Douglastown, Gaspé.

The Fathers who were giving the mission at Douglastown left on November 13th. On the 26th, the Reverend Duncan Gillis, P.P., writes as follows:—I have the pleasure to state that thirty-one circles of the League of the Sacred Heart are already established. All have taken the first and second degree, and a great many the third. The four schools are enrolled, consisting respectively of sixty, thirty, twenty-two and fourteen children. I expect to form two or three more circles in the more distant parts of the parish. The manner of circles is an efficacious means of maintaining the League. I hope through the beautiful devotion that the fruit of the mission will be everlasting.

Point St. Charles, Montreal.

The zealous Sisters of the Congregation of Notre Dame send in the following report of their newly established circle:—"The League of the Sacred Heart is established in our school, Our Lady of the Angels, Mullins Street. Sixty of our pupils were enrolled under the banner of the Sacred Heart, on the 26th of October, 1892, by Rev. Father Caron, C.S.S.R. The Treasury of Spiritual offerings and the Communion of Reparation are working hand in hand. The favors obtained through the Sacred Heart of Jesus are visible. All are more studious, pious and docile."
