Mount Salem Young Lady, Accused by United States Visitor, Fugly Cleared.

ST. THOMAS, Sept. 29.—Charged with the theft of a diamond ring, a ruby ring, a plain ring and two gold bars, a Mount Salem young lady appeared before Judge D. C. Ross this afternoon. After hearing the evidence his honor dismissed the case and ordered that the jewelry be returned to Miss M. McIntyre, the owner.

The theft was alleged to have taken place on August 1, 1920, and, at a preliminary hearing before Magistrate Maxwell, the accused was committed for trial and elected to be tried by Judge Ross.

Evidence for the defense showed clearly that the accused had not taken the jewelry, but that these articles had been left at her father's store, through town, who had stopped at another girl had found a hand bag lying on the counter. She had rushed out of the store to recall the stranger, but the car had gone beyond arrest. The bag contained the rings and other articles. The accused had made inquiries as to the owner of the rings. At 3 o'clock, unable to find out her name and location.

Evidence for the crown proved that the rings were the property of Marjorie McIntyre, a United States school teacher, visiting in Port Burwell during the summer of 1920. She had left the rings in a hand bag on a table at the home of Alex. Wain, of this village, on a Friday near the end of August, and then left the house on a visit and, when she returned, on Sunday, the bag and rings were gone. A large number of witnesses testified for both the defense and crown. W. H. Barnum appeared for the defense and Crown Attorney McCrimmon prosecuted.

Industrial Committee Confers With Representatives MAY ADD GOING CONCERN Magistrate Maxwell Tries First County Case at Aylmer

ST. THOMAS, Sept. 29.—Negotiations were carried on this afternoon between the industrial committee of the City Council and representatives of the outside firm desirous of locating in the city, and it is understood that all arrangements and conditions in the matter as outlined have proven agreeable to the company.

It is expected that an agreement will be signed in the near future between the city and the company and St. Thomas will have another going concern in the city. Daniel McGill, a fruit merchant on West Talbot street, appeared before Magistrate Maxwell on Friday morning in police court, charged with using insulting language against Elias Abeld, local wholesale fruit dealer, during an altercation over the delivery of peaches on Thursday, and was released on suspended sentence and payment of court costs. Abeld claimed that McGill had called him several abusive names. A. A. Ingram, for the accused, asked leniency in dealing with his client, who had been much worried of late over a serious illness of his wife and who greatly regretted the occurrence.

Magistrate Maxwell heard his first out-of-town case since his appointment as chief magistrate, when an employee of the Carnation Milk Company, Aylmer, appeared, charged with the theft of another employee's bicycle. The charge was dismissed by his worship after hearing the evidence. A lad appeared in the police court on Friday morning and was fined \$5 and costs on a charge of violating the city by-law in carrying another boy on the handlebars of his bicycle while riding on a public street. STREET RAILWAY TRAFFIC GROWS

No Cut in Patronage as Result of Higher Fare MONTH'S DEFICIT SLIGHT Manager Johns Is Congratulated on Showing

ST. THOMAS, Sept. 29.—The monthly report of Manager Charles Johns, at the regular meeting of the street railway committee this evening, showed a very favorable financial condition for the first month's operation on the 7-cent fare. The month's operation showed a deficit of \$116.03, as against about \$500 last month. This statement did not include last Wednesday's earnings, which, it is thought, would have entirely wiped out the deficit. The number of passengers carried during September, compared with August, shows an increase of 3.2 per cent. This month, which is an indication that the new schedule of fares is not in any way cutting down on the passengers riding the cars. It was also pointed out that the weather has been particularly fine of late, which is no indication to ride the cars.

Manager Johns read a suggestion that had been dropped in one of the fare boxes and which suggested that the present rates of fares be maintained, that is 7 cents straight, four tickets for 25 cents and nine for 50 cents, but that another provision should be added whereby the regular passenger could buy 20 tickets for \$1, or at the old 5-cent rate.

YEARS BUILDING AT GALT MAY BE RECORD

Collegiate Extension to Cost More Than \$200,000; L. E. & N. Station Under Way. GALT, Sept. 29.—The new Lake Erie & Northern Grand River Railway station being erected on Upper Market street is rapidly assuming the proportions of a real building, rapid progress being made by the contractors, Webb & Troxy, who are working on the night booking entries, and with good horse races since fair this year was a top-notch.

With the letting of the contract early next month for the big new extension to the Galt Collegiate Institute, which will run into figures considerably over \$200,000, building permits here will in all probability be boosted beyond any year in the city's history, and with this construction in progress through the fall and winter months, the employment problem will be made considerably easier for the civic administrators, as it is hardly likely that the municipality will have anywhere near the unemployed this winter.

Great progress is being made by the Brennan people in the contract of paving the main road between Galt and Preston and if good weather continues, it is confidently expected that the entire stretch will be open for traffic in November.

CAMPBELL AND MCGUIRE WOODSTOCK HOSPITAL

ST. THOMAS, Sept. 29.—Hearing of the charges against Clarence Campbell and Robert McGuire, local young men of breaking and entering the residence of Ald. E. O. Boehmer on September 12, with intent to commit an indictable offense, was again adjourned for a week by Magistrate Maxwell in police court this morning, on account of the illness of Mrs. Boehmer and absence of other witnesses.

A grant appeared for McGuire, who pleaded not guilty, when his trial was set for a week, and elected trial by his worship. Campbell elected trial at the fall assizes, opening on October 23. It is thought probable that McGuire will have permission to re-elect trial at the assizes also.

No further developments in the case are reported by the police department.
