The Weekly Monitor.

WEDNESDAY, APRIL 15th, 1885.

— At the risk of being sat upon by some of our contemporaries we beg to inform our readers that the "exodus" of our young men and women has commenced to the United States. Every Wednesday they go by hundreds, and on other bost days in lesser numbers. All up and down the line of railway, the troubles in the North West and the call for the country regiments has undoubtedly hastened many young men away, that they may escape the call to arms. It is laughable and lamentable also, to see the men, who, by joining the militia, accepting the pay, and wearing the uniform, have bound themselves in all honor to stand by the country when called upon, running away at the first intimation of danger. We hear it said that it is hard to be sent away out in the North West to fight half-breeds and Indians; so it is, but a soldier's duty is to obey, and those who joined the militia should have considered before doing so, the possible contingency of war. If the call comes for the 69th regiment, it would be well for those composing the regiment to understand that, if able-bodied, all who do not respond to the call will be considered as deserters, and treated as such we suppose.

—The *Critic* of Halifax has introduced a new feature in its advertising columns, intended to be, we suppose, a directory of the principal firms in the in all the important towns in the Province. It is somewhat amusing, however, to glance over the list that is given for Bridgetown. We feel curious to know from whence our contemporary derived his information. Some of our largest establishments are not mentioned at all, while three or four of those named are not now doing business, and one name given is that of a store keeper who has never done business here. We shall endeavor to give a full list of parties doing business in the town in our next issue, and from this the *Critic* can make the necessary additions and corrections.

— The MONITOR enters upon the 13th year of its history to-day. Six years ago the present proprietor assumed proprietorship, and during that time, the paper has been once enlarged, an exchange made from a small for a large hand press, and a few months ago was added a splendid Acme Cylinder Power Press. We have also added a caloric engine, and a paper cutter, besides many fonts of new type. Our circulation in the six years has nearly doubled, and is steadily increasing. We thank our patrons for their cordial support, and trust that our friendly relations will be long continued. "Excelsior" is our motto, and we shall always endeavor to merit what we claim.

THOSE CUSTOM DETECTIVES.—The Yarmouth *Herald* says:—

"Despatches from Ottawa of the 2nd inst., state that, in reply to Mr. Forbes, of Queens, Mr. Bowell, Minister of Customs, denied that any Customs detectives were employed by the Government in Nova Scotia. The movements of the "detectives" in this Province that were published in the newspapers, were quite notorious, and if they were imposters or frauds, it is astonishing that they were permitted so long to pursue their work. They should have been arrested and punished for obtaining money under false pretences. We understand they were well known, one of them being a resident of St. John. The matter surely demands investigation on the part of the Government, if Mr. Bowell's statement be correct."

We fully agree with our contemporary that there is necessity for a thorough investigation in this matter.

—Hon Mr. Fielding, introduced his franchise bill into the local house on Friday last. The *Chronicle* in giving a summary of the proposed bill says:—

If the bill becomes law in its present shape the franchise will be enjoyed by the following classes of men, the pre-requisities of age and allegiance being understood:

1. Those assessed for $150 realty.
2. Those assessed for $300 personalty, or realty and personalty together.
3. Those possessing either of the above qualifications at the time of the assessment but not assessed.
4. Yearly tenants at the time of the assessment of realty worth $150 or realty that when added to their personalty equals $300.
5. As many of the sons of any qualified elector, or of any widow, as the property of the elector or widow if divided, would qualify, the supposed division in the case of the elector being made between himself and his sons in order of their ages, and in case of the widow among the sons.
6. As many of the owners of joint property as, when apportioned among them to the best of the assessors' judgment, it will give a qualifying interest to.

The bill passed its first reading by a vote of 24 to 9 on Monday night, after a very exhaustive debate.

LOVE OF COUNTRY.—We are in receipt of a little pamphlet entitled "Love of Country," a lecture delivered by Hon. Donald Ferguson, Prov. Secty. of P.E. Island, before the Benevolent Irish Society, Charlottetown. We are free to say that it is one of the finest efforts upon the subject with which it has been our fortune to meet. It has been perused with great pleasure, and we advise all our readers to secure a copy. The lecture abounds in many charming selections from Hood, Burns, Montgomery, Sir Thomas Moore, Sheridan Knowles, Sir Walter Scott, and others among the front rank of poets, and the lecturer also pays a fitting tribute to the power of the poets' muse in cherishing and prompting the cause of patriotism.

WELCOME SPRING.—The weather during the past ten days as a whole has been very pleasant and spring like. Robins and other small birds make the early mornings vocal with their music. The snow is disappearing just fast enough to prevent bad freshets. On Sunday last Jack Frost was compelled to loosen his fetters, with which he has so long held imprisoned the rushing tide of our river. Navigation is now open, and in a short time there will scarcely be a vestige of ice remaining on the banks of the river, and the waters will assume the yellowish appearance indicative of the ingredients held in suspension so valuable to our agriculturists. Our muddy, swift flowing river will not bear close inspection from those who are seeking for the beautiful, but as a source of wealth to the County it surpasses many that are twice as pretentious.

—Under date of March 26th, we have received from London, Messrs. Keeling & Hunt's catalogue of sale of apples ex Caledonia and a few ex Newcastle City. Nonpareils average over 21s., the sales being chiefly confined to this variety. A few lots of Baldwins were offered but brought low prices. We noticed that in the sale of Boston apples, a number of lots of Russetts were offered, but the very highest prices realized were 14s and 14s. 6d.

—Granulated sugar sold in New York, Wednesday, at 5 94-100 cents per pound — the lowest ever known. Molasses (60 test) was 18 cents per gallon.

—At the recent drawing of the Lynn, Mass., Grand Army Fair, Mrs. Coburn, of Liverpool, N. S., drew a prize of $2,500.

EXTENSIVE FIRE AT ANNAPOLIS.

TUESDAY, 14th APRIL.

At 4.40 this morning, fire was discovered in the warehouse belonging to the estate of A. W. Corbitt & Son, situated in the immediate rear of the Dominion Hotel and the large building owned by Aug. Fullerton and used as a Music Hall, Custom House, a store (occupied by Sanford Bishop,) and tenement. The fire had gained strong head way when first observed, and it was at once seen that a disastrous fire was inevitable. From the warehouse, the fire spread to King's stable, upon one side, and upon the other to the rear of the Music Hall, and rear buildings connected with the Dominion Hotel property, which consists of two houses detatched by a narrow ground passage, but connected by a covered passage from the second story. Notwithstanding the strenuous exertions of the fire brigade, the flames spread, and as many as five buildings were ablaze at once, and several roofs of houses some distance away were ignited by flying cinders; but the people turned out *en masse*, and with buckets carried water, and bravely fought the flames.

The main hotel building is saved in a completely gutted condition. The buildings totally destroyed, are the warehouse where the fire started, King's stable and an adjoining shed, the music hall and custom house, the south hotel building, the hotel barn and outbuildings.

Insurance about as follows: Hotel property and furniture, in all $6,400; Fullerton's buildings $3,500; King's, not insured; Corbitt's buildings, insured a small sum.

After the fire was supposed to be under control, the cellar under the main hotel, was found to be a raging mass of flames, but how it caught appears unexplainable, as there seems to be no open connection existing between it and the other burning parts. With the fire raging underneath and the adjoining one only a few feet distant, it rendered the feat of saving the main hotel and confining the fire to its present limits, a remarkable deed of pluck and skill on the part of the fire brigade and the volunteered assistance of the town's people. Providentially there was no wind, or it would have taken the heart out of the town before it could be stopped. The station house was in great danger.

GRANVILLE FERRY.—New Caledonia Div. No. 14, presented Walter Mills, G. W. A., with a National Div. Regalia, on Monday evening, April 13th, in appreciation of faithful services for 33 years in the Temperance cause.

— A social was held on Friday evening, April 3rd, at the residence of Robert Halliday, Esq., Lower Granville. The bad state of the roads prevented many from attending. Amount realized about $18.00, a donation for Rev. Mr. Tosier, second advent minister.

— It is said that four new dwelling houses are to be built at or near Granville Ferry this summer. Mr. Coleman has commenced getting the foundation of his ready. These will doubtless add much to our already beautiful village.

MELVERN SQUARE.—The *Sports Journal* says:—

Mr. Barss, the well known Freight Agent at Windsor, and his family, with Rev. Mr. Vidito and wife, are to move to Melvern Square to-day (Wednesday, for permanent residence. Mr. Barss' health has recently been very good, and the change is intended for his benefit. His obliging manners at the Station have made him many friends, who will all follow him with the very best wishes.

Kingston.

Owing to failures in 1882 and '83 business from that time to the present has been exceeding small. A. S. Fisher, the assignee of D. C. Conn & S. R. Thorpe bought out the latter estate and is conducting a general business.

Messrs. Reigh & Andrews commenced business about a year ago, and are working up a fine trade. They are quite conservative in their method of trading, buying goods only as needed, paying cash therefor, preferring a small stock of fresh, new goods to a large stock and proportionate amount of dead and shelf-worn.

Mr. Geo. Armstrong, of Wilmot, has bought the property formerly owned by Amos Burns, and is now engaged in moving. In connection with a general stock, he intends to make a specialty of flour and meal. He has been trading in various parts of Wilmot township, and is generally liked.

The hotel here will be unoccupied May 1st. Here is a good chance for the right party.

The lumbering interest has not been prosecuted with much vigor the past winter, owing to the depression in the lumber market. A few carloads have been shipped from here the past winter. Quite a large quantity of hemlock bark has been shipped, and more awaits shipment.

T. A. Fuller, Esq., burned several hundreds of thousands of brick last year, a large quantity of which are on hand.

Local and Other Matter.

— Our coasting schooners are being put into trim for their summer's work.

—Mr. S. B. Kinnear, of Middleton, a former officer of a Montreal regiment has notified the war authorities of his readiness for action whenever his services are required.

SEEDS.—J. E. DeWolf & Co., Kentville, have one car load seeds to sell. They are the only Seed House in the valley and handle all sorts of seeds at lowest rates. 2i

— An inmate of the Alms House was weighed in one of our stores one day last week, and turned the scales at 225 pounds. Yet "Digby Woman" thinks the bill of fare is not a very generous one.

BURGLARY.—Mr. W. J. St. Clair's store was broken into on Saturday last, by sneak theives, and some articles of small value taken therefrom. Entrance was effected through the cellar.

—Wm. M. Bath, blacksmith, of Paradise, has assigned to Mr. Arthur M. Brown for the benefit of his creditors.

ACCIDENT.—Last week Mr. James DeWitt, of this town, while endeavoring to separate two dogs that were fighting was bitten by one of them very severely in the hand. He was on a fishing trip, and the dog lacerated his hand so badly, that he fainted, and had to return home.

—A meeting of the officers of the 69th regiment was held at the Grand Central Hotel, on Monday last, to discuss the organizing of the 69th should it be called upon for active service.

—Work has been commenced or the alterations and additions to the Bridgetown school house. The contract for the work was taken by Mr. George Hoyt.

—The steamer Empress is again on the Bay Route between Annapolis, Digby, and St. John.

While in winter quarters, she was thoroughly overhauled, renovated and repainted, and is now as handsome and as comfortable a steamer as can be found anywhere in the Dominion.

ST. JOHN MARKETS.—Beef, 6½ to 11 cts.; mutton, 7 to 10 cts.; veal, 5 to 10 cts.; turkeys, 17 to 18 cts.; pork, 7 to 8 cts.; potatoes, 50 to 80 cts; parsnips, $2 to $2.20 per bbl.; cabbage, $1 per doz.; eggs, 20 to 25 cts. per doz.

—Timothy, Clover and Garden Seeds, at Shipley's. 1i

IMPROVEMENT.—The front of the Grand Central Hotel has been greatly improved by adding green shutters to the lower windows.

—Should any of our sportsmen readers desire to obtain a good serviceable trout rod, we would advise them to apply to Mr. John Hicks, of this town. We have been shown several, and found them to be well balanced and well made.

SHIPPING NOTES.—Schr. Ivica, Captain Longmire, has been thoroughly overhauled, and commences her season's trips between this port and St. John, to-morrow morning.

Schr. Watchman, Mitchel, is also lying at the warf ready for sea.

The steamship Azorian arrived at London from Annapolic, on the 12th. All well.

— It is said that the Windsor Cotton Factory is doing a first-class business, and that since its last annual statement it has reduced its liability $40,000 and is still on the same track with more orders than it can fill.

— W. H. Miller has just received an extensive stock of Wall Paper, prices from 6c to 75c per roll, also a splendid line of Mens and Boys Spring and Summer Hats, Diamond Dyes in great variety. Prices reasonable. 2i

PROPERTY CHANGES. — Zaccheus Phinney, of Granville, has sold his farm to —— Mack, of Queens Co. We understand the price was $8,000.

Michael Foster, of Granville, has sold his farm to Dr. Barnaby, of this town. Price $6,500.

Dr. Barnaby sold his property some time ago to Mr. Liddell, of Halifax. We welcome Mr. Liddell to our town.

— A large stock of Nails, Glass and Hardware, to arrive this week, and constantly kept for sale by R. Shipley, at very low rates. 1i

— From the Charlottetown P.E.I., *Herald*, we glean the following regarding Mr. L. B. Miller, whom we believe was once a resident of this County:—

"Previous to the closing of the Charlottetown Business College, for the Easter holidays, the students presented the Principal, Mr. L. B. Miller, with an address accompanied by a handsome gold ring. The address bore testimony to the high appreciation with which the students regarded Mr. Miller's labors, and to his uniform kindness and impartiality. In conclusion, the hearty good wishes of the students were extended to Mr. and Mrs. Miller."

— We think it is almost superfluous to call our reader's attention to Mr. J. W. Beckwith's mammoth advertisement of Spring and Summer Goods, as it cannot very well help being seen. Mr. Beckwith is a thorough believer in the virtue of printer's ink, and his large and rapidly increasing trade proves that although he annually spends a large sum in advertising that it pays when done systematically and truthfully. Mr. Beckwith makes it a point not to mislead in his advertisements, and he has therefore won the confidence of the public. Three or four years ago, he started in a small way, and now is one of the leading merchants of the town—none do a larger business. He is energetic and pushing and his store is a model of neatness. His present stock of goods is very large and complete, and the most fastidious taste can be satisfied.

— A Windsor correspondent says:—S. L. Saunders, fifth and youngest son of the late Major John Saunders, of Paradise, has gone to Halifax and enlisted as a private in the 66th Regiment, P. L. F., now ordered to the front. He inherits all his father's soldierly qualities and is eager for active service. Young and a stranger to all who are to be his comrades, he deserves credit for his pluck. We hope he may return to us safely, and if all the young men of his native country and province show as much courage and loyalty Canada may well be proud of her Nova Scotia boys.

N. S. FRUIT GROWERS ASSOCIATION.—The April meeting of the above Association will take place at Palmer's Hall, Kingston Station, on Tuesday, the 21st instant, at 2 o'clock and 7 o'clock, p. m. Several papers upon subjects relating to Horticulture are expected, and subjects of general interest to fruit growers will be discussed. All persons interested in the fruit culture are invited to attend, take part in the discussions, and become members of the Association. The W. & A. R. will return persons attending the meetings for one third fare on certificate from the Secretary.

GOOD NEWS.—Mr. Wm. McNeil, of Melvern Square, sends us the following interesting item, which will particularly interest our readers in the upper section of this County:—

In a letter, under date of March 11th, 1885, which I received from a gentleman in England, Rev. W. Rupert Cochran, of Langton Rectory, Lincolnshire, he says:—

"I expect, as I before stated, that there is every prospect of the copper deposits of Margaretville receiving the early attention of a rich English Company."

He had in previous correspondence referred to specimens of copper ores from the vicinity of Margaretville as being very rich, equal to pay five per cent, and stated that it was his intention to invest in shares.

PERSONALS.—We received a call yesterday from Mr. Wm. Cleveland, fourth son of Chas. Cleveland, formerly of this County, now of Brandon, Manitoba. Mr. Cleveland is looking well, and expresses himself as much pleased with the country of his adoption. He states that the reports in regard to the North West rebellion are greatly exaggerated. He expects to return home in about a fortnight's time.

Mr. James Hillis, proprietor of the Richmond Iron Foundry, was in town this week.

—We find the following in the Lynn, Mass., *Daily Evening Item*:—

"VALUABLE HORSE SOLD.—M. P. Longley has sold his wonderful fast Dr. Franklin gelding—*Albion, record* 2.33—*trial*, 2.23 1-4, for $4000. This horse is capable of beating 2.20, and is the most valuable horse ever sold in Lynn."

Mr. Longley is a son of Isaac Longley, Esq., of Paradise in this County. He is doing a good business in the mercantile line in Lynn.

— A Mahone Bay subscriber sends us the following, which will show the hearty good-will with which the rector of that parish, the Rev. Wm. H. Snyder, is treated. It would be fitting if congregations of all denominations in the country districts would treat their clergyman with the same cordial evidence of appreciation of their labors:—

"Knowing your readiness to publish in your widely circulated paper any and all items of interest which will provoke to good works I send you the following.

On Thursday, the 26th ult., a number of the friends and parishoners of our Rector, residing in Maitland, Martins River, Fauxbourg and other smaller sections of the Parish, hauled into his yard, as a free-will offering, forty-six loads of first class firewood, thereby making his mind perfectly easy as regards the supply of that very necessary article for the next two years.

Since the above date some thirty-five of those, who are not the fortunate possessors of either teams or woodland, have exercised their muscular powers and manifested their good will by preparing for the future the wood hauled by their brethern.

Such acts of kindness and generosity, deserve publicity, and most certainly will not go unrewarded by the Master whose servant has been so thoughtfully and so liberally remembered.

Special thanks are due to Henry Schnare Esq., (Vestry Clerk) who was chiefly instrumental in putting the ball in motion and for the timely and very efficient aid rendered by him in keeping it rolling."

—Found at last, a quality of White Lead equal to Brandram's. Painters say it is the best they have seen in the Province, for sale by R. Shipley. 1i

My sales have increased very largely, so much so in fact, as to encourage me to import the splendid and thoroughly assorted Stock, to which I now with unbounded confidence in my ability to meet your requirements, invite your inspection.

LADIES' DEPARTMENT:

DRESS GOODS!

In this department, my lady customers are aware that I have always in the past made it one of my chief objects to import such goods as will meet with their approval. I spare no pains in securing a thorough assortment, and this year my stock is larger and more complete than ever, as the requirements of my rapidly increasing trade, have made it necessary to thus increase my importations. Special attention is called to my display of **CASHMERES.** I would also solicit attention to the following:—

Redingote Cloths, German Mantelling,

Ottoman and Melton Cloths,

IN A VARIETY OF QUALITIES AND PRICES.

IN PRINTS!

I have as usual a fine assortment. Having sold 10,200 yards of Prints last year, it will give an idea of my trade in this department alone. Special attention is directed to a new style of American Prints, called "NANSOOK", in very delicate Shades.

25 PCS. LADIES' GINGHAMS, EXCELLENT PATTERNS,
