NEW YORK, July 27.—The Travel-notices will probably be mailed on the congratulating him upon the stand he has taken.

CAMPAIGN DODGE

George H. Bradbury, M. P., for Sel-kirk, Man., who is visifing in Victoria at present, said yesterday, with reference to the crop prospects with reference to the crop prospects throughout the west this year, that while it was hyperbole to say that Canada would have a bumper crop this year, there was every reason to expect that the crop would be a satisfactory one. The harvest in many places would be late, but the total acreage would, of course, be appreciably greater than that of any appreciably greater than that of any preceding year. The result would be to point one more step in the development of the great Canadian West.

Very little was heard, Mr. Bradbury
sald, of the Hudson Bay Railway. There
was no doubt in anyone's mind that
this railway would be a valuable as-PROVINCETOWN, Mass., July 27.
That the outbreak of typhoid fever among the men of the United States battleship fleet was due to bad potatoes was the official verdict of a physician on the supply ship Celtic.

FISHING RESORTS HAN TORIA

V.-Sooke Lake By Richard L. P Whether Sooke Lake wil torians an adequate water ow not, but that for many afford those of them who supply of nice little tr and gamey little fighter fter a recent visit to

an average, going about three pound, with occasional rather they are very plentiful, they fished for by sportsmanlike m rise well to the artificial fly, mors to the contrary noty seems to me a great pity that little lake, where the fish, tho fellows, which give excellent finest tackle and the smallest not as a rule run very large. resort to the method which app fashionable there just now in catch as many as possible with of sport entering into the affai in exercising a little skill and fish a fighting chance. To sl inch trout from the depths of worm-baited hook at the end to which is attached a four flector" spoon to attract the seems to me to call for no sk afford no sport at all, merely and possibly beating the oth number of fish brought home, I think (in common. I know. anglers who habitually fish this methods are hardly legitimate where there is no need of such sportsman to make a fair catch

However, the chief point I present is that the fly-fisherman a visit to this water need not hearing that the spoon and the only things with which trout there at this time of year. Ind to a competition between an ex skillful fly-fisherman and the reflector and the worm, I wou to back the fly-fisherman, as went to show that the fish wou even towards the middle of a that I made a very big basket, were too much divided between fishing and photography for tha two fish at a cast twice durin and succeeded in landing casion, losing one on the other near the edges of the reeds and water ended and the shallows best places for trying the fly, any pattern of small fly present turbance on the finest cast I co toria brought a response. July best month for trying fly-fishi not that earlier and later the sport with the artificial fly

must often be fast and furiou Unfortunately the falls on the flows from the lake into the Sooke harbor are such as to p age of any fish through from lake, or undoubtedly the fishin proved immensely, the trout w lower waters of the river being big average size. I have never tunity of seeing these falls, so it would be feasible to aid the from the sea by the construct ders. If this could be done it s to suppose that the average si

Lake trout would be substan Sooke Lake is a long way esque of the lakes in the con neighborhood of Victoria, and camping place for a summer which is taken advantage of by ple already, and probably wor greater numbers did they bu

charming spot it is and how ea Every Saturday afternoon stage leaves Cameron & Cald Johnson street direct for the every Sunday afternoon abou Those who do not wish to be tents can arrange with the ow for cabin accommodation at lakeside, called "The Maples, a number of variously sized esquely situated and fitted up cooking utensils. The distance by road is twenty odd miles four hours by stage. It goes of course, that the drive is a v one, the scenery being varied the one drawback possibly climb to the summit each genial driver facetiously rema was a little hill which he hope would not mind walking to Still the walk afforded a cha drive and a chance to stretch

The railroad can be taken a route to the lake, but this en ride of some five or six miles to the lake. However, it is many a cyclist fisherman who l day at his disposal.

A DAY OF DISAS

It is a generally accepted f is a most necessary quality possess-in fact, it should be of his stock in trade as his roo a very ardent fisherman, and
