

## HEALTH RESTORED!!

### HOLLOWAY'S PILLS.

Surprising Cure of a confirmed Asthma, after five years' suffering. The following testimonial has been sent to Professor Holloway, by a Gentleman named Middleton, of Scotland-road, Liverpool.

SIR,—Your Pills have been the means, under Providence, of restoring me to sound health, after five years of a severe affliction. During the whole of that period I suffered the most dreadful attacks of Asthma, frequently of several weeks duration, attended with a violent cough, and continual spitting of phlegm intermixed with blood. This so shook my constitution that I was unfitted for any of the active duties of life. I was attended by some of the most eminent medical men of distinction, but they failed to give me the slightest relief. As a last remedy I tried your Pills, and in about three months they effected a perfect cure of the disease; totally eradicated the cough, and restored tone and vigour to the chest and digestive organs. I am, Sir, your obedient servant.

(Signed) H. MIDDLETON.  
Dated Jan. 1st, 1853.

### A Permanent Cure of a Diseased Liver, of many years duration.

Copy of a letter from Mr. Gamis, Chemist, Yeovil, to Professor Holloway.

Dear Sir,—In this district your Pills command a more extensive sale than any other proprietary medicine before the public. As a proof of their efficacy in Liver and Bilious Complaints I may mention the following case. A lady of this town with whom I am personally acquainted, for years was a severe sufferer from disease of the Liver and digestive organs; her medical attendant assured her that she could do nothing to relieve her sufferings, and it was not likely she could survive many months. This announcement naturally caused great alarm among her friends and relations, and they induced her to make a trial of your Pills, which so improved her general health that she was induced to continue them until she received a perfect cure. This is twelve months ago, and she has not experienced any symptoms of relapse, and often declares that your Pills have been the means of saving her life.

I remain, dear Sir, yours truly.

(Signed) J. GAMIS.  
Nov. 22, 1852.

### An astonishing Cure of Chronic Rheumatism, after being discharged from the Hospital incurable.

Copy of a letter from Mr. W. Moon, of the Square, Winchester.

To Professor Holloway,

SIR,—I beg to inform you that for years I was a sufferer from Chronic Rheumatism, and was often laid up for weeks together by its severe and painful attacks. I tried every thing that was recommended, and was attended by one of the most eminent surgeons in this town but obtained no relief whatever, and fearing that my health would be entirely broken up, I was induced to go into our County Hospital, where I had the best medical treatment the institution afforded, all of which proved of no avail, and I came out no better than I went in. I was then advised to try your Pills, and by persevering with them was perfectly cured, and enabled to resume my occupation, and although a considerable period has elapsed, I have felt no return whatever of the complaint.

I am, Sir, your obliged servant.

(Signed) W. MOON.  
Oct 6, 1852.

### An extraordinary Cure of Dropsy, after suffering for eighteen months.

Copy of a letter from Mr. G. Briggs, Chemist, Goole, dated February 15th, 1853.

To Professor Holloway,

SIR,—I have much pleasure in informing you of a most surprising cure of Dropsy recently effected by your valuable medicines. Captain Jackson of this place was afflicted with Dropsy for upwards of eighteen months, to such an extent that it caused his body and limbs to be much swollen, and water oozed as it were from his skin, so that a daily change of apparel became necessary. Notwithstanding the various remedies tried, and the different medical men consulted, all was of no avail until he commenced using your Pills, by which, and a strict attention to the printed directions, he was effectually cured, and his health perfectly reestablished. If you deem this worthy of publicity, you are at liberty to use it.

I am, Sir, yours respectfully.

(Signed) G. BRIGGS.

These celebrated Pills are wonderfully efficacious in the following complaints:

- |                            |                          |
|----------------------------|--------------------------|
| Ague                       | Jaundice                 |
| Asthma                     | Liver complaints         |
| Bilious complaints         | Lumbago                  |
| Bleaches on the skin       | Phlegm                   |
| Bowel complaints           | Rheumatism               |
| Colic                      | Retention of Urine       |
| Constipation of the bowels | Sciatica, or King's Evil |
| Consumption                | Sore Throat              |
| Debility                   | Stone and Gravel         |
| Dropsy                     | Secondary symptoms       |
| Dysentery                  | To Dizziness             |
| Erysipelas                 | Tumours                  |
| Female Irregularities      | Ulcers                   |
| Fever of all kinds         | Venerical Affections     |
| Fits                       | Worms of all kinds       |

Gout, Head-ache, Indigestion, Inflammation, Weakness, from whatever cause &c. &c.

By JOHN TAYLOR & CO. OF LONDON, THE LIFE AND TIMES OF THE LATE

Duke of Wellington.

By Lieut. Col. Williams & Co. (Publishers of this Great)

Comprising the Campaigns and Battle Fields of Wellington and his Contemporaries, and a detailed account of England's Battles by Sea and Land from the commencement of the Great French Revolution to the present time, interspersed with Anecdotes, Personal Incidents, and Adventures, &c.

ADDRESS.

The earthly career of Arthur Duke Wellington has closed; one of the greatest men of the nineteenth century, the foremost military commander of any age has paid the debt of nature. The time has now arrived for giving to the world a History of the Great Captain—the Events of his Life and Time—a life marked by patriotism, probity and honour, and events the greatest which have ever agitated the civilized world, and whose influence will be felt upon society till the end of time. Such a work must appeal to the best and proudest feelings in the heart of every Briton—the glory of his country, the honour of its name and position among the nations—may his own existence as a freeman, as a recorder and engraver in the annals of the "well fought fields," and the deadly imminent breaches, the immortal battles and the glorious sieges in which Wellington and his Companions-in-arms gathered undimmed laurels, placed their country's honour and renown on the highest pinnacle of fame and glory, and tore the victor's wreath from the brows of heroes decorated with the trophies of Italy, Egypt, and Germany.

To supply such a desideratum in English literature, the publishers of The Life and Times of the Duke of Wellington have determined to produce a book which shall present to the reader, not only the dry details which a mere biographical sketch would afford, but a comprehensive history of the period; exhibiting the circumstances which brought about the great events in which the Duke and his contemporaries were engaged, and giving to the reader a connected narrative of the lives and actions of the Warriors and Statesmen of the nineteenth century; and thus form the pen of one who was a companion in arms of the great hero, and participated with him in many a well fought field.

In order to carry out their views, the Publishers have determined that the work shall be profusely illustrated by Portraits of the Warriors and Statesmen of the last half century who have shed a lustre upon the history of their country; also representations of the most important engagements by sea and land from the period of 1780 till 1852; so that the work, when finished, shall form an Illustrated Gallery of the Naval and Military Exploits of England.

It has been well said, "Character is the true strength of nations; true glory their best inheritance. When the time shall come that the British heart no longer thrill at the names of Cressy, Poitiers, Agincourt, Blenheim, Ramillies, Oudenard, Malplaque; of Talavera, Salamanca, Toussaint, Waterloo—the last hour of the British Empire will be struck." The promotion and elevation of national spirit and feeling is therefore the duty and interest of every true and loyal son of England. May Heaven inspire the hearts of every one of us with that spirit and feeling.

Conditions of Publication.—The work will be issued on the 1st and 15th of every month, in Parts at 1s. 3d. and Divisions handsomely bound at 9s. 4d. printed on Imperial 8vo double columns, each part will be embellished by two highly finished steel Engravings, and will contain 32 pages of letter press. A beautiful steel Engraving 13 by 19 inches, the storming of Seringapatam, the first victory in which the late Duke of Wellington was engaged in India, is given to every subscriber to the work.

## AYER'S PILLS.

A cure of all Bilious diseases—Constipation, Indigestion, Jaundice, Dropsy, Rheumatism, Fever, Gout, Humors, Nervousness, Irritability, Inflammations, Headache, Pains in the Breast, Side, Back, and Limbs, Female complaints, &c. &c. Indeed, very few are the diseases in which a Purgative Medicine is not more or less required, and much sickness and suffering might be prevented, if a harmless and efficient Cathartic were more freely used.

No person can feel well while a clogged habit of body prevails; besides it soon generates serious and often fatal diseases, which might have been avoided by the timely and judicious use of a good purgative.

This is alike true of Colds, Fevers, symptoms, and Bilious derangements. They all tend to become or produce the deep seated and formidable disorders which lead the human race to the grave. Hence a purely family remedy of the first importance to the public health, and this Pill has been perfected with consummate skill to meet that demand.

An extensive trial of the virtues by Physicians, Professors, and Publics, has shown results surpassing anything hitherto known of any medicine. Cures have been effected beyond what were not substantiated by persons of such exalted position and character as to forbid the suspicion of partiality.

Among the eminent gentlemen to whom we are allowed to refer for these facts, are

THOMAS VALENTINE MORRIS, the distinguished Surgeon of Boston, and Oculist for the State of Massachusetts.

DR. A. A. HAYES, Practical Chemist of the Port of Boston, and Oculist for the State of Massachusetts.

DR. L. MOORE, M. D., an eminent Surgeon and Physician, of the City of Lowell, who has long used this medicine with the most successful results.

H. C. SOUTHWICK, Esq., one of the first merchants in New York City.

C. A. DAVIS, M. D., Surgeon and Surgeon of the United States Marine Hospital, at Chelsea, Mass.

These facts permit, we could give many hundred such names, from all parts where the Pills have been used, but evidence even more convincing than the certificates of these eminent public men is shown in their effects upon trials.

These Pills, the result of long investigation and study, are offered to the public as the best and most complete which the present state of medical science can afford. They are compounded of the drugs themselves, but of the medicinal virtues of Vegetable remedies, extracted by chemical process, in a state of purity and combined together in such a manner as to insure the best results. This system of composition for medicines has been found in the Cherry Pectoral and Pills both, to produce a more efficient remedy than had hitherto been obtained by any process. The reason is perfectly obvious. While by the old mode of composition, every medicine is burdened with more or less of acrimony and injurious qualities, by this, each individual virtue only that is desired for the curative effect is present. All the inert and obnoxious qualities of each substance employed are left behind; the curative virtues only being retained. Hence it is self-evident the effect should prove as they have proved more purely remedial, and the Pills a more powerful antidote to disease than any other medicine known to the world.

As it is frequently expedient that my medicine should be taken under the counsel of an attending Physician, and as he could not properly judge of a remedy without knowing its composition, we have supplied the accurate Formula by which both my Pectoral and Pills are made to the whole body of Practitioners in the United States and British American Provinces. If however there should be any one who has not received them, they will be sent by mail on application.

Of all the Patent Medicines that are offered, how few would be taken if their composition was known; their life consists in their mystery. I have no mystery.

The composition of my preparations is laid open to all men, and all who are competent to judge on the subject, freely acknowledge their convictions of their intrinsic merits. The Cherry Pectoral was pronounced by scientific men to be a wonderful medicine before its effects were known. Many eminent Physicians have declared the same thing of my Pills, and even more confidently, and are willing to certify that their anticipations were more than realized by their effects upon trials.

They operate by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action. They remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by keeping them wherever they exist such derangements as are the first origin of disease.

Being sugar wrapped they are pleasant to take, and being purely remedial, no harm can arise from their use in any quantity.

For minute directions, see the wrapper on each box.

Prepared by JAMES C. AYER, Practical and Analytical Chemist, Lowell, Mass.

Farm for Sale.

The Subscriber offers for sale a valuable Farm, situated on Murphy's Ridge, Parish of St. Patrick, formerly known as the Wilson farm, and adjoining E. McElroy's, containing 60 Acres more or less, about 8 acres of which are cleared, and under cultivation, and cuts 4 tons of hay. On the premises are a frame House and log Barn—the land contains a good growth of hard and softwood mixed. If not disposed of previous to the 10th April next, it will be sold at Public Auction, in St. Andrews.

## THE ALL-HEALING REMEDY!!!

### Holloway's Ointment.

A most astonishing cure of Scrofulous Ulcers—a case certified by the Mayor of Boston.

Copy of a letter from J. Noble, Esq., Mayor of Boston, Lincolnshire.

To Professor Holloway,

Dear Sir,—Mrs. Sarah Dixon, of Ligon-

pond street, Boston, has this day deposed

before me, that for a considerable time she

was severely afflicted with Scrofulous Sores

and Ulcers in her arms, feet, legs, and other

parts of her body; and although the first

of medical advice was obtained, at the cost

of a large sum of money, she obtained no

relief of suffering, but gradually grew

worse.

Being recommended by a friend to try

your Ointment, she procured a small pot,

and a box of the Pills, and before that was

applied, experienced a remarkable improve-

ment in her general health, and was able to

eat and sleep, and to attend to her usual

duties, and, after using your Ointment and

Pills, she was perfectly cured, and now

enjoys the best of health.

I remain, dear Sir, your truly,

(Signed) J. NOBLE.

Dated August 12th, 1852.

An extraordinary and rapid cure of Erysip-

elas in the leg, after medical aid had

failed.

Copy of a letter from Mrs. Elizabeth Yeates,

of the Post Office, Alcock Road, near

Bognor, Sussex, dated Jan. 12th, 1853.

To Professor Holloway,

Sir,—I suffered for a considerable period

from a severe attack of Erysipelas, which

at length settled in my leg, and resisted all

medical treatment. My sufferings were

very great, and I quite despaired of any

permanent relief, when I was advised to have

recourse to your Ointment and Pills. I did

so without delay, and am happy to say the

result was eminently successful, for they

effected a radical cure of my leg, and re-

stored me to the enjoyment of health. I

shall ever speak with the utmost confidence

of your medicines, and have recommended

them to others in the neighbourhood simi-

larly afflicted, who derived quick benefit.

I am, Sir, your obliged and faithful servant,

(Signed) ELIZABETH YEATES.

A dreadfully diseased Ankle cured after

being given up by the Faculty at Malta

and Portsmouth Hospitals.

The following important communication

has been forwarded to Professor Holloway

for publication, by Mr. B. Dixon, Chem-

ist, King St. Norwich.

Copy of a letter from Captain Smith, of

Great Yarmouth, dated January 19, 1853.

To Mr. Dixon,

Dear Sir,—I send you the particulars of

a cure effected by Professor Holloway's

valuable medicines.—Mr. John Walton,

late in Her Majesty's Service, in the British

fleet at Malta, had a very bad ulcerated

ankle, and after being in the Malta Hospital

for six months, was sent to England as an

invalid to Portsmouth Hospital, where he

remained an inmate four months, there, as

at Malta, refusing to have the limb amputat-

ed, he was turned out incurable. By then

came to Yarmouth, and was under a medi-

cal gentleman for about three months but

his ankle became so much worse that all

hope was lost. At this period, by my advice

he tried Holloway's Ointment and Pills,

which by unremitting application, healed

all the ulcers, and restored him to per-

fect health and strength.

I remain, dear Sir, your very truly,

(Signed) JOHN SMITH.

Albert Hotel, Great Yarmouth.

Surprising cure of a bad Breast, Nervous

Debility, and general ill health.

Copy of a letter from Mr. T. F. Ker, Chem-

ist, &c., Lower Moss lane, Manchester,

dated Feb'y 12th, 1853.

To Professor Holloway,

Dear Sir,—I have great pleasure in for-

warding to you the particulars of a very

extraordinary cure of a bad breast, effected

solely by the use of your celebrated Oint-

ment and Pills. Mrs. Maria Bell, of Pitt-

street, in this town, had been for a con-

siderable time labouring under nervous debi-

lity, loss of appetite, and general ill health,

occasioned by ulcerated wounds in the

breast. She had much experience in the

use of all the known remedies for the cure

of ulcers, but without any beneficial result,

in fact she had nearly lost all faith and

hope of a cure being effected. In this dis-

treasing and painful condition of body and

mind, she was persuaded to have recourse

to your invaluable Ointment and Pills,

which she immediately did, and in the

course of a very short time the effect

produced was most astonishing; her appetite

was speedily improved, the sores and ulcers

in the breast gradually healed, and the

nervous excitement of her system was

wholly removed.

I remain, dear Sir, your faithfully,

(Signed) T. FORSTER KER.

The Pills should be used conjointly with the

Ointment in most of the following cases:

- |                    |                      |
|--------------------|----------------------|
| Bad Legs           | Chieftain's          |
| Bad Breasts        | Chilblains           |
| Burns              | Chopped hands        |
| Danions            | Corns (soft)         |
| Bite of Mosquitoes | Cancers              |
| and Sand Flies     | Contracted and Stiff |
| Coco-bay           | Joints               |
| Elephantiasis      | Fistulas             |
| Gout               | Glandular Swelling   |
| Scoury             | Lambs                |
| Sore Heads         | Piles                |
| Tumours            | Rheumatism           |

Ulcers, Wounds, Scalds, Sore N
