ALBERTS' Thomas-Phosphate Powder

Registered

Doubled the Grass Crop Three Tons to the Acre

Mr. Brunswick Price, Midland, Kings Co, N.B. writes under
date July 6th, 1898, that he used Alberts' Thomas-Phosphate Powder in the
fall of 1897 on new as well as old land, and that it doubled the crop of hay
and brought in the red and white clover to an amazing extent. His brother
also used it on a meadow as a top-dressing, and the yield is much in advance
of the land top-dressed with barnyard manure, and will weigh up three tons
to the acre.

Guaranteed free from Sulphuric Acid

Gives lasting results for several years. For fall wheat
apply before sowing the seed, or drill in with the seed
