## THE BOY AND THE JOY

There are some facts here that may perhaps usefully be given publicity at this time when numbers of boys, having left school for various reasons, have begun their first year of work in office or shop or mill.

Swift & Company are among the United States corporations whose employees are numbered by the thousands. Mr. A. D. White, an expert at such work, is paid by the Swifts to compile statistics relating to their business and to examine the statistics and draw conclusions from them that may be taken as trustworthy. Mr. White having examined facts which he has compiled as to the efficiency of employees of his principals, recently reported that there are five major causes why a large percentage of the boys who are taken on the pay-roll are soon cut off; and these are the five:—

"Lack of a sense of responsibility. The boy neglects work and lets somebody else do all the worrying.  
"Unwillingness to work hard. The boy arrives late and leaves early, takes extra time at the lunch hour and wastes his employer's time in social and telephone conversations. He shirks hard or unpleasant tasks.  
"Lack of thoroughness. He is unwilling to master one thing well before going to another.  
"False notions as to salary and promotion. He does not realize the truth that the key to promotion is to do more than he is paid to do. Instead, he expects to be paid for more

than he does—which would ruin any worker.

"Lack of principle. This is shown by concealment of mistakes, untruthfulness, and constant making of excuses."

Many boys "make good." But reasons why many others do not "make good" are given frankly by Mr. White with brutal frankness, perhaps, to use rather a hackneyed phrase. What he declares out of his wide experience and knowledge is worth reading by every boy who is now on a pay-roll for the first time or is about to take a job. To read it is for a boy to put himself on guard against causes of future failure. Perhaps some people who have been on different pay-rolls from time to time might also take Mr. White's warning to heart with advantage to themselves."

## BERTRAM HARDWICK SUFFERS PAINFUL INJURIES

Annapolis Royal.—Bertram Hardwick, on Wednesday evening, while walking on the wharf which leads from his mill to the shore, fell thru an opening where a plank had previously been removed, to the rocks, receiving a deep cut on one ear and several lacerations about the face and head. Although badly bruised, we are glad to report no broken bones.

## OBITUARIES

Mrs. James Ritchie.

Annapolis Royal, N. S.—The community was shocked last evening to hear of the very sudden death of Mrs. James Ritchie at Lequille. The deceased had attended to her household duties as usual, but during Sunday afternoon was seized with an attack of acute indigestion, and after medical attention apparently rallied. In the evening she had another attack, and although Drs. Braine and Smith did everything possible to relieve her, she passed away after intense suffering.

Mrs. Ritchie, formerly Miss Annie Barteaux, was born at Moschelle forty-six years ago, and was the oldest daughter of the late Francis and Margaret (Harris) Barteaux. She is survived by her husband, four daughters: Mrs. Frank Williams, of Moschelle, and the Misses Frances, Myrtle and Muriel, at home, and one son, Malcolm, who lately returned from the Sanatorium at Kentville, and is still confined to his bed. She also leaves two sisters, Mrs. Arthur Cleaves, of Lequille, and Mrs. Joseph Burdell, of Lynn, Mass.; three brothers: Arthur, of Kentville, and Alfred and Guy, of Moschelle, and one grandchild, little Olive Williams.

To her family, who mourn the loss of a faithful and loving mother, the blow is a severe one, and many friends will hear of her death with deep regret.

Charles Herman Miller.

Interment of the ashes of Charles Herman Miller took place at the Riverside Cemetery on Sunday, Oct. 14th. A service was also held at the home in Clarence, and was conducted by Rev. A. J. Prosser.

Dr. Miller, a son of the late Wm. Miller, was a graduate of Acadia University, and of the College of Physicians and Surgeons, New York, and was for over thirty years a successful physician in Ashmont, Mass., where he filled a large place in the life of the community.

He is survived by a widow and three brothers: Robert Miller, D.D.S., of Ashmont; William, who has the home in Clarence, and Harris M. Miller, of Bridgetown.

## NOTED LECTURER AND AUTHORITY

Appears in Primrose Theatre Tomorrow (Thursday Night)

V. E. Taplin, who will lecture on Foot and Shoe problems and conduct the Style Show in the Primrose Theatre on Thursday night, is the pioneer of Corrective and Protective Footwear in Canada and is today accepted as the leading authority and advocate in the world on the subject.

The methods employed in his business are said to be years in advance of modern Shoe Fitting Methods. These will be demonstrated by him to all who call at Lloyd's Shoe Store Friday morning after the lecture. Mr. Taplin believes in fitting the foot in the proportion of the foot itself and provides nine (9) widths of shoes in all sizes for this purpose. Careful attention is given to all peculiarities of the structure of the foot, as well as to conditions of soreness, weakness, etc. The experience of Mr. Taplin has proven that there are very few feet beyond satisfactory repair, providing they are properly fitted in shoes possessing scientific lines.

"The Taplin Natural Tread Shoe" is the result of ten (10) years of specialization. It will be fitted and sold in Lloyd's Shoe Store commencing Friday morning after the lecture.

As Mr. Taplin is consulted by customers coming from coast to coast all those who are not perfectly satisfied with their present shoe service should consult him while he is here. Mr. Taplin had a capacity house at Yarmouth last Friday and fitted 88 customers the following day.—(Adv.)

## Sewing Circle Gossip

There was some discussion at the circle this week as to the length of time it takes to brew a good cup of tea. Some members said four minutes, others said six, but one speaker, a bride, said that she would tell the world she wasn't interested as to whether it took four or six. She then announced that at her house they drank nothing but LUXOR ORIENTAL COFFEE, and would not look at any other beverage.
