FIGHT IN INN; THEY DO.

Berlin—That bees may be relied upon to do the work of constables, and efficiently, was shown the other day at a village inn in Prussia. When a free-for-all fight developed among the patrons, with nature pugilists belaboring each other, the landlord, to save his tables and chairs from being smashed, rushed in and brought back a beehive. After putting on a mask he released the bees. The industrious insects did their work swiftly and thoroughly, and within a minute every one of the combatants had fled from the battlefield.

Nor was the fight resumed outdoors as the principals were too busy cooling inflamed portions of their anatomy.

HOW THE HOLIDAY WAS SPENT.

The holiday was spent quietly in town, some went on fishing parties, others on motor trip and others again remained at home and put in the finishing touches to garden planting. A baseball match was scheduled with Windsor and after the crowd waited an hour past time scheduled to play the game, one car arrived and the players. Later word came from Bedford to effect that the game containing other players had broken down. Then it began to rain. An endeavor is being made to have the game here today (Wednesday).

The Women's Missionary Society met on June 9th with Mrs. G. N. Banks. The afternoon's study was along the line of Home Missions, special attention being given to the local work of our province.
