"Mrs. Wilkinson had been suffering from Chronic Inflammation of the Bladder for several years. Had been treated by several city and country physicians without permanent benefit. Early last fall she came under my care, when I recommended her the Richelieu Renal Water. She had hardly used half the quantity ordered when she was completely cured. I must add that the result has been far more satisfactory than I anticipated."

ELECTRO SILVER PLATED WARE.

In no class of goods is it so necessary that buyers should ask for a well known make of goods than in Electro Plate. Dealers themselves are often imposed upon by the so called "Companies" that abound in these times, and the multitude of which no buyer can remember. Those who want reliable table-ware—SPOONS, FORKS, KNIVES, TEA SETS, CAKE-BASKETS CASTORS, PITCHERS, &c., should see that each article bears the stamp R. W. & Co., as all such are fully warranted, the 12 and 16 ounce spoons and forks are not surpassed, if equalled, in the world. Persons buying goods with the above stamp can rely on getting good value for their money—and they have as well the guarantee of an old established Canadian house. In answer to the inquiries of Trustees of Churches and ministers, we get up a triple Plate COMMUNION SERVICE for \$25.00, and the largest size for \$32.00. These can be ordered through any merchant, or failing this, remit P. O. direct to the house when the articles will be forwarded.

Dealers who may have been induced by travellers to select other Plate from picture books, are solicited to send—sample orders for these goods—once tried you will buy no other.
