payments of current loans amounted to \$264,000, county bridges, \$7,988.13, system bridges, \$27,614.34, court house alterations, \$26,416. From Government grants \$22,812.29, and from county received \$223,501.21.

Settle Damage Action.

The special committee appointed to meet John Craig, of Moss, who asked damages for a horse injured leaping a ditch when frightened at a road roller, reported that a settlement could be effected by payment of \$80. The council voted in favor of a settlement.

The report of Dr. A. S. Thompson, medical officer of the house of refuge, was read and adopted. There were six deaths during the year.
