

Vapo-Cresolene
Established 1879
Whooping Cough, Croup, Bronchitic Cough, Grip, Asthma, Diphtheria
Cresolene is a boon to Asthmatics

Does it not seem more effective to breathe in a remedy to cure disease of the breathing organs than to take the remedy into the stomach?

It cures because the air rendered strongly antiseptic is carried over the diseased surface with every breath, giving prolonged and constant treatment. It is invaluable to mothers with small children.

Those of a consumptive tendency find immediate relief from coughs or inflamed conditions of the throat.

Same old Price for the Printer.

The increased cost of living that we hear so much about can be felt in all directions. There is hardly an article that is cheaper than it was a few years ago. Wages of all classes of workmen have increased and are still increasing. Even the barber-shops have raised prices from time to time, and a hair-cut which once cost fifteen cents now costs a quarter. The other day the Sarnia barbers met and decided that customers whose necks needed shaving must pay an extra nickel, in addition to the 10 cents for a shave. The customers kick, but have to pay, and forthwith raise the prices in their respective lines of business. The dentists and doctors have their own associations, with cast-iron rates, the plumbers' combine is said to have been broken up, but the prices are still pretty heavy. Almost the only every day article that gives big-value for the same price as years ago is the newspaper, and this is in spite of the fact that every article that enters into the production of a newspaper has gone up in price.

Let the Stomach Alone.

You can't cure catarrh by dosing the stomach. The disease is in the throat, nose and bronchial tubes. Inhale Catarrh-ozone to the spot where the disease really is—it clears away foul secretions, stops discharges at once, purifies and heals the passages literally annihilates every trace of catarrh. Nothing else is so direct and certain as "Catarrh-ozone." Results guaranteed. Two sizes, 25c and \$1.00 at all dealers.

CONDOLENCE.

The following resolution was passed at the last regular meeting of Court Lorne, No. 17, C. O. F.:

We, the members of Court Lorne, No. 17, desire to place on record our most sincere and heartfelt sympathy with our esteemed brother, Rev. Matthew Kelly, in his recent bereavement, through the death of his wife, and express the hope that such dispensation of an all-wise Providence may prove but another tie to bind him more closely to the better land, where they shall by and bye meet again, and go no more out forever.

Signed on behalf of the Court,
J. E. COLLIER, F. S.

It is expected that Petrolia's handsome new public school building will be ready for occupancy in a couple of weeks and an interesting program is being arranged for the opening.

While cutting ice on Sarnia by Duncan McLean, who resides at Port Huron, had three of the fingers of his left hand nearly severed. The ice cutter slipped. He was attended to by Dr. A. L. McLaren.

A Costly Wager.

During the greater part of his lifetime, Napoleon was a subject of interest, awe, or terror to the most of Europe. It would hardly have been flattering to his self-esteem, however, had he known that he was also the occasion of the following curious wager: At a dinner party in London in 1809, after the champagne had circulated freely, Sir Mark Sykes offered to pay a guinea a day as long as Napoleon lived to anyone who would give him one hundred guineas down. A minister of gaming proclivities, the Rev. G. Gilbert, who was present, accepted the offer, and for three years received a steady income of three hundred and sixty-five guineas a year. At the end of this time Sykes discontinued payment. Gilbert brought action to recover; but lost his suit.

WHY DO WOMEN WORRY?
First Sign of Failing Health.

Worry is a disease—and it's more—it produces other diseases, because it breaks down the nerves and saps the vitality of the body.

What a pity women don't realize that if they were well—if the blood was nutritious—if the nerves were strong—if all the organs were active—then the little things that irritate and prey on the mind wouldn't receive a moment's thought.

The woman who worries has a poor appetite—she sleeps poorly. If it only for a day or two it might be of small consequence—but she grows limp, miserable, unhappy—worse day by day.

She needs Ferrozone which cures worry by curing the conditions that render worry possible. For nervous, weak women, so tonic is so good; thousands it has cured just like Mrs. M. E. Eberington, of Troy, who writes: "I am quite willing to give a public testimonial for Ferrozone, believing it to be a tonic of superior excellence and one that will rapidly build up strength and new energy to anyone not feeling well. Last spring I was in a very poor condition of health. I was nervous, felt tired, and completely worn out. No doubt it's quite a complaint with ladies of my age, but I placed great reliance in Ferrozone, and took it for several weeks. It made me quite strong, and in fact I have been in better health ever since." I can heartily recommend Ferrozone.

Ferrozone cures by making good blood strong nerves and a healthy body.

This is why it gives good color, clearness to the skin, buoyancy to the step, brightness to the eyes—because with good digestion and activity, of the body in all its parts there's health. Price 50c per box at all dealers.

eral agent for the county of Lambton for the London Life Insurance company, of London, Canada, and takes over his duties from 1st of March.

The Pere Marquette have settled the action brought by James A. Hamilton, of Shalden, for the loss of a colt killed on the company's tracks in November last. The company pays Mr. Hamilton \$70. Under the new act railway companies are liable for killing stock unless they prove negligence on the part of the owner.

On Wednesday of last week a case of general interest to Wyoming citizens was heard at the session of the Division Court at Butler's hall, at which Judge McWatt presided. It was a case of appeal made by Wm. Aitken cur well known baker from the judgment given by Judge Taylor at a previous session. It was a claim brought by Aitken to recover damages for the loss of a colt which died as a result of getting its hind legs in a discarded oil well on the farm of James Stonehouse, townline, where the colt and its mother were pasturing. Several witnesses were examined and the case was the only one tried at the session. Fitzgerald, of Watford, appeared for the prosecutor, and Towers, of Sarnia, for the defendant. The judge after hearing the evidence on both sides decided in favor of the defendant, Stonehouse. Aitken to pay all costs of the suit.

Doubled up With Cramps.

Stomach feels like an internal machine and you want relief mighty quick. Nothing does the work half so soon as Polson's Nervine. Why it kills the pain instantly. If your bottle is empty get another today. Nervine keeps the doctor bill small because it cures little ills before they grow big. Nothing for indigestion, heartburn and cramps like Polson's Nervine. Large bottles for 25c.

The law in regard to selling railway tickets, except by regular agents of the Co., is not generally known. It is as follows:—"No person except those so authorized shall sell or offer for sale any railway or passenger tickets or pass, ticket, certificate or other instrument, entitling any person, or purporting to entitle any person, to travel on any one railway, or more than one railway, or any part of one railway or parts of several railways to which this Act applies." "Every person guilty of an offence against this Act shall, upon summary conviction, be liable to a penalty, not exceeding fifty dollars and not less than twenty dollars and costs, or to imprisonment to a term not exceeding ninety days, and not less than ten days, or to both penalty and imprisonment in the discretion of the magistrate." A Victoria man was recently fined \$50 and costs for selling the return part of his ticket.

Heart Strength

Heart Strength, or Heart Weakness, means Nerve Strength, or Nerve Weakness—nothing more. Positively, not one weak heart in a hundred is, in itself, actually diseased. It is almost always a hidden tiny little nerve that really is all at fault. This obscure nerve—the Cardiac, or Heart Nerve—simply needs, and must have, more power, more stability, more controlling, more governing strength. Without that the Heart must continue to fail, and the stomach and kidneys also have these same controlling nerves.

This clearly explains why, as a medicine, Dr. Shoop's Restorative has in the past done so much for weak and ailing Hearts. Dr. Shoop first sought the cause of all this painful, palpitating, suffocating heart distress. Dr. Shoop's Restorative—this popular prescription—is alone directed to these weak and wasting nerve centers. It builds; it strengthens; it offers real, genuine heart help.

If you would have strong Hearts, strong digestion, strengthen these nerves—re-establish them as needed, with
