NEW BRUNSWICK.
House of Assembly, 8th March, 1848.
Resolved, That no Bill of a private nature, or Petition for money or relief, shall be received by the House after the fourteenth day from the opening of the Session, both inclusive; and that the Clerk of this House do, one month previous to the meeting of the Legislature, cause fifty printed copies of this Rule to be sent to each of the Clerks of the Peace in the several Counties for distribution, and cause the same to be inserted in the Royal Gazette, and two Newspapers in such County where Newspapers are published.
CHAS. P. WETMORE, Clerk.
House of Assembly, 7th April, 1849.
Whereas the number of applications to this House from School Teachers for Grants of Money have been, from year to year increasing; and whereas it is desirable that such information should be furnished as would enable this House to arrive at just and equitable conclusions; therefore
Resolved, That this House will in future sustain no application for allowances to Teachers of Common Schools, unless it shall be certified by at least two Trustees of Schools for the Parish where such School has been taught, showing the time actually taught; the Teacher to be licensed; the cause why such Teacher was not certified to the Session in the ordinary way; and that such Teacher was not compelled to discontinue his or her School on account of any improper conduct.
CHAS. P. WETMORE, Clerk.

CURES FOR THE UNCURED.
Holloway's Ointment.
AN EXTRAORDINARY CURE.
Extract of a Letter from Mr. J. H. Alday, 209, High Street, Chesham, dated the 21st of January, 1850.
To PROSPECT HOLLOWAY.
-Sir, My eldest son, when about three years of age, was afflicted with a Gonorrhoea, which was attended with a great swelling in the neck, which after a short time broke out into an Ulcer. An eminent medical man pronounced it a very bad case of Gonorrhoea, and predicted for a considerable time without effect. The disease then for four years went on gradually increasing in violence, when he broke the ulcer in the neck, and then formed below the left knee, and a third ulcer on the eye, besides seven others on the left arm with a tumour between the eyes, which was attended with a great deal of pain, and prevented him from attending to his school. The constant advice of the most celebrated medical Gentlemen at Chesham, besides being for several months at the General Hospital, where one of the surgeons said that he would amputate the left arm, but that he had no chance of his recovery, and that he would be taken off if he were then even impossible to cure the disease. In this desperate state I determined to give your Pills and Ointment a trial, and after two months perseverance in their use, the tumour gradually began to disappear, and the discharge from all the ulcers perceptibly decreased, and at the expiration of eight months they were perfectly healed, and the boy thoroughly restored to the blessings of health, to the astonishment of a large circle of acquaintances, who could testify to the truth of this miraculous cure. Three years have now elapsed without any recurrence of the malady, and this boy is now as healthy as the day he was born. Under these circumstances, I consider that I should be truly grateful were I not to make you acquainted with this wonderful cure, effected by your medicinal ointment every other means had failed. (Signed) J. H. ALDAY.
CURE OF A LITTLE CHILD OF FOUR YEARS OF AGE.
Extract of a Letter from Mr. John Pitt, Dudley, dated 12th Jan., 1850.
To PROSPECT HOLLOWAY.
-Sir, It is with the greatest pleasure that I write to thank you for the benefit I have received from your Pills and Ointment, which have completely cured me of the Rheumatism, which I suffered for this last four years, at times I was so bad as to be unable to walk. I had tried every kind of Medicine that was recommended without receiving any benefit. I at last thought I could give your medicine a trial, and purchased from Mr. Holloway, two Boxes of Pills and Ointment, and in three weeks through them and the blessing of God, I was restored to health and am now as well as ever. I was in my life. I am well & am in this parish, having been a five years in it, with an exception of ten years I served in the 24th Regiment of Foot.
JOHN PITT
CURE OF A BAD LEG OF SIXTY YEARS STANDING.
-Sir, I am a poor old man, 60 years of age, near 60, and when I was 12 years of age, I was bitten by a dog, and although I was eighteen months of age, and although for many years I had sought the best advice in the country, nothing was found to cure them. I was often suffered most excruciating pain for long periods together, which I experienced from attending to his condition. He had given up all hopes of getting a cure, when at last he was persuaded to try Holloway's Pills and Ointment, which he did, and however wonderful it may appear, the leg was thoroughly healed, and after his leg was well, he has become in health and hearty as now to be more active than most men of 50.
-Sir, The truth of this extraordinary statement can be verified by Mr. J. C. Reinhardt, 22, Market Place Hall, February 25th, 1850.
CURE OF A DEEPERATE CASE OF KING WORM OF 3 YEARS STANDING.
-Lima, 12th of November, 1849.
One of the most eminent Surgeons in Lima (the Capital of Peru) had a case covered with Ring Worm, more than 6 years, in which he exhausted all his art in his endeavours to effect a cure. Not succeeding, he consulted among his brethren, and most celebrated medical practitioners of the City, but nothing was found to do the child better. When he was persuaded by Mr. Joseph P. H., of the English Channel and Druggist, residing at No. 24, Calle de Palacio, to try Holloway's Pills and Ointment, which was done, and after using six Boxes of the Ointment, the Ring Worm of the Pills, the child was radically cured, to the surprise of the whole medical profession. The name of the parent, from motives of decency, is withheld.
The Pills should be used conjointly with the Ointment in most of the following cases:-
Bad Legs, Bad Breasts, Bores, Blisters, Bites of Insects, and Scalds, Burns, Foul Cuts, Gout, Venereal Sores, Itching, Piles, Rheumatism, Scalds, Skin Itches, Chaps, Chills, Chapped Hands, Corns (soft) Cancers, Contracted & Suppurated, Elephantiasis, Scars, Skin Diseases, Cures, Sore Heads, Tumours, Ulcers, Wounds, &c.
Sold by the Proprietor, 24, Strand, near Temple Bar, London, and by all respectable Vendors of Patent Medicines throughout the civilized World, in Pot or Box, at 1/- 2/- 4/- 6/- 12/- 24/- and 36/- each. There is a very considerable saving in taking the larger sizes.
N.B. Directions for the guidance of Patients are affixed to each Pot or Box.
O'DELL & TURNER, St. Andrews.
Whole-sale Agents for Charlotte County, CAULIHON & Co. are Genuine Dealers in the words "Holloway's Pills and Ointment, London" are engraved on the Government Stamp, pasted on every Pot and Box; with the same words written in the water-mark of the Box of directions wrapped round the medicines.
Should unsolicited Vendors recommend parties asking for Holloway's Pills and Ointment not to buy them, but to take something else in their stead, they do so only for the purpose of getting a greater profit by what they wish them to purchase.

W. McLEAN.

THE FARMER'S GUIDE TO Scientific and Practical Agriculture. BY HENRY STEPHENS, F.R.S.E., Author of the "Book of the Farm," Editor of the "Quarterly Journal of Agriculture," &c., &c.
Assisted by JOHN P. NORRIS, M.A., Professor of Scientific Agriculture in Yale College, New Haven, Author of Agricultural Prize Essays, &c., &c.
This highly valuable work will comprise two large royal octavo volumes, containing over 1400 pages, 18 or 20 splendid wood engravings, and more than 600 engravings of wood, in the highest style of the art, illustrating almost every implement of husbandry now in use by the best farmers, the best methods of ploughing, planting, sowing, harvesting, &c., &c., and the various domestic animals in their highest perfection; in short, the pictorial feature of the book is unique, and will render it of incalculable value to the student of agriculture.
This great work is the joint production of two of the most talented agriculturists and scientists of the day; the one eminent as an author and editor in Great Britain, and the other as a Professor in Yale College. Both are eminently practical as well as scientific men, and all they say may be relied on as the result of profound research, test and sustained by practical experience. The contributions of Professor Norris are chiefly designed to supply the British portion of the book to this country, and thus to make it an Anglo-American work, giving to its readers all the really useful agricultural knowledge at present attainable in either country.
The work is divided into four departments distinguished by the four seasons of the year, commencing with Winter, and Professor Norris's notes will be published in an appendix to each part. The first chapter treats of the following subjects, under the head of INTRODUCTION.
On the best of the existing Methods for acquiring a thorough knowledge of Practical Husbandry.
On the Difficulties to be encountered in learning Practical Husbandry, and on the Means of overcoming them.
On the Different kinds of Farming.
On the Persons required to Conduct and Execute the Labor of the Farm.
On the Branches of Science most applicable to Agriculture.
On the Institutions of Education best suited to Agricultural Science.
On the evils attending the neglect of Landowners and others to learn practical Agriculture.
On observing the details and recording the facts of Farming in the Agricultural Statistics.
Terms of the Work.-The American edition, the first number of which is already issued, will be published in semi-monthly numbers, 31 pages with an English serial engraving each number, of which there will be about 22 in all. Price, 25 CENTS per Number, or \$5.00 per Volume.
Three Copies will be sent to one address for \$15.50 copies for 18. Cash in advance to be remitted direct to the Publishers, and not through Agents.
LEONARD SCOTT & CO., Publishers, 79 Fulton Street, Entrance 54 Gold Street, New York.

TO LET.
