

Government St. Improvements

Council Meets to Adopt Agreement Settled Upon With Owners.

The indefatigable aldermen met again yesterday afternoon, the principal object of their meeting being to discuss the latest phase of that interesting problem, which like a bone to a dog, has been furnishing fascination to what might otherwise have been leisure moments for the council during the past few months.

Incidentally, Alderman Williams a diplomat actually took advantage of the occasion to push his pet scheme of a bascule bridge over the harbor at the foot of Johnson street, and succeeded in having a resolution passed as follows:

"That a special committee be appointed to interview the present government and the Esquimaux & Nanaimo Railway Company, the Tramway Company and the property holders on either side of the street, with a view to ascertaining what proportion each party would bear in the cost of constructing a bascule or general traffic bridge across the harbor at the foot of said street, and to report to the council.

It may be observed parenthetically that the bascule bridge is not a scheme of leverage, does away with the wide sweep of the ordinary swing bridge for which the harbor is not peculiarly adapted.

One of two communications were read, and the following, re the visit of Eastern railway men, was read and approved:

To His Worship the Mayor and Board of Aldermen: Gentlemen: I beg to call your attention to the fact that on the 14th inst, three Pullman sleeping cars will leave St. Paul, Minn., containing the following named persons:

To His Worship the Mayor and Board of Aldermen: Gentlemen: I beg to call your attention to the fact that on the 14th inst, three Pullman sleeping cars will leave St. Paul, Minn., containing the following named persons:

A petition from residents of Linderoth street, Victoria, B. C., was presented to the city engineer to report.

The petitioners state that the Linderoth street, Victoria, B. C., is a narrow, crooked, and unsafe street, and that it is a public nuisance.

The petitioners state that the Linderoth street, Victoria, B. C., is a narrow, crooked, and unsafe street, and that it is a public nuisance.

The petitioners state that the Linderoth street, Victoria, B. C., is a narrow, crooked, and unsafe street, and that it is a public nuisance.

The petitioners state that the Linderoth street, Victoria, B. C., is a narrow, crooked, and unsafe street, and that it is a public nuisance.

Last Testament of Louis Vigilius Said to Have Been Mis-laid.

"Louis Vigilius, of 105 Government street, in the city of Victoria, British Columbia, last July executed his will in or about the month of July, 1899, in the presence of his solicitor, Mr. H. B. Drak, Jackson & Hecken, and his wife, Maria Vigilius, absolutely, and appointed her sole executrix. He died on the 10th day of December, 1900, at Los Angeles, California, and his will was delivered by his solicitor to the testator a few days after his execution to show, as he stated, his wife, Mrs. Drak, Jackson & Hecken, who said will cannot now be found and it is believed to have been lost or destroyed during his lifetime without his consent.

"Whoever will bring the original, or give information as may lead to its discovery or how it has been lost or destroyed, to Messrs. Drak, Jackson & Hecken, solicitors of Bastion street, Victoria, or to the undersigned, will be rewarded by the undersigned in the sum of \$25,000, if the will is found and proved to be the last will and testament of the deceased.

The above advertisement is appearing in the daily papers under the signature of F. Perry Hills, K.C., solicitor for Mrs. Drak, Jackson & Hecken, who has been serving the city for several years, and who has been carrying on business as a barber on Government street, and who has been carrying on business as a barber on Government street, and who has been carrying on business as a barber on Government street.
