## Notice to Breeders.

Mr. Henry Ames, of Litchfield, Minn., proprietor of Walnut Grove Stock and Dairy Farm, writes as follows: "I see in FARMING that you assist breeders of purebred stock in making sales. Would you also be so kind as to give me the price per head of a car of "grade" Holstein heifers from 4 to 8 months old, no "scallawags," but fine ones from good milking herds f.o.b. in Ontario."

Parties having animals for sale are respectfully requested to correspond with Mr. Ames.

## Secretary's Report

(Continued from April 11)

The last clause may seem rather stringent, but on the western ranches they wish none but spring calves, that they be as strong as possible before the cold weather sets in. They therefore do not wish to import bulls at any other time than in the spring. It is expected that a train load will be made up at that time and placed in charge of settlers going out to take up land.
